The Last Entrepreneurs:

The Entrepreneurs Derek Lidow, 2022-09-28 Finalist 2023 George R Terry Book Award Academy of Management Entrepreneurs are among the primary shapers of our culture yet their role in driving progress and influencing society has often been overlooked As far back as we can trace human history there have been entrepreneurs Almost five millennia ago copper tool manufacturers set up a factory in what today is southwest Spain profiting for hundreds of years from trade around the Mediterranean Papyri document the diverse investments of an ancient Egyptian businessperson from grain yielding land to flax for linen cloth What do these figures have in common with renowned modern entrepreneurs and how do their similarities help us achieve a deeper understanding of entrepreneurship as well as the potential for a healthier wealthier and more equitable and sustainable future Derek Lidow delves into the deep history of innovation to deliver essential new insights into how entrepreneurs create value and bring about change Telling the captivating stories of people from many different cultures over thousands of years he shows how entrepreneurs transform the world through relentless innovation Lidow demonstrates that far from being heroic lone individuals they copy and then add to the inventions of others The cumulative innovations of swarms of entrepreneurs expand the scale scope and range of products and services Lidow emphasizes how entrepreneurship can harm society as well as benefit it and he underscores ways to mitigate its harmful side and harness its positive effects By highlighting the fundamental qualities of innovation throughout history this book provides indispensable new perspective on how it is shaping our present and future *United States Entrepreneurs and the Companies They Built* Wahib Nasrallah, 2003-08-30 This pioneering work provides an index to over 1 700 biographies of prominent U S entrepreneurs innovators and company executives published in over 120 biographical collected works which are identified examined and indexed here These collected works cover a span of over 100 years and include men and women who shaped the history of American enterprise In the past collected works such as these have never been indexed but finally this book makes the biographies accessible to the general public Wahib Nasrallah has created the only book available today that indexes these stories of corporate success as they are documented in collected works of biography A large number of executive biographies are published in collected works that are rich with stories of American enterprise male and female entrepreneurs of many ethnic backgrounds Since these stories have never been indexed before United States Entrepreneurs and the Companies They Built An Index to Biographies and Collected Works is a central research tool in both academic and corporate worlds The Last Entrepreneurs Robert Goodman, 1979 **Exploring the Latest Trends in Management Literature** Sudhir Rana, 2022-11-14 Exploring the Latest Trends in Management Literature presents cutting edge literature reviews on the emerging concepts theories and research trends across management disciplines **Hamburg's Entrepreneurial Ecosystem And The Next Media Initiative** Moritz Philip Recke, 2019-02-26 Entrepreneurship more specifically the formation of tech startups is often attributed with economic growth and job creation due to their high growth

potential by many policy makers around the world This link is widely debated in scientific literature which does not necessarily seem to inform public policy The City of Hamburg established a Next Media Initiative focusing on media and IT industry related innovation to nurture the future development of this industry cluster with the help of high growth ventures This master thesis explores the composition of Hamburg s entrepreneurial ecosystem local government efforts to facilitate its development and the disconnect between municipal innovation policy and academic literature The Market Economy as a Social System Hiroto Tsukada,2018-08-30 This book develops John Rawls s theory of justice by adding reality based analyses This is accomplished by answering the question of who makes rules and how and by providing new answers to three of today s most practical and critical issues The question of who and how makes rules is discussed first and group orientation instead of individualism and a balance of negotiating power instead of a veil of ignorance are presented as new answers to this question Based on this new understanding of rulemaking three important practical rules are subsequently discussed the rule of distribution of land and other natural resources including the question of natural talent or who should bear the costs of children s education the rule of distribution of products and what motives support our acts of kindness These rules are all dealt with from a shared perspective viewing society as a single integrated construct Equal distribution of land not private but public payment of education fees strengthening employees bargaining power and moving toward nobility based kindness are put forward as central answers By addressing critical questions on social rules and proposing answers this book provides reliable principles to fall back on in our daily lives and in our rapidly changing globalized world Handbook of Research on Entrepreneurship in the Contemporary Knowledge-Based Global Economy Baporikar, Neeta,2015-10-21 The rapid rise of knowledge based economies has revolutionized the perceptions and practices of globalized business Recent developments in engineering electronics and biotechnology have expanded the very definition of entrepreneurship in today s international market weaving discussions of enhanced connectivity and communication environmental sustainability and government policy changes into a complex multidimensional conversation The Handbook of Research on Entrepreneurship in the Contemporary Knowledge Based Global Economy provides a comprehensive survey of the most recent developments in the field of entrepreneurship highlighting their effects on information technology business networking knowledge production distribution and organization This timely publication features extensive coverage of the fast developing entrepreneurial field illuminating recent technological social and strategic innovations in language that is accessible for a worldwide audience of business educators researchers and students This authoritative text showcases research based articles on entrepreneurship for knowledge economies academic entrepreneurship women and entrepreneurship entrepreneurship education organizational learning ability innovations in industry agriculture and management and the evolution of a new all inclusive corporate culture **ECIE 2019 14th European Conference on Innovation and Entrepreneurship (2 vols)** Professor Panagiotis Liargovas,2019-09-19 **Entrepreneurial Strategic Decision-making** Patrick Alexander Maria

Vermeulen, Petru L. Curseurseu, 2010-01-01 This book is a commendable source of reference for entrepreneurship researchers. It offers insight into a number of focused research accounts that may assist other researchers in their entrepreneurship research proposals and execution. The literature review section will be of particular value to such early scholars of the field. The book is highly recommended for postgraduate entrepreneurship students and would be worthy of filling a space on any active entrepreneurship researcher's bookshelf. David Douglas International Journal of Entrepreneurial Behaviour and Research Strategic choices made by entrepreneurs have major consequences for SME performance. This book explores the factors that influence entrepreneurial strategic decisions using a cognitive theoretical framework. The proposed model based on a dual processing approach integrates motivation, emotions, and information processing modes and is tested in several empirical studies. The results show the model's potential for furthering interesting research agendas in entrepreneurial cognition research. The authors also reveal that entrepreneurial cognitions can be elicited and represented in the form of cognitive maps. The structural complexity of the cognitive maps (cognitive complexity) is an important prerequisite of effective strategic decisions and is a core concept for the advancement of our knowledge in entrepreneurial cognition. The book is an informed and interesting exploration of entrepreneurial cognition with both theoretical and methodological contributions to this field of research. Entrepreneurial Strategic Decision Making will be of great interest to undergraduate students and academics in the field of entrepreneurship. Policymakers will learn from this book to understand the distinctions between various types of entrepreneurial decision makers and the way they make strategic decisions. *Handbook of Research on Approaches to Alternative Entrepreneurship Opportunities* Dantas, José Guilherme Leitão, Carvalho, Luísa Cagica, 2020-02-25 In some cases, technology-based projects have revolutionized the way of living by contributing to job and wealth creation. These types of ventures, regardless of their outstanding relevance, are the exception rather than the norm in that they account for only a very small percentage of entrepreneurial activity. Although not ignoring these important ventures, the main goal of this title is to fully unleash the wide potential of the entrepreneurial activity, exploring and highlighting the somewhat hidden part which is ultimately responsible for the largest part of new businesses and, as a consequence, for the wellbeing of millions of people virtually everywhere. *The Handbook of Research on Approaches to Alternative Entrepreneurship Opportunities* is a collection of innovative research on the methods and applications of entrepreneurial activity beyond the traditional boundaries of entrepreneurship research. While highlighting topics including collective business, organizational performance, and generational differences, this book is ideally designed for entrepreneurs, developers, researchers, business managers, industry professionals, academicians, and students seeking to draw attention to distinctive and multifaceted types of entrepreneurship. **Societal Entrepreneurship and Competitiveness** Leo-Paul Dana, Vanessa Ratten, 2019-10-08 This edited book is an important contribution to entrepreneurship literature as it focuses on the sociological aspects of entrepreneurial behavior. The chapters encompass research on social and community-based
