**The Last Inca Revolt, 1780-1783** Lillian Estelle Fisher,1966 *The Last Inca Revolt, 1780-1783* Lillian Estelle Fisher,1966 *A World History of Tax Rebellions* David F. Burg,2004-06-01 *A World History of Tax Rebellions* is an exhaustive reference source for over 4 300 years of riots rebellions protests and war triggered by abusive taxation and tax collecting systems around the world Each of the chronologically arranged entries focuses on a specific historical event analyzing its roots and socio economic context **Death, Dismemberment, and Memory** Lyman L. Johnson,2004 The long history of the politically symbolic use of the bodies or body parts of martyred heroes in Latin America Resistance, Rebellion, and Consciousness in the Andean Peasant World, 18th to 20th Centuries Steve J. Stern,1987 The contributors historians and anthropologists from a number of countries move beyond the traditional structural analysis of society to a finer understanding of people as actors Native Andean initiatives and consciousness are clearly placed at the center of this inquiry which merges the best methods of history an anthropology Stern begins with a vigorously argued theoretical essay in which he identifies major findings and arguments running throughout the book demonstrates their pertinence to the more general field of peasant studies and draws out the implications for theory and method He reappraises the role of peasant consciousness and political horizons and the significance of ethnic factors in explaining peasant consciousness and revolt The case studies themselves revamp the history of Andean peasant rebellion and consciousness in Peru and Bolivia This is accomplished by studying violent uprisings as transitional moments within a long term trajectory embracing varied forms of resistance and by scrutinizing closely the ideological and cultural aspects of domination political legitimacy and rebellion The results sharply alter our understanding of three major historical problems the crisis of Spanish colonial rule and the outbreak of native Andean insurrection in the eighteenth century the response to peasants to creole wars and nation building efforts in the nineteenth century and the political strategies and dilemmas of Andean peasants in the context of populist and radical politics in the twentieth century *The Tupac Amaru Rebellion* Charles F. Walker,2014-04-08 Charles Walker examines the largest rebellion in the history of Spain s American empire led by Latin America s most iconic revolutionary Tupac Amaru and his wife It began in 1780 as a multiclass alliance against European born usurpers but degenerated into a vicious caste war leaving a legacy that still influences South American politics today **The Course of Andean History** Peter V. N. Henderson,2013-08 A student friendly text that tells the story of the development of the Andean republics and their people by emphasizing the themes of continuity and change over time Henderson presents a succinct narrative approach to Andean history that limits details about political coups and instead focuses on broader comparative social and culture aspects Provided by publisher **Hiding in Plain Sight** Christian P. Potholm,2021-10-22 *Hiding in Plain Sight Women Warriors throughout Time and Space* takes the many long standing dimensions of military history including the various modalities of warfare across cultures and periods and integrates them with the more recent and very substantial contributions of social

history women's history black history feminist theory LGBTQ community and other perspectives By providing an extensive annotated bibliography of the new findings the work provides the reader with an exciting compilation of new knowledge placed within a longstanding military historical framework one which provides a broader study and understanding of warfare into which to put the very recent disparate findings culled from many disciplines The book reaffirms that women have long been deeply embedded in the practice of warfare not simply as victims or minor curiosities but as important actors tactically strategically in combat and directing warfare from afar just as their male counterparts The concomitant amalgam also shows that certain types and patterns of warfare such as the defense of castles and fortresses commanding a ship or a fleet revolutionary warfare and today's drone and cyber forms of warfare have been more conducive to female activity than other forms of warfare even as women are also present in a wider variety of other broader temporal and geographical dimensions of the history of warfare *Hiding in Plain Sight* is the only extensive annotated bibliography currently available which provides such a holistic overview of recent scholarship by grounding that scholarship in the existing military canon and history

*Spain's Empire in the New World* Colin M. MacLachlan, 1988      *We Alone Will Rule* Sinclair Thomson, 2002 In the same era as the American French and Haitian revolutions a powerful anticolonial movement swept across the highland Andes in 1780-1781 Initially unified around Tupac Amaru a descendant of Inka royalty from Cuzco it reached its most radical and violent phase in the region of La Paz present day Bolivia where Aymara speaking Indians waged war against Europeans under the peasant commander Tupac Katari The great Andean insurrection has received scant attention by historians of the Age of Revolution but in this book Sinclair Thomson reveals the connections between ongoing local struggles over Indian community government and a larger anticolonial movement      *Spain and the Independence of the United States* E. Chávez, 2002 A thorough study of how Spain contributed to the Revolutionary War in America      *A History of Christianity in Asia, Africa, and Latin America, 1450-1990* Klaus Koschorke, Frieder Ludwig, Mariano Delgado, Roland Spliesgart, 2007-09-14 The map of world Christianity has changed dramatically in just the last century Today the majority of Christians live in Africa Asia and Latin America making Christianity a world religion as never before in history Given that global reality Klaus Koschorke Frieder Ludwig and Mariano Delgado in cooperation with Roland Spliesgart have created the first comparative documentary history of Christianity for these regions covering the period 1450-1990 Taking the changing ecumenical conditions into account this volume enlarges the horizon of classical church historiography In contrast to the prevailing Western perspectives on the history of Christianity in Africa Asia and Latin America voice is given here to the multitude of local initiatives specific experiences and varieties of Christianity in very diverse cultural contexts addressing such questions as the colonial conquest slavery and the demand for ecclesiastical independence      *Subverting Colonial Authority* Sergio Serulnikov, 2003-09-23 Latin American colonial history looking at Spanish indigenous relations      *The Plebeian Republic* Cecilia Méndez, 2005-04-21 Examines the politics of a 19th c peasant revolt in Peru looking at the organization and practice
