## **The Last Initiate:**

**Jesus, the Last Great Initiate** Edouard Schuré, 1907     The Great Initiates Edouard Schuré, 1913     *Every Initiate must be an adept in Occultism* Helena Petrovna Blavatsky, 2018-03-25     Little Buddhas Vanessa R. Sasson, 2013

Consideration of children in the academic field of Religious Studies is taking root but Buddhist Studies has yet to take notice. Little Buddhas brings together a wide range of scholarship and expertise to address the question of what role children have played in Buddhist literature in particular historical contexts and what role they continue to play in specific Buddhist contexts today. The volume is divided into two parts: one addressing the representation of children in Buddhist texts, the other children and childhoods in Buddhist cultures around the world. The ground-breaking contributions in this volume challenge the perception of irreconcilable differences between Buddhist idealism and family ties. Little Buddhas will be an indispensable resource for students and scholars of Buddhism and Childhood Studies and a catalyst for further research on the topic.

**Amadi Oha** Pete J. Amadi, 2019-03-29. Do you ever wonder why natural disasters such as hurricanes, tornados, earthquakes and other violent acts persist in the Western world? Amadi Oha knows why. According to Amadi Oha, the African God of Thunder, these calamities on the West are retribution for the wrong doings cast on Africa during the slave trade. And the gods are still angry. Through African folktales and mythology and the magic of dreams, Amadi Oha, *The God of Thunder*, explores a time that devastated the people of Africa. A work of fiction based on African realities, the book shows readers how the past still haunts the present from generation to generation and how the desecration on African land must be cleansed and the gods appeased to avoid further devastation     **The Record of Sigma Alpha Epsilon**, 1891     **The Initiates of Egypt** Asher Benowitz, The ancient Egyptians celebrated festivals entirely or partially in temples. These were sacred places where humans could approach the gods. Therefore, it is imperative to understand the character of the temples as separate entities from the world because they are in the lands that first appeared. The number of temples built by other ancient cultures is unparalleled. They have been classified as mansions of the deities, models of Egypt and the cosmos, focal points of worship, portals to the divine islands of order amid oceans of chaos and spiritual engines. Despite the physical stone of these temples, we can still perceive much of their symbolic nature, the deeper reasons for their construction beneath the surface.

**American Requiem** Gordon Mustain, 2005-12. When Eduardo Eddie Encinas decides to run for Congress in a Southern Arizona district, he knows he can never match the fund-raising operation of his opponent, six-term incumbent Congresswoman Felicia Martin. But he has a lot of faith in Eddie's Army, the coalition of young Native American and Hispanic activists which

first came together to support him during his tenure as County Commissioner and who now staff his campaign With the Congressional race playing out against a backdrop of ancient Native American prophecy Eddie discovers on election night undeniable evidence of nationwide vote counting fraud Before he can decide what to do he finds his Army putting down their brochures and signs and picking up weapons in an attempt to save not just his campaign but seven hundred years of Democracy in America     Remembering: the Soul of You Meyrene Cowell,2021-10-27 In 1998 someone asked me to contemplate the question Who am I When I removed all the labels such as daughter wife mother and teacher and then even my name too I realised how vulnerable I was I wondered what was left of me That was the catalyst that began my search for the Greater Me my eternal Spirit self As I searched listened and read I gained new belief systems that were wider than religion and more liberating than my social conditioning The greatest freedom came though when I finally understood the language of symbols especially those used in the ancient Marseilles Tarot Pack I spent almost twenty years exploring the blueprint of the archetypes that are embedded in these cards Each of the 22 major arcana cards took me on a deep souljourney towards consciousness knowledge and a change of heart What I discovered was that I am more than I could ever have imagined and so are you When we become conscious of painful and inhibiting beliefs that no longer serve us we begin a journey into loving acceptance of self and others too     *Technical Analysis of Stock Trends* Robert D.
