BECOME GOD 16 Fate in the eyes of martial artists is also something vague and illusory Many martial artists tend to believe in fate so in the martial artist world there is another professional branch that has developed which is the fate master which is said to be able to increase the fate of martial artists However there are also many martial artists who just laugh coldly at this fate they feel that fate is constantly changing as for those who are called fate masters they are all scammers In the past many martial artists when exploring some secret realms spent quite a lot of money to find famous fate masters to increase their fate for them The result was still a tragic death in the secret realm as before everywhere Therefore whether fate exists or not is still a huge debate and no conclusion has yet been reached As for Shi Jingtian or Fei Han they were people who had

reached this position and still often chose to believe that fate existed It was just that they naturally wouldnt go looking for people called fate masters and no one would dare to deceive people like Shi Jingtian **Oola R.
