### **Secondary Heroines in Nineteenth-century British and American Novels**

Jennifer Camden,2010 Taking up works by Samuel Richardson James Fenimore Cooper Sir Walter Scott and Catharine Maria Sedgwick among others Jennifer B Camden examines the role of secondary heroines in early British and American novels By showing that they are a site for the displaced anxieties produced by the national ideals proffered in the novel Camden offers an important intervention into the ways in which early novels use character to further ideologies of race class sex and gender

*James Fenimore Cooper* W. M. Verhoeven,1993 Most of the essays in James Fenimore Cooper New Historical and Literary Contexts are either directly or indirectly informed by the need to confront Cooper s tales with the indeterminate historical context from which they arose Others start from the premise that our understanding of Cooper s work can benefit significantly from displacing it from its traditional position in American literary history and by repositioning it in a new literary context What unites all the essays is a commitment to read Cooper s works as culturally encoded documents that both reflect and give us access to the complex equivocal mind that created them This is not to say that the essays share a common critical or methodological approach indeed they were commissioned and selected with the specific intention of applying contending approaches in contemporary literary discourse to the canonical Cooper While the array of critical approaches represented in the book is by no means exhaustive interpretive strategies vary from textual formalistic New

Critical readings to old historical contextual readings and from new historical revisionist readings to deconstructive readings Through their critical diversity these essays will cast a new light on Cooper s work in relation to its historical context and on the relevance of Cooper s work to both nineteenth century and modern literary historical and ideological debates

Mohicans is a historical novel by James Fenimore Cooper first published in January 1826. It was one of the most popular English language novels of its time. Its narrative flaws were criticized from the start and its length and elaborately formal prose style have reduced its appeal to later readers. Regardless, *The Last of the Mohicans* is widely read in American literature courses. This second book of the Leatherstocking Tales pentology is the best known. *The Pathfinder*, written 14 years later in 1840, is its sequel. Cooper named a principal character Uncas after the most famous of the Mohicans. The real Mohicans lived in the colony of Connecticut in the mid-seventeenth century and not in the New York frontier a century later. Uncas was a Mohegan, not a Mohican, and Cooper's usage has helped to confuse the names of two tribes to the present day. When John Uncas, his last surviving male descendant, died in 1842, the *Newark Daily Advertiser* wrote, "Last of the Mohegans Gone," lamenting the extinction of the tribe. The writer was not aware that Mohegans still existed then and to the present day. The story takes place in 1757 during the Seven Years War, known in America as the French and Indian War, when France and the United Kingdom battled for control of the American and Canadian colonies. During this war, the French often allied themselves with Native American tribes in order to gain an advantage over the British, with unpredictable and often tragic results.

*The Cinema of Michael Mann*, Steven Rybin, 2007-01-01. Few other contemporary Hollywood filmmakers fit the category of genre stylist as well as Michael Mann, the director of such films as *Heat*, *The Insider*, *Ali*, *Collateral*, *Manhunter*, *Thief*, and *Miami Vice*. Mann's film style marks him as a director who chooses the iconographic backdrop of a genre as a canvas upon which he and his collaborators can craft a unique cinematic vision. *The Cinema of Michael Mann* traces the innovative and under-explored stylistic contours of Mann's work, the director's inflection upon and innovation within preexisting genre frameworks, and the relationship of both style and genre to issues of authorship and film criticism. Steven Rybin's critical study of Mann's cinema and the importance of the filmmaker's themes to our contemporary world is valuable for both film scholars and cinephiles alike.

**Postapocalyptic Fantasies in Antebellum American Literature** John Hay, 2017-10-05 This book examines the widespread use of postapocalyptic fantasies in American literary texts in the early nineteenth century The National Uncanny Ren e L. Bergland, 2015-05-01 Although spectral Indians appear with startling frequency in US literary works until now the implications of describing them as ghosts have not been thoroughly investigated In the first years of nationhood Philip Freneau and Sarah Wentworth Morton peopled their works with Indian phantoms as did Charles Brockden Brown Washington Irving Samuel Woodworth Lydia Maria Child James Fenimore Cooper William Apess Nathaniel Hawthorne and others who followed During the late 19th and early 20th centuries Native American ghosts figured prominently in speeches attributed to Chief Seattle Black Elk and Kicking Bear Today Stephen King and Leslie Marmon Silko plot best selling novels around ghostly Indians and haunted Indian burial grounds Ren e L Bergland argues that representing Indians as ghosts internalizes them as ghostly figures within the white imagination Spectralization allows white Americans to construct a concept of American nationhood haunted by Native Americans in which Indians become sharers in an idealized national

imagination However the problems of spectralization are clear since the discourse questions the very nationalism it constructs Indians who are transformed into ghosts cannot be buried or evaded and the specter of their forced disappearance haunts the American imagination Indian ghosts personify national guilt and horror as well as national pride and pleasure Bergland tells the story of a terrifying and triumphant American aesthetic that repeatedly transforms horror into glory national dishonor into national pride
