## **The Last Story:**

*The Last Story* Arthur Kane, 2024-04-30 THE LAST STORY The Murder of an Investigative Journalist in Las Vegas is an exclusive deep dive into a chilling true tale of sex ambition retribution and homicide Jeff German a veteran Las Vegas Review Journal investigative reporter was no stranger to controversy or the danger of his work For more than four decades he wrote stories relentlessly confronting the mob corrupt politicians and greedy bureaucrats As a result he was often threatened enough that he and his friend and fellow investigative reporter Arthur Kane sometimes joked about reporting on these threats if they were ever acted upon Then in the spring of 2022 German received a tip about abuses at a little known county office His subsequent investigation unearthed a scandalous sexually incriminating video of a rising politician Robert Telles The resulting stories in the Review Journal ended Telles s political aspirations Less than six months later on September 3 German s lifeless body was discovered outside his home with multiple stab wounds His dedicated newsroom colleagues including Kane vowed to find the killer In doing so they exposed the true depths of corruption and malice in Sin City Meanwhile the police struggled to identify a suspect until they released a photo of the suspect s vehicle to the media That tip led them to none other than Robert Telles who was subsequently arrested In August 2024 with the national media in attendance at his trial Telles was convicted of first degree murder and later sentenced to twenty years in prison In THE LAST STORY Kane delivers an intense narrative of courage betrayal and the unrelenting quest for justice

**The Return of the Absent Father** Haim Weiss, Shira Stav, 2022-02-25 The Return of the Absent Father offers a new reading of a chain of seven stories from tractate Ketubot in the Babylonian Talmud in which sages abandon their homes wives and families and go away to the study house for long periods Earlier interpretations have emphasized the tension between conjugal and scholarly desire as the key driving force in these stories Haim Weiss and Shira Stav here reveal an additional layer of meaning to the father figure s role within the family structure By shifting the spotlight from the couple to the drama of the father s relationship with his sons and daughters they present a more complex tension between mundane domesticity and the sphere of spiritual learning represented by the study house This coauthored book presents a dialogic encounter between Weiss a scholar of rabbinic literature and Stav a scholar of modern Hebrew literary studies Working together they have produced a book resonant in its melding of the scholarly norms of rabbinics with a literary interpretation based in feminist and psychoanalytic theory

**Reviewing the South** Sarah Gardner, 2017-04-24 The American South received increased attention from national commentators during the interwar era Beginning in the 1920s the proliferation of daily book columns and Sunday book supplements in newspapers reflected a growing audience of educated readers and its demand for books and book reviews This period of intensified scrutiny coincided with a boom in the publishing industry which in turn encouraged newspapers to pay greater attention to the world of books Reviewing the South shows how northern critics were as much involved in the Southern Literary Renaissance as Southern authors and critics Southern writing Gardner argues

served as a litmus to gauge Southern exceptionalism For critics and their readers nothing less than the region's ability to contribute to the vibrancy and growth of the nation was at stake Wilderness and the Heart Edward F. Mooney, 1999 In this essential companion to the classic *The Inward Morning* sixteen distinguished contemporary philosophers celebrate Henry Bugbee's remarkable philosophy The essays trace his explorations of thought emotion and the need for a sense of place attuned to wilderness Representing a range of traditions the thinkers included here touch on an equally broad spectrum of inquiry including existential philosophy religion and environmental studies The essays progress from general introductions to considerations of more specific themes in Bugbee's philosophy to reflections on the man as teacher mentor and friend Provocative in their own right these contributions provide a commentary on *The Inward Morning* This volume thus becomes a valuable tool for the careful reader seeking to fully appreciate the vivid text that has inspired it while at the same time offering insight into contemporary issues in the philosophy of nature Rethinking Beckett Lance S Butler, Robin J Davis, 1990-02-19 Do we take Beckett seriously enough This study starts from the assumption that we do not and that this arises from an unwillingness to face up to the central philosophical issues implicit in his work By associating Samuel Beckett with the philosophy of Heidegger Sartre and more experimentally Hegel this study attempts to illuminate Beckett with the help of these philosophers on the assumption that his work offers objective correlatives of their central insights The Future of Feminist Eighteenth-Century Scholarship Robin Runia, 2017-11-10 There is an unfortunate argument being made that feminist scholarship of eighteenth century literary studies has fulfilled its potential in academic circles *The Future of Eighteenth Century Feminist Scholarship Beyond Recovery* shows us otherwise Each of the essays in this volume reaffirms the feminist principles that form the foundation of this area then builds upon them by acknowledging the inevitable conflicts they or their subjects have faced and the contradictions they or their subjects have lived **"Just Playing the Part"** Christopher Worthman, 2002 Focusing on the transformative power of the creative arts process Christopher Worthman offers readers a new way of thinking about literacy development and specifically the teaching of writing and out of school literacies Rich with theoretical and practical insights this groundbreaking ethnography describes and analyzes the writing development of a group of teenagers involved in a unique community based teen theater project Includes detailed descriptions of improvisational activities that can be adapted for use by other classes or ensembles Diary of a Madman, The Government Inspector, & Selected Stories Nikolay Gogol, 2005-12-01 Author dramatist and satirist Nikolay Gogol 1809 1852 deeply influenced later Russian literature with his powerful depictions of a society dominated by petty bureaucracy and base corruption This volume includes both his most admired short fiction and his most famous drama A biting and frequently hilarious political satire *The Government Inspector* has been popular since its first performance and was regarded by Nabokov as the greatest Russian play ever written The stories gathered here meanwhile range from comic to tragic and describe the isolated lives of low ranking clerks lunatics and swindlers They include *Diary of a Madman* an amusing but

disturbing exploration of insanity Nevsky Prospect a depiction of an artist besotted with a prostitute and *The Overcoat* a moving consideration of poverty that powerfully influenced Dostoevsky and later Russian literature [The Collected Short Stories of George Moore Vol 2](#) Ann Heilmann, Mark Llewellyn, 2024-11-01 George Moore 1852-1933 was one of the most influential and versatile writers and journalists of the turn of the century This five volume reset critical edition addresses scholarly interest in Moore making available his generally neglected short story collections **Directory of World Cinema: Russia 2** Birgit Beumers, 2015-02-20 Soviet and Russian filmmakers have traditionally had uneasy relationships to the concept of genre This volume rewrites that history by spotlighting some genres not commonly associated with cinema in the region including Cold War spy movies and science fiction films blockbusters and horror films remakes and adventure films and chernukha films and serials Introductory essays establish key aspects of these genres and directors biographies provide the background for the key players Building on the work of its predecessor which explored cinema from the time of the tsars to the Putin era this book will be warmly received by the serious film scholar as well as all those who love Russian cinema *Directory of World Cinema Russia 2* is an essential companion to the filmic legacy of one of the world's most storied countries

**The Suitors in the Odyssey** Martin Steinrück, 2008 The suitors in the *Odyssey* strikingly resemble a very specific audience of iambic poets such as Archilochus or Semonides Justifying these young men's deaths the *Odyssey* engages in a polemic intertext with Archilochus attacks against the threatening epic discourse This study is concerned with reading both the traces of this often hidden quarrel in the *Odyssey* and the answers we can find within the iambic texts Although iambus and epos have been connected in earlier studies the direct portrait of the iambic audience within the *Odyssey* has not been examined This book allows the reader to see these issues in the larger social context **Human Cognition and Social**

**Agent Technology** Kerstin Dautenhahn, 2000 This text discusses design issues of social agent technology with the perspective of human cognition It combines the disciplines of computer science social science and psychology but seeks to avoid being overly technical and is written for an interdisciplinary audience **The Cinema of Raúl Ruiz** Michael Goddard, 2013-09-22 Raúl Ruiz while considered one of the world's most significant filmmakers by several film critics is yet to be the subject of any thorough engagement with his work in English This volume sets out on this task by mapping as fully as possible Ruiz's cinematic trajectory across more than five decades of prolific work up to his death in 2011 ranging from his earliest work in Chile to high budget European costume dramas culminating in *Mysteries of Lisbon* 2010 It does so by treating Ruiz's work with its surrealist magic realist popular cultural and neo Baroque sources as a type of impossible cinematic cartography mapping real imaginary and virtual spaces and crossing between different cultural contexts aesthetic strategies and technical media It argues that across the different phases of Ruiz's work identified there are key continuities such as the invention of singular cinematic images and the interrogation of their possible and impossible combinations

*The Alphabet of Sustainability* Francesco Morace, Marzia Tomasin, 2024-01-05T00:00:00+01:00 Sustainability is all the rage in words at any rate It appears with increasing frequency in political speeches recommendations of international organizations pledges of business leaders and in the advertising of many products All of this has led many to believe that the word is overused to the point of burnout along with the apparent disconnect between commitments made and actions taken But a closer look reveals that the concept is taken very seriously by the successful companies examined in this book one for each letter of the alphabet Alce Nero Berlucchi Chiesi Davines Enel Florim Granarolo Huma na People to People Inglesina Jointly Kartell Lago Melinda NATIVA Olivetti Patagonia Quantis Rossi Lanerossi Sofidel Toyota Uni pol Video Systems WAMI xFarm Yamamay Zordan Their stories are undeniable proof that despite the organizational and financial challenges choosing sustainability is a long term reward that requires everyone from policymakers to businesses from the media to consumers to change the grammar of their behavior and speak a language fit for the challenges of the 21st century

*That's Raven Talk* Mareike Neuhaus, 2000 The first comprehensive study of North American Indigenous languages as the basis of textualized orality in Indigenous

literatures in English Drawing on a significant Indigenous language structure the holophrase one word sentence Neuhaus proposes holophrastic reading as a culturally specific reading strategy for orality in Indigenous writing In readings of works by Ishmael Alunik Inuvialuit Alootook Ipellie Inuit Richard Van Camp Dogrib Thomas King Cherokee and Louise Bernice Halfe Cree she demonstrates that para holophrases the various transformations of holophrases into English language discourse textualize orality in Indigenous literatures by grounding it in Indigenous linguistic traditions Neuhaus s discussion points to the paraholophrase the functional equivalent of the holophrase as a central discourse device in Indigenous writing and as a figure of speech in its own right Building on interdisciplinary research this groundbreaking study not only links oral strategies in Indigenous writing to Indigenous rhetorical sovereignty but also points to ancestral language influences and Indigenous rhetoric more generally as areas for future research Cover New Critical Approaches to the Short Stories of Ernest Hemingway Jackson J.
