The Catholic Church and the Northern Ireland Troubles, 1968-1998 Margaret M. Scull,2019-09-11 Until surprisingly recently the history of the Irish Catholic Church during the Northern Irish Troubles was written by Irish priests and bishops and was commemorative rather than analytical This study uses the Troubles as a case study to evaluate the role of the Catholic Church in mediating conflict During the Troubles these priests and bishops often worked behind the scenes acting as go betweens for the British government and republican paramilitaries to bring about a peaceful solution However this study also looks more broadly at the actions of the American Irish and English Catholic Churches as well as that of the Vatican to uncover the full impact of the Church on the conflict This critical analysis of previously neglected state Irish and English Catholic Church archival material changes our perspective on the role of a religious institution in a modern conflict

Secessionism and Terrorism Glen Duerr,2018-07-20 This book examines secessionist terrorism in a comparative context across Europe and Eurasia The volume seeks to uncover comparative linkages between terrorism and secessionism specifically examining terrorist organizations that also have a political goal of independence It examines a wide range of case studies including the IRA in Northern Ireland ETA in the Basque Country FLNC in Corsica and ARD in Brittany KLA in Kosovo PKK and TAK in Turkish Kurdistan and IK in Chechnya In doing so the book shows the linkages in terrorist tactics and demands as well as when and how ceasefires come into place Ultimately none of the terrorist organizations studied here has obtained their maximalist goal of gaining independence but each has caused significant bloodshed and has contributed to the debate on the future of governance in Europe and Eurasia The major strength of this format is to glean wider lessons on ethno nationalism as well as the causes and outcomes of terrorist actions Each case study also updates the literature on the individual cases to provide the most recent account of events in these countries This book will be of much interest to students of terrorism and political violence ethnic conflict nationalism European politics and International Relations in general
