Embry,2008-01-01 Mormons and non Mormons all have their views about how polygamy was practiced in the Church of Jesus Christ of Latter day Saints during the late nineteenth and early twentieth centuries Embry has examined the participants themselves in order to understand how men and women living a nineteenth century Victorian lifestyle adapted to polygamy Based on records and oral histories with husbands wives and children who lived in Mormon polygamous households this study explores the diverse experiences of individual families and stereotypes about polygamy The interviews are in some cases the only sources of primary information on how plural families were organized In addition children from monogamous families who grew up during the same period were interviewed to form a comparison group When carefully examined most of the stereotypes about polygamous marriages do not hold true In this work it becomes clear that Mormon polygamous families were not much different from Mormon monogamous families and non Mormon families of the same era Embry offers a new perspective on the Mormon practice of polygamy that enables readers to gain better understanding of Mormonism historically **Saints Find the Place** David Romney Crockett,1997 A day by day account of the story of the Mormons as they make the trek from Winter Quarters Nebraska to Salt Lake Valley in 1847 Also includes the accounts of members of the Mormon Battalion who are stationed in California and Mormons who were left behind in Missouri Iowa Illinois and Ohio Covers from Feb 1 1847 to July 30 1847 **The Billboard** ,1926 **Mistaken Identity** Keith J. Bybee,2002-07-01 Is it ever legitimate to redraw electoral districts on the basis of race In its long struggle with this question the U S Supreme Court has treated race conscious redistricting either as a requirement of political fairness or as an exercise in corrosive racial quotas Cutting through these contradictory positions Keith Bybee examines the theoretical foundations of

the Court's decisions and the ideological controversy those decisions have engendered. He uncovers erroneous assumptions about political identity on both sides of the debate and formulates new terms on which minority representation can be pursued. As Bybee shows, the Court has for the last twenty years encouraged a division between individualist and group concepts of political identity. He demonstrates convincingly that both individualist and group proponents share the misguided notion that political identity is formed prior to and apart from politics itself. According to Bybee, this mistaken identity should be abandoned for a more flexible politically informed understanding of who the people really are. Thus a misdirected debate will be replaced by a more considered discussion in which the people can speak for themselves even as the Court speaks on their behalf. Engaged in the politics of minority representation, the Court will be able to help citizens articulate and achieve more fruitful forms of political community.

Ensign, 1990 **Saints Herald**, 1887 *Littell's Living Age* Eliakim Littell, Robert S. Littell, 1854 **The Columbia History of American Television** Gary Richard Edgerton, 2007

Richly researched and engaging, *The Columbia History of American Television* tracks the growth of TV into a convergent technology, a global industry, a social catalyst, a viable art form, and a complex and dynamic reflection of the American mind and character. Renowned media historian Gary R. Edgerton follows the technological progress and increasing cultural relevance of television from its prehistory before 1947 to the Network Era 1948-1975 and the Cable Era 1976-1994. He considers the remodeling of television's look and purpose during World War II, the gender, racial, and ethnic components of its early broadcasts and audiences, its transformation of postwar America, and its function in the political life of the country. In conclusion, Edgerton takes a discerning look at our current Digital Era and the new forms of instantaneous communication that continue to change America's social, political, and economic landscape.
