Summits and Icefields Chic Scott,2003 This guide to alpine ski touring in the Columbia mountains features popular ski ascents glacier tours and commercial lodges It also includes the basic information needed before heading out including that of snow conditions weather regulations and required equipment and clothing

Ski Trails and Wildlife Eric Burr,2008-05-08 Snow sports are usually the first step to learning about snow country wildlife which is only as safe as knowledgeable people want it to be Unfortunately knowledge is too often lacking and skiing is perceived as detrimental too wildlife Reality is that skiing in all its many forms from ski lift resorts to far flung Scandinavian style ski touring holds the keys to wildlife conservation and restoration No amount of litigation can change this basic fact of life although the Mineral King Case from the Supreme Court of the United States certainly changed the legal landscape for all environmental litigation Mineral King's near miss at becoming another ski lift avalanche disaster area preceded Early Winters another almost ski lift area which shares the honor of being a Supreme Court case and is the last chapter of this book Olympic National Park is the other ski history explored so that the National Parks are given equal emphasis with America's National Forests and Canada's Crown Lands An extensive bibliography also includes many electronically available sources The language is not technical and no prior experience with either skiing or wildlife is presumed The book is primarily written for both skiing and wildlife enthusiasts who may not know much about each other It is intended as a peace offering to hopefully prevent future ski wars and unnecessary trips through the legal system That effort could be better spent restoring wildlife and the life support system of our circumpolar boreal forest

Summits & Icefields 1 Chic Scott,2012-02-01 RMB is pleased to present the third edition of Summits and Icefields 1 Alpine Ski Tours in the Canadian Rockies one of our bestselling guidebooks Researched and written by legendary alpinist Chic Scott with the assistance of mountain guide Mark Klassen this guidebook will continue to be the bible of ski mountaineers in the Rockies There will be plenty of new tours in the book particularly in newly developed areas where skiers can grab a few powder turns near the road Information on other areas will be either greatly expanded or completely rewritten and updated The entire book will be printed in colour showcasing many mouthwatering ski images and destinations Digital shaded maps prepared from satellite imagery will illustrate the routes and terrain and will allow this guidebook to set a new standard for ski guidebooks in North America The companion volume Summits and Icefields 2 Alpine Ski Tours in the Columbia Mountains will appear in autumn 2012
