Teacher-Child Interactions in Early Childhood Education and Care Classrooms

Wilfried Smidt, Simone Lehl, 2020-06-29 How children's development is shaped by Early Childhood Education and Care ECEC classrooms and especially by teacher-child interactions in those settings is a major issue in research and politics which has been researched for several decades This book investigates this important topic by raising three overarching questions 1 What are good teacher-child interactions and how they can be measured 2 Which individual and or contextual aspects are

associated with teacher child interactions 3 What is the impact of teacher child interactions on the development of children s competencies The book ties in these fundamental questions with educational research by bringing together international studies from interdisciplinary backgrounds and presenting current research on the characteristics predictivity dependency and methodological issues of teacher child interactions in ECEC classrooms The considered studies conducted in Australia Austria Finland Germany Greece and Portugal each aim to enrich the scientific discourse and provide fruitful implications for policy and practice This book was originally published as a special issue of the Research Papers in Education journal
