The White Man's Burden William

Easterly,2006-03-16 From one of the world's best known development economists an excoriating attack on the tragic hubris of the West's efforts to improve the lot of the so called developing world Brilliant at diagnosing the failings of Western intervention in the Third World *BusinessWeek* In his previous book *The Elusive Quest for Growth* William Easterly criticized the utter ineffectiveness of Western organizations to mitigate global poverty and he was promptly fired by his then employer the World Bank *The White Man's Burden* is his widely anticipated counterpunch a brilliant and blistering indictment of the West's economic policies for the world's poor Sometimes angry sometimes irreverent but always clear eyed and rigorous Easterly argues that we in the West need to face our own history of ineptitude and draw the proper conclusions especially at a time when the question of our ability to transplant Western institutions has become one of the most pressing issues we face

Changing Relations Between Churches in Europe and Africa Katharina Kunter,Jens Holger Schøjrring,2008 Proceedings from the conference Changing relationships between churches in Africa and Europe in the 20th century Christian identity in the times of political crises which took place October 8 12 2005 at Makumira University College of Tumbaini University in Tanzania

Foreign Intervention in Africa Elizabeth Schmidt,2013-03-25 *Foreign Intervention in Africa* chronicles the foreign political and military interventions in Africa from 1956 to 2010 during the periods of decolonisation and the Cold War as well as during the periods of state collapse and the global war on terror In the first two periods the most significant intervention was extra continental The USA the Soviet Union China Cuba and the former colonial powers entangled themselves in countless African conflicts During the period of state collapse the most consequential interventions were intra continental African governments sometimes assisted by powers outside the continent supported warlords dictators and dissident movements in neighbouring countries and fought for control of their neighbours resources The global war on terror like the Cold War increased foreign military presence on the African continent and generated external support for repressive governments In each of these cases external interests altered the dynamics of Africa's internal struggles escalating local conflicts into larger conflagrations with devastating effects on African peoples

The Oxford Handbook of the Cold War Richard H. Immerman,Petra Goedde,2013-01-31 *The Oxford Handbook of the Cold War* offers a broad reassessment of the

period war based on new conceptual frameworks developed in the field of international history Nearing the 25th anniversary of its end the cold war now emerges as a distinct period in twentieth century history yet one which should be evaluated within the broader context of global political economic social and cultural developments The editors have brought together leading scholars in cold war history to offer a new assessment of the state of the field and identify fundamental questions for future research The individual chapters in this volume evaluate both the extent and the limits of the cold war's reach in world history They call into question orthodox ways of ordering the chronology of the cold war and also present new insights into the global dimension of the conflict Even though each essay offers a unique perspective together they show the interconnectedness between cold war and national and transnational developments including long standing conflicts that preceded the cold war and persisted after its end or global transformations in areas such as human rights or economic and cultural globalization Because of its broad mandate the volume is structured not along conventional chronological lines but thematically offering essays on conceptual frameworks regional perspectives cold war instruments and cold war challenges The result is a rich and diverse accounting of the ways in which the cold war should be positioned within the broader context of world history

Historical Dictionary of United States-Africa Relations Robert Anthony Waters Jr., 2009-03-20 The image of Africa among Americans at the beginning of the 21st century is tragic America's image among Africans is of a place that is splendid but arrogant and unfeeling Both have large elements of truth Poverty coups corruption pandemic disease and tribal racial and religious violence are all too common in Africa So too is Americans lack of concern about the people of a continent that suffers from these tragedies as well as their government's support for African governments that treat their people as prey instead of citizens The Historical Dictionary of United States Africa Relations encompasses the relationship between the two from the trans Atlantic slave trade to the George W Bush administration with particular emphasis on the Cold War It focuses on political and economic aspects of the relationship and includes cultural relations This is done through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on key persons places events institutions and organizations

Dealing with Failed States Harvey Starr, 2013-09-13 With the ever increasing interdependence across individuals groups international organizations and nation states an increasingly significant policy concern in the contemporary turbulent world of globalization is the question of state failure There has been a growing academic interest in the determinants of state failure and an acute awareness across the international community of the need for dealing with issues of instability in states The contributors to this volume represent the most recent cutting edge approaches to state failure looking at both conditions of conflict and economic development dealing with the conceptualization causes and consequences of state failure as well as policy oriented analyses as to how state failure can be contained reversed or prevented In order to deal fully with the phenomenon of state failure investigators must be involved in a number of boundary crossing activities The contributors to this volume have addressed failed states through multiple levels

of analysis assessing domestic and cross border phenomena internal and external conflict domestic and international political economy multiple disciplines and interdisciplinary approaches representing political science sociology and economics various methodological approaches including large N empirical analyses case studies and simulations and through both basic and applied research drawing on the work of academics IGOs NGOs and national governments This book was originally published as a special issue of Conflict Management and Peace Science
