race and racism it allows us to underscore our values and principles of social justice It allows the participants to express their insights and knowledge through their actual experiences The author has done just that with *Race Politics and Basketball* a fascinating story of race racism politics education and inequality in the early 1970s told through the voices of those who were there who witnessed it and were a part of it It provides the juxtaposition of good and decent white kids with an unparalleled mentor who kept them on the straight and narrow against good and decent Black and Cape Verdean kids who were forced to face the daily forces of inequality and racial unrest each and every day The summer of 1970 was immensely educational for all who experienced it The Vietnam War the civil rights movements Black Panthers a long dreary recession with high unemployment all explained through the voices of white and Black kids and adults who were there in New Bedford Massachusetts living through it and navigating the ebbs and flows of their daily lives In the middle of it all a 17 year old Cape Verdean kid standing outside a club in the city's West End during a period of unrest was gunned down by three white kids from the suburbs They didn't even know him To top it off they were all acquitted at trial despite the fact that the guy who shot the gun confessed to it The book tells a fascinating story of inequality race and politics that can help us understand the struggles that we are still going through today as we try to understand and reconcile our differences and treat everyone as equals Anyone interested in the issue of race and racism in America today should read this story Gerry Kavanaugh is the Senior Vice Chancellor at the University of Massachusetts Dartmouth He was the Chief of Staff to Senator Edward M Kennedy in Washington DC and now lives in New Bedford with his wife Colleen

 This book examines how fifty police officers in South Australia keep well and bounce back from duty related traumatic experience in the absence of practical accessible and timely organisational support It investigates mechanisms police officers presently use to normalise their duty related traumatic experiences to preserve the delicate professional balance between coping and psychic numbing and avoid the much publicised perils of a PTSD diagnosis while being appropriately responsive to colleagues victims and survivors in their daily work environment By revealing how police officers manage trauma outside of the expectations of mental health professionals union representatives and police leadership innovative approaches and recommendations are offered to support first responders in moving from assumptions of post traumatic stress and through post traumatic growth The book considers recent advances in post traumatic growth and resilience theory and reinterprets exposure in a positive context as well as preventative experiences in Australia and internationally **The Politics of Love** Rebecca Joubin, 2013-10-03
 Dramatic miniseries are the primary arena for the expression of postcolonial Syrian culture and artistic talent an arena that unites diverse aspects of artisanship in a struggle over visions of the past present and future of the nation As the tour de force of the television medium blossoming amidst persisting authoritarianism these miniseries serve as a crucial and complex artistic avenue through which political and social opposition manifests Scholars have tried to come to terms with a highly critical culture produced within attempted state co optation and argue that politically critical culture operates as a safety valve to release frustrations so that dissenters are less likely to mobilize against the government Through research fueled by a viewing of over two hundred and fifty miniseries ranging from the 1960s to the present as well as an examination of hundreds of press reports Facebook pages and extensive interviews with drama creators this book turns away from the dominant paradigm that focuses on regime intent When turning attention instead to the drama creators themselves we witness the polyphony of voices employing love and marriage metaphors and gender de constructions to explore larger issues of nationalism self identity and political critique At the heart of constructions of femininity are the complications that arise with the symbiosis of pure femininity with authentic national identity Deconstructing masculinity as political critique has been less complicated since it is not implicated in Western identity issues on the contrary illustrations of subservient masculinity serve to subtly denounce government corruption and oppression Miniseries from the 1960s demonstrate that the focus of the qabaday tough man on female sexuality comes from his own political alienation vis vis the state and is part of a vicious cycle of state violence vis vis the citizen In recent years and in particular after the uprising we can see the emerging definition of the true qabaday as one who does not suppress a woman's sexuality thereby allowing for
