When this book was originally published it was the first work of its kind to examine the way in which language is used to express the myth of advertising slogans and other popular cultural forms By making use of general theories from the disciplines of anthropology linguistics media studies and semiotics the book attempts to demystify Japanese culture as it has been hitherto presented in the West and shows how such cultural forms as noodle westerns and high school baseball uphold the well known ideologies of selflessness diligence compliance and co operation typically associated with the Japanese Ultimately the book poses the question are those whom we call the Japanese real people in their own right or merely a nation acting out a part written for them by Western civilisation *Re-made in Japan* Joseph Jay Tobin, 1992-01-01 Colonel Sanders Elvis Mickey Mouse and Jack Daniels have been enthusiastically embraced by Japanese consumers in recent decades But rather than simply imitate or borrow from the West the Japanese reinterpret and transform Western products and practices to suit their culture This entertaining and enlightening book shows how in the process of domesticating foreign goods and customs the Japanese have created a culture in which once exotic practices such as ballroom dancing have become familiar and once familiar practices such as public bathing have become exotic Written by scholars from anthropology sociology and the humanities the book ranges from analyses of Tokyo Disneyland and the Japanese passion for the Argentinean tango to discussions of Japanese haute couture and the search for an authentic nouvelle cuisine japonaise These topics are approached from a variety of perspectives with explorations of the interrelations of culture ideology and national identity and analyses of the roles that gender class generational and regional differences play in the patterning of Japanese consumption The result is a fascinating look at a dynamic society that is at once like and unlike our own Women and Democracy in

Cold War Japan Jan Bardsley, 2014-06-19 *Women and Democracy in Cold War Japan* offers a fresh perspective on gender politics by focusing on the Japanese housewife of the 1950s as a controversial representation of democracy leisure and domesticity Examining the shifting personae of the housewife especially in the appealing texts of women s magazines reveals the diverse possibilities of postwar democracy as they were embedded in media directed toward Japanese women Each chapter explores the contours of a single controversy including debate over the royal wedding in 1959 the victory of Japan s

first Miss Universe and the unruly desires of postwar women Jan Bardsley also takes a comparative look at the ways in which the Japanese housewife is measured against equally stereotyped notions of the modern housewife in the United States asking how both function as narratives of Japan U S relations and gender class containment during the early Cold War 100 Animals Nick Garbutt, Mike Unwin, 2007 100 Animals to See Before They Die is inspired by the Zoological Society of London s recently launched conservation project EDGE Evolutionarily Distinct and Globally Endangered EDGE targets some of the world s most bizarre and unusual creatures animals which are extremely distinct in the way they look live and behave They have few or no close relatives and require immediate action to save them from extinction If they disappear there will be nothing like them left on the planet Amazingly many of these species are ignored by existing conservation plans 100 Animals fights this ignorance by highlighting the danger these species are in and will encourage greater involvement in the fight to save them Some EDGE species such as tigers elephants and pandas are well known but 100 Animals features dozens of lesser known and extraordinary animals such as the Yangtze River Dolphin the world s rarest cetacean the Bumblebee Bat the smallest mammal on earth and the egg laying Long beaked Echidna Organised by world regions Eurasia Australasia Africa New World South East Asia the Oceans and with a whole section devoted to Madagascar 100 Animals is inspirational and packed with information about each animal and where to find it Each animal is illustrated in colour and accompanied by a distribution map and information about its key characteristics and the specific threats it faces plus details about any conservation work taking place *Japan in the World* Klaus Schlichtmann, 2009-06-16 The twentieth century is as remarkable for its world wars as it is for its efforts to outlaw war in international and constitutional law and politics Japan in the World examines some of these efforts through the life and work of Shidehara Kijuro who was active as diplomat and statesman between 1896 until his death in 1951 Shidehara is seen as a guiding thread running through the first five decades of the twentieth century Through the 1920s until the beginning of the 1930s his foreign policy shaped Japan s place within the community of nations The positive role Japan played in international relations and the high esteem in which it was held at that time goes largely to his credit As Prime Minister and man of the hour after the Second World War he had a hand in shaping the new beginning for post war Japan instituting policies that would start his country on a path to peace and prosperity Accessing previously unpublished archival materials Schlichtmann examines the work of this pacifist statesman situating Shidehara within the context of twentieth century statecraft and international politics While it was an age of devastating total wars that took a vast toll of civilian lives the politics and diplomatic history between 1899 and 1949 also saw the light of new developments in international and constitutional law to curtail state sovereignty and reach a peaceful order of international affairs Japan in the World is an essential resource for understanding that nation s contributions to these world changing developments RLE: Japan Mini-Set E: Sociology and Anthropology Various, 2021-07-14 Mini set E Sociology Anthropology re issues 10 volumes originally published between 1931 and 1995 and covers topics such as Japanese
