**Edward Abbey** James M. Cahalan, 2022-08-09 The best biography ever about Ed Cahalan s meticulous research and thoughtful interviews have made this book the authoritative source for Abbey scholars and fans alike Doug Peacock author environmentalist activist and explorer and the inspiration for Hayduke in The Monkey Wrench Gang He was a hero to environmentalists and the patron saint of monkeywrenchers a man in love with desert solitude A supposed misogynist ornery and contentious he nevertheless counted women among his closest friends and admirers He attracted a cult following but he was often uncomfortable with it He was a writer who wandered far from Home without really starting out there James Cahalan has written a definitive biography of a contemporary literary icon whose life was a web of contradictions Edward Abbey A Life sets the record straight on Cactus Ed giving readers a fuller more human Abbey than most have ever known It separates fact from fiction showing that much of the myth surrounding Abbey such as his birth in Home Pennsylvania and later residence in Oracle Arizona was self created and self perpetuated It also shows that Abbey cultivated a persona both in his books and as a public speaker that contradicted his true nature publicly racy and sardonic he was privately reserved and somber Cahalan studied all of Abbey s works and private papers and interviewed many people who knew him including the models for characters in The Brave Cowboy and The Monkey Wrench Gang to create the most complete picture to date of the writer s life He examines Abbey s childhood roots in the East and his love affair with the West his personal relationships and tempestuous marriages and his myriad jobs in continually shifting locations including sixteen national parks and forests He also explores Abbey s writing process his broad intellectual interests and the philosophical roots of his politics For Abbey fans who assume that his honest novel The Fool s Progress was factual or that his public statements were entirely off the cuff Cahalan s evenhanded treatment will be an eye opener More than a biography Edward Abbey A Life is a corrective that shows that he was neither simply a countercultural cowboy hero

nor an unprincipled troublemaker but instead a complex and multifaceted person whose legacy has only begun to be appreciated The book contains 30 photographs capturing scenes ranging from Abbey s childhood to his burial site Hiking from Here to WOW: Utah Canyon Country Kathy Copeland,Craig Copeland,2008-07-17 Hiking from Here to WOW Utah Canyon Country guides hikers to the most compelling destinations in southern Utah s spectacular canyon country In their years of their research the authors hiked over 1600 miles through Zion Bryce Escalante Grand Staircase Glen Canyon Grand Gulch Cedar Mesa Canyonlands Moab Arches Capitol Reef and the San Rafael Swell They took more than 2000 photos and hundreds of pages of field notes Then they culled their list of favorite hikes down to 90 each selected for its power to incite awe The book describes precisely where to find the redrock cliffs slickrock domes soaring arches and ancient ruins that make southern Utah unique It offers the boot tested advice you need to create rewarding adventures And it does so in a refreshing style honest literate entertaining and inspiring Full color interior features 220 striking photographs engaging text and a trail map for each dayhike and backpack trip Park Profiles: Canyon Country Parklands National Geographic Society,Scott Thybony,1998 Explore some of the Southwest s greatest scenic marvels A 16 page portfolio highlights the diversity of plants and animals that live in canyon country **4WD Trails: Southeast Utah** Peter Massey,Jeanne Wilson,2002-10 This 2 color scenic driving guidebook is loaded with detailed information covering 57 trails in Southeast Utah Trails are in the vicinity of Moab Canyonlands Mexican Hat Bluff Monticello Green River and Blanding Find ancient petroglyphs and pictographs get information on historic events ghost towns land barons mining camps and more Good backcountry campsites and hiking trailheads are included GPS coordinates throughout Contact information for the BLM and national forest areas are given Many photographs both current and historic **Bureau of Land Management** United States. **A Conservative Environmentalist** Thomas G. Smith,2024-06-07 A wealthy textile titan from Carlisle Pennsylvania Frank Masland Jr was an ardent political conservative and an equally fervent conservationist who was well known and highly respected in the mid twentieth century environmental preservation community This eye opening biography charts Masland s life work telling the story of how he and fellow Republicans worked with Democrats to expand the national park system preserve wild country and protect the environment Though a conservative conservationist appears to be a contradiction in terms today this was not necessarily the case when Masland and his compatriots held sway Conservatives Masland insisted had a duty to be good stewards of the earth for present and future generations and they worked closely with members of both parties in Congress and nonpolitical conservation groups to produce landmark achievements When conservatives turned against environmentalism during the Reagan presidency Masland refused to join what historians have termed the Republican reversal During his long life of nearly a hundred years Masland used his voice influence experiences with nature and considerable wealth to champion environmental causes at the national state and local levels Engaging informative and at times eyebrow raising this portrait of a passionately anti statist nature loving Republican environmentalist documents the history of the twentieth century conservation movement and reminds us of a time when conservative Republicans could work with liberal Democrats to protect the environment
