Songes Of Rechelesnesse:

Songes of Rechelesnesse Lawrence M. Clopper, 1997 Sketches Piers Plowman's reformist agenda for the Franciscan friars *Allegory and the Work of Melancholy* Jeremy Tambling, 2021-11-08 Written using critical theory especially by Walter Benjamin Blanchot and Derrida *Allegory and the Work of Melancholy* The Late Medieval and Shakespeare reads medieval and early modern texts exploring allegory within texts allegorical readings of texts and melancholy in texts Authors studied are Langland and Chaucer Hoccleve on his madness Lydgate and Henryson Shakespeare's first tetralogy the three parts of Henry VI and Richard III conclude this investigation of death mourning madness and of complaint Benjamin's writings on allegory inspire this linking which also considers Dürer Baldung and Holbein and the dance of the dead motifs The study sees subjectivity created as obsessional paranoid and links melancholia madness and allegorical creation where parts of the subject are split off from each other and speak as wholes Allegory and melancholy are two modes a state of writing and a state of being where the subject fragments or disappears These texts are aware of the power of death within writing which makes them fascinating The book will appeal to readers of literature from the medieval to the Baroque and to those interested in critical theory and histories of visual culture *Desiring Truth* Jeremy Lowe, 2005-01-07 First published in 2005 Volumes in the Medieval History and Culture series include studies on individual works and authors of Latin and vernacular literatures historical personalities and events theological and philosophical issues and new critical approaches to medieval literature and culture Momentous changes have occurred in Medieval Studies in the past thirty years in teaching as well as in scholarship The Medieval History and Culture series enhances research in the field by providing an outlet for monographs by scholars in the early stages of their careers on all topics related to the broad scope of Medieval Studies while at the same time pointing to and highlighting new directions that will shape and define scholarly discourse in the future This volume explores a methodology for articulating this relationship that fourteenth century texts invite us to participate in the production of meaning judgment the willed act of moral engagement and therefore the process a living evolving relationship an open circuit between text and respondent **Tropologies** Ryan McDermott, 2016-04-15 Tropologies is the first book length study to elaborate the medieval and early modern theory of the tropological or moral sense of scripture Ryan McDermott argues that tropology is not only a way to interpret the Bible but also a theory of literary and ethical invention The tropological imperative demands that words be turned into works books as well as deeds Beginning with Augustine Jerome and Gregory the Great then treating monuments of exegesis such as the Glossa ordinaria and Nicholas of Lyra as well as theorists including Thomas Aquinas Erasmus Martin Luther and others Tropologies reveals the unwritten history of a major hermeneutical theory and inventive practice Late medieval and early Reformation writers adapted tropological theory to invent new biblical poetry and drama that would invite readers to participate in salvation history by inventing their own new works Tropologies reinterprets a wide range of medieval and early modern texts and performances including the

Patience Poet Piers Plowman Chaucer the York and Coventry cycle plays and the literary circles of the reformist King Edward VI to argue that tropological invention provided a robust alternative to rhetorical theories of literary production In this groundbreaking revision of literary history the Bible and biblical hermeneutics commonly understood as sources of tumultuous discord turn out to provide principles of continuity and mutuality across the Reformation s temporal and confessional rifts Each chapter pursues an argument about poetic and dramatic form linking questions of style and aesthetics to exegetical theory and theology Because Tropologies attends to the flux of exegetical theory and practice across a watershed period of intellectual history it is able to register subtle shifts in literary production fine tuning our sense of how literature and religion mutually and dynamically informed and reformed each other

Approaches to Teaching

Langland's Piers Plowman Thomas A. Goodmann, 2018-12-01 Offers pedagogical techniques for teaching William Langland s Piers Plowman in college classrooms including consideration of versification hunger popular culture language translation dramatic adaptations the A B and C texts and historical contexts Includes information on reference works online resources and clerical orders Gives syllabus suggestions for undergraduate and graduate courses

The Canterbury Tales Harold

Bloom, 2008 Presents a collection of critical essays on the Canterbury tales by Geoffrey Chaucer

The Penn Commentary

on Piers Plowman, Volume 4 Traugott Lawler, 2018-04-04 The detailed and wide ranging Penn Commentary on Piers Plowman places the allegorical dream vision of the poem within the literary historical social and intellectual contexts of late medieval England and within the long history of critical interpretation of the work assessing past scholarship while offering original materials and insights throughout The authors line by line section by section and passus by passus commentary on all three versions of the poem and on the stages of its multiple revisions reveals new aspects of the poem s meaning while assessing and summarizing a complex and often divisive scholarly tradition The volumes offer an up to date original and open ended guide to a poem whose engagement with its social world is unrivaled in English literature and whose literary religious and intellectual accomplishments are uniquely powerful The Penn Commentary is designed to be equally useful to readers of the A B or C texts of the poem It is geared to readers eager to have detailed experience of Piers Plowman and other medieval literature possessing some basic knowledge of Middle English language and literature and interested in pondering further the particularly difficult relationships to both that this poem possesses Others with interest in poetry of all periods will find the extended and detailed commentary useful precisely because it does not seek to avoid the poem s challenges but seeks instead to provoke thought about its intricacy and poetic achievements Covering pass s C 15 19 and B 13 17 Volume 4 of the Penn Commentary on Piers Plowman creates a complete vade mecum for readers identifying and translating all Latin quotations uncovering allusions providing full cross reference to other parts of the poem drawing in relevant scholarship and unraveling difficult passages Like the other commentaries in the series this volume contains an extensive overview and analysis of each passus and the subdivisions within large and small and discusses all differences between the two versions It

pays careful attention to the poem at the literal level as well as to Latin texts that are analogues or even possible sources of Langland's thought and it emphasizes the comedy of the poem of which these passages offer a number of examples

Apocalyptic Ecologies Shannon Gayk, 2024-12-06 A meditative reflection on what medieval disaster writing can teach us about how to respond to the climate emergency When a series of ecological disasters swept medieval England writers turned to religious storytelling for precedents Their depictions of biblical floods fires storms droughts and plagues reveal an unsettled relationship to the natural world at once unchanging and bafflingly unpredictable In *Apocalyptic Ecologies* Shannon Gayk traces representations of environmental calamities through medieval plays sermons and poetry such as *Cleanness* and *Piers Plowman* In premodern disaster writing she recovers a vision of environmental flourishing that could inspire new forms of ecological care today a truly apocalyptic sensibility capable of seeing in every ending every emergency a new beginning waiting to emerge

The Penn Commentary on Piers Plowman, Volume 4 Andrew Galloway, Traugott Lawler, Ralph Hanna, Stephen A. Barney, 2018-05-22 Volume 4 by Traugott Lawler creates a complete *vade mecum* for readers identifying and translating all Latin quotations uncovering allusions providing full cross reference to other parts of the poem drawing in relevant scholarship discussing all differences between the B and C texts and unraveling difficult passages

Writing and Rebellion Steven Justice, 2023-04-28 In this compelling account of the peasants revolt of 1381 in which rebels burned hundreds of official archives and attacked other symbols of authority Steven Justice demonstrates that the rebellion was not an uncontrolled inarticulate explosion of peasant resentment but an informed and tactical claim to literacy and rule Focusing on six brief enigmatic texts written by the rebels themselves Justice places the English peasantry within a public discourse from which historians both medieval and modern have thus far excluded them He recreates the imaginative world of medieval villagers how they worked and governed themselves how they used official communications in unofficial ways and how they produced a disciplined insurgent ideology This title is part of UC Press's *Voices Revived* program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1996 In this compelling account of the peasants revolt of 1381 in which rebels burned hundreds of official archives and attacked other symbols of authority Steven Justice demonstrates that the rebellion was not an uncontrolled inarticulate explosion of p
