Literacy for the New Millennium

Barbara J. Guzzetti, 2007-10-30 Living in an age of communication literacy is an extremely integral part of our society. We are impacted by literature during our infancy, childhood, adolescence, and adulthood. This four-volume set includes information from specialists in the field who discuss the influence of popular culture, media, and technology on literacy. Together, they offer a comprehensive outline of the study and practice of literacy in the United States. **Western Plainchant in the First Millennium**

Sean Gallagher, 2017-07-05 Taking up questions and issues in early chant studies, this volume of essays addresses some of the topics raised in James McKinnon's *The Advent Project: The Later Seventh Century Creation of the Roman Mass*, the last book before his untimely death in February 1999. A distinguished group of chant scholars examine the formation of the liturgy, issues of theory and notation, and Carolingian and post-Carolingian chant. Special studies include the origins of musical notations, nuances of early chant performance with accompanying CD, musical style and liturgical structure in the early Divine Office, and new sources for Old Roman chant. *Western Plainchant in the First Millennium* offers new information and new insights about a period of crucial importance in the growth of the liturgy and music of the Western Church.
