Songs And Poems Written By Robert Burns:

Poems and Songs of Robert Burns Robert Burns, 2021-09-27 Poems and Songs of Robert Burns Robert Burns Robert Burns 1759 1796 called himself an Aeolian harp strung to every wind of heaven His first volume of poems entitled Poems Chiefly in the Scottish Dialect was published in 1786 An immediate success it established Burns's poetic reputation which has grown over two centuries to the point where he is not only the Scottish national poet but the object of a cult unique in British poetry The present volume contains 43 of his finest poems and songs reprinted unabridged from an authoritative tenth century edition Included are The Twa Dogs a deft satire of the Scottish upper classes To a Mouse one of the poet's best known most charming works Address to the Unco Guid an attack on Puritan hypocrisy Holy Willie's Prayer one of the great verse satires of all times as well as such favorites as The Cotter's Saturday Night To a Mountain Daisy The Holy Fair Address to the Deil The Death and Dying Words of Poor Mailie and many more It is not necessary here to attempt to disentangle or explain away the numerous amours in which he was engaged through the greater part of his life It is evident that Burns was a man of extremely passionate nature and fond of conviviality and the misfortunes of his lot combined with his natural tendencies to drive him to frequent excesses of self-indulgence He was often remorseful and he strove painfully if intermittently after better things But the story of his life must be admitted to be in its externals a painful and somewhat sordid chronicle That it contained however many moments of joy and exaltation is proved by the poems here printed Burns's poetry falls into two main groups English and Scottish His English poems are for the most part inferior specimens of conventional eighteenth century verse But in Scottish poetry he achieved triumphs of a quite extraordinary kind Since the time of the Reformation and the union of the crowns of England and Scotland the Scots dialect had largely fallen into disuse as a medium for dignified writing Shortly before Burns's time however Allan Ramsay and Robert Ferguson had been the leading figures in a revival of the vernacular and Burns received from them a national tradition which he succeeded in carrying to its highest pitch becoming thereby to an almost unique degree the poet of his people He first showed complete mastery of verse in the field of satire In The Twa Herds Holy Willie's Prayer Address to the Unco Guid The Holy Fair and others he manifested sympathy with the protest of the so-called New Light party which had sprung up in opposition to the extreme Calvinism and intolerance of the dominant Auld Lichts The fact that Burns had personally suffered from the discipline of the Kirk probably added fire to his attacks but the satires show more than personal animus The force of the invective the keenness of the wit and the fervor of the imagination which they displayed rendered them an important force in the theological liberation of Scotland The Kilmarnock volume contained besides satire a number of poems like The Twa Dogs and The Cotter's Saturday Night which are vividly descriptive of the Scots peasant life with which he was most familiar and a group like Puir Mailie and To a Mouse which in the tenderness of their treatment of animals revealed one of the most attractive sides of Burns's personality Many of his poems were never printed during his lifetime the most remarkable of these
