Sons For The Return Home:

Sons for the Return Home Albert Wendt, 1996-06-30 Originally published in 1973 this story of star crossed lovers spotlights the complex nature of love freedom and racism in New Zealand Samoan writer Albert Wendt's first novel *Sons for the Return Home* has long been out of print Yet readers continue to respond to the clarity of vision in this simple powerful story of cross cultural encounter *Sons for the Return Home* Albert Wendt, 1975 Albert Wendt and Pacific Literature Paul Sharrad, 2003-11-08 Albert Wendt is the leading writer and exponent of Pacific literature His work is consistently different in style politically challenging and ranges across essays plays poems stories and novels two of which have been filmed This book is the first full length study of his work There is an introduction to Pacific literature as a whole and Wendt's Samoan background Chapters offer readings of all Wendt's major texts in chronological sequence relating them to his essays to literary movements of the time and to key motifs from Polynesian culture There is an extensive bibliography of works by and about Wendt *The Parables* Brad H. Young, 2008-03-01 Fully one third of Jesus words in the Synoptic Gospels occur in parables It could be said that knowing the parables is essential for understanding the person of Christ In this work Brad Young displays his unique perspective as a scholar steeped in both Jewish and Christian studies While parables have timeless messages reinterpretations in new contexts throughout the centuries have distorted the original meanings and undermined the essence of what Jesus intended for his initial listeners Young examines the parables that best illustrate the parallels between the rabbinic and Gospel parables He challenges readers to remember that first century Judaism was not merely the backdrop for Jesus teachings but the very stage from which Jesus delivered the message of the kingdom Jesus ethics and theology can be properly understood only in the light of first century Jewish teachings Young focuses on the historical development and theological significance of parables in both traditions and examines five theological subjects that are dealt with in parables prayer grace reconciliation calling and sovereignty **Sons of War** Carl J. Barger, 2019-01-14 *Sons of War* is an epic tale of a family who immigrated to America from Wurttemberg Germany in the 1770s In 1859 the descendants lived on a one hundred acre farm in Moniteau County Missouri In the early 1860s the nation was divided by the Civil War and three sons of the family joined the Missouri 26th Infantry Their triumphs and hardships were shared with family and loved ones through letters from the battlefields of a war torn nation *Sons of War* gives insight into what it was like to be a pioneer their struggles their successes and failures their abiding religious convictions and their dedication in fighting for what they believed **Sunday Mornings** Bill Smith, 2009-08 Living in a time of economic uncertainty how do we handle the inevitable stress As unemployment health care costs and mortgage foreclosures all rise where can we turn to regain our confidence In the face of war terrorist threats and global warming how can we get beyond our fears and anxieties Where can we turn to find peace Is there a big picture that can help us separate the merely urgent from the truly important These are some of the questions this book confronts Moving beyond simplistic answers it offers an insightful and thought provoking look at some of

life's everyday concerns Looking at the world through the lens of the Christian faith the book is divided into three parts Part one examines how we look at the world Part two helps us determine what counts in coping with life's challenges The third section introduces Jesus and what we can learn from his life as seen through the various roles he played **Biblical**

Figures in the Islamic Faith Stephen J. Vicchio, 2008-07-01 Vicchio believes that by understanding how much Muslim tradition overlaps with the biblical traditions of Judaism and Christianity we might begin to expose a wedge of common ground on which understanding and respect might begin to be built Vicchio begins with a brief introduction sketching some fundamentals of Muslim history and culture and clearing away some common misconceptions His main goal however is to give us a detailed look at the treatment of biblical figures in the literature of Islam The broad range of his research and presentation is startling He begins with the Qur'an but continues on to the collected writing of the roughly two hundred years after Mohammed Hadith Sunnah Akhbar that came to be regarded as authoritative in the various traditions that developed in early Islam He then traces the interest in these biblical figures on into modern treatments of the role of these figures in Muslim scholarship and how these figures are understood and used in the traditions of Islam yet today The result of Vicchio's scholarship and presentation will be a revelation to most Christian and Jewish readers It has become somewhat commonplace to refer to Judaism Christianity and Islam as the three Abrahamic faiths This shows a beginning awareness of the beginnings of each of these three great religions birthed in the Middle East in a common ancestor Abraham Ibrahim Abraham's faithfulness and his closeness to God make him a revered figure in each of these three great faiths and for each Abraham is a beginning of the story of the particular relationship between God and the people of each of these religions from the Foreword *Khon Yush. Way From the Ob* Зинаида Лонгортowa, 2020-04-01 This movie tells about the contribution of the indigenous Yamal people to the victory in the Great Patriotic War about the hardships they have undergone with the country The story is set in the war years in the Shuryshkarsky district the Yamalo Nenets Autonomous Okrug and is based on real events Between 1930 and 1940 the Khartaganov family raised 7 orphans of different age and nationality **Spirituality**

and the Senses Catherine McCann, 2020-07-31 We rarely focus on our senses and thus miss out on how they can enhance our lives at both micro and macro levels what they can offer us in daily life as well as during life's special moments It is up to each individual to become more consciously aware of and use each sense in more deliberate yet sensitive ways Everyone can benefit by focussing daily on one or more of the senses even if only for a short period Ideally it should become a daily practice This book arose from an altered way of heightening people's senses as they experienced what Shekina Sculpture Garden has to offer its views stream shrub beds seating areas and its unique collection of sculptures by modern Irish artists The latter are made of many mediums stone wood iron glass stainless steel etc Heightening our use of each sense is enhanced by advertizing to both our outer as well as equivalent inner sensing For example seeing seeing colours in all their shades seeing form then finally noticing one's inner seeing An example of the latter might be receiving an insight about

something Gardens in particular are places to be tactile in such as walking bare foot on grass sensing the texture of a leaf with one s fingers hugging the bark of a tree stepping into the coolness of running water etc Inner sensing might be opened up by the phrase I felt very touched by The book offers a short chapter on the anatomy of our senses and closes on another perspective the part inner sensing plays in relation to religious faith as well as noticing how tactile Jesus was in his healing ministry

Inherited Freedom Tim Drake, 2014-04-02 I acknowledge and fondly remember my grandfathers Maurice Elmer Drake and Archibald Vance Houston who provided me with the inspiration and foundation necessary to share their story I would like to humbly express my appreciation to the men of the 558th AAA AW BN and U S S Culebra Island ARG7 for telling their stories I stand in awe of the countless World War II veterans I have interviewed over the years Lastly thank you to the millions of World War II veterans who served our country during 1939 1945 Our current freedom was paid for in blood it is the responsibility of my generation and those that follow to never forget the cost of freedom and to protect it at all costs
