Soul Searching Chinese Intellectuals On Faith And Society:

Soul Searching Zhiming Yuan, Jianli Yang, 1997 **Soul Searching** Carol Lee Hamrin, 2000-08 We are pleased to launch this series of books to help Christian leaders missionaries international student ministers seminarians and mission minded Christians understand the complex relationship between the Christian gospel and Chinese culture Mainland Chinese intellectuals who have recently turned to Christ here reflect on the meaning of their newfound faith for society thought and culture **Grassroots Asian Theology** Simon Chan, 2014-05-02 A dynamic chapter of church history is now being written in Asia But the theological inflections at its heart are not well understood by outsiders Simon Chan explores Asian Christianity at its grassroots sustaining level and finds a vibrant implicit theology that is authentically Asian More than a survey this is a serious and constructive contribution to Asian theology **Christian Values in Communist China** Gerda Wielander, 2013-10-08 This book argues that as new political and social values are formed in post socialist China Christian values are becoming increasingly embedded in the new post socialist Chinese outlook It shows how although Christianity is viewed in China as a foreign religion promoted by Christian missionaries and as such at odds with the official position of the state Christianity as a source of social and political values rather than a faith requiring adherence to a church is in fact having a huge impact The book shows how these values inform both official and dissident ideology and provide a key underpinning of morality and ethics in the post socialist moral landscape Adopting a variety of different angles the book investigates the role Christian thought plays in the official discourse on morality and love and what contribution Chinese Christians make to charitable projects It analyses key Christian publications and dedicates two chapters to Christian intellectuals and their impact on political liberal thinking in China The concluding chapter highlights gender roles the role of the Chinese diaspora and the overlap of the government and Christian agenda in China today The book challenges commonly held views on contemporary Chinese Christianity as a movement in opposition to the state by showing the diversity and complexity of Christian thinking and the many factors influencing it **The Oxford Handbook of Global Religions** Mark Juergensmeyer, 2011-08-25 This is a reference for understanding world religious societies in their contemporary global diversity Comprising 60 essays the volume focuses on communities rather than beliefs symbols or rites The contributors are leading scholars of world religions many of whom are also members of the communities they study **The "Inscrutably Chinese" Church** Nathan Faries, 2010-09-23 The first half of the twenty first century promises to be a time of great change for the Christian church in the People s Republic of China The situation is complex and fluid and the information gap between those on the inside and those outside of China is still significant though shrinking The Inscrutably Chinese Church moves readers nearer to the Chinese Christian experience as Nathan Faries helps foreign readers to see with greater clarity just how Chinese Christians view their government and themselves in relation to those ruling powers There still exists a measure of inscrutability about China and its complex relationship with religion that must be explained to the outsider It is this gap in

understanding between insider points of view within China and those outsiders seeking knowledge about the Christian faith in China that Faries seeks to close
