Soul Matters:

Soul Matters Mabel Aghadiuno, Jas Kalsi, 2017-11-22 In recent years many have come to believe that Western medicine has lost contact with holistic conceptions of health as encompassing physical emotional intellectual social and spiritual dimensions Spiritual may imply religious or faith based values or experience but also non material factors such as an appreciation of natural beauty art music moral values or beliefs from which a person draws meaning and a sense of transcendence Equally many people are unaware of a spiritual dimension to life and health until illness or trauma strikes However coming to terms with life events deriving meaning from them and incorporating them into their life philosophy may then be experienced as a deep spiritual crisis with ramifications in their wider health and implications for the health professionals who treat them This book considers the meaning of holistic health care and explores the spiritual dimension of health through the narratives of fictional and non fictional patients It discusses how to discern when a patient's distress has a spiritual dimension the implications of this for health professionals and ways in which spiritual factors can be addressed and discussed within healthcare When it comes to questions about meaning and purpose such as what is the point of all this A or why is this happening to me A when we meet patients in the depths of despair at the prospect of imminent death when we ourselves feel hopeless and overwhelmed in the face of an avalanche of human suffering then we begin to struggle We do not know what we could do nor even what we should do Our professional training doesn't help We are stuck With this beautiful book Mabel Aghadiuno comes to our rescue Christopher Dowrick in his Foreword Soul Matters Sara Ahbel-Rappe, Danielle A. Layne, Crystal Addey, 2023-10-27 Platonic discourses concerning the soul are incredibly rich and multitiered Plato's own diverse and disparate arguments and images offer competing accounts of how we are to understand the nature of the soul Consequently it should come as no surprise that the accounts of Platonists who engage Plato's dialogues are often riddled with questions This volume takes up the theories of well known philosophers and theologians including Plato Plotinus Proclus the emperor Julian and Origen as well as lesser known but equally important figures in a collection of essays on topics such as transmigration of the soul the nature of the Platonist enlightenment experience soul and gender pagan ritual practices Christian and pagan differences about the soul mental health and illness and many other topics Contributors include Crystal Addey Sara Ahbel Rappe Dirk Baltzly Robert Berchman Jay Bregman Luc Brisson Kevin Corrigan John Dillon John F Finamore Lloyd P Gerson Dorian Gieseler Greenbaum Elizabeth Hill Sarah Klitenic Wear Danielle A Layne Ilaria L E Ramelli Gregory Shaw Svetla Slaveva Griffine Suzanne Stern Gillet Harold Tarrant Van Tu and John D Turner Soul Matters: Modern Science Confirming Ancient Wisdom Jeanne-Rachel Salomon PhD, 2019-02-13 In shamanic understanding trauma signifies soul loss To restore a person to wholeness the shaman journeys into non ordinary reality to retrieve the person's lost soul essence and restores it to the client in ordinary reality Shamans knew intuitively that existence is a product of consciousness and that soul requires body to enter physicality and body requires soul to express life Yet there

is only a set amount of physical pain and mental emotional disturbance that an embodied soul can tolerate Out of self preservation a part of the soul leaves just prior to the trauma impact and retreats unharmed into non ordinary reality away from physical ordinary reality This book presents the author s unique and creative research into the millennia old shamanic healing modality of Soul Retrieval Dr Salomon found that the fundamentals of the shamanic healing method are aligned with quantum principals and that the phenomenon of soul leaving and soul returning happens on the quantum level of existence The results of her study confirm the relevance of quantum physics tenets of non locality tangled hierarchy and discontinuity inside shamanic healing Shamanism is not well understood by most people Dr Salomon has the intelligence and willingness to do the hard work to bring the validity and reliability of good science to the public Her thoroughness of a difficult subject is clear and understandable A must read for anyone interested in learning about the laws of the universe and how it affects each of us every day Jeffrey L Fannin Ph D **Soul Matters for Men** ,2005 Each title in this series covers approximately 50 topics with contemporary quotes and Scriptures to ponder plus life lessons and intriguing questions to help readers relate to the soul matter of their own lives **Soul Matters for the Heart** Mark Gilroy Communications, Inc Staff,2005-07-13 Each title in the Soul Matters series covers around 50 topics with eight popular and proven elements to maximize reader interest and opportunity for authentic spiritual growth and life change **Listening for the Soul** Jean Stairs, This book explores the relationship between the practices of pastoral care and the practices of spiritual direction with the aim of enabling pastoral caregivers to draw upon the guiding principles resources and techniques of spiritual direction within the Christian tradition With an emphasis on both practice and presence the book reclaims the tradition of soul care for the pastoral ministry thereby complementing the medical or crisis intervention model of pastoral care with a wellness growth model of pastoral care Listening for the Soul Challenges clergy to take seriously the relationship between pastoral care and spiritual direction Integrates theological and psychological insights with issues of spiritual life and formation Includes a chapter on the spiritual formation of children Provides practical guidance for integrating spiritual direction with pastoral care Tends to the pastoral caregivers own needs for spiritual deepening Includes reflection questions and case studies to enable the text to function on both the individual reader and classroom levels **Every Monday Matters** Matthew Emerzian,2019-01-01 Change Your Life One Monday at a Time For everyone inspired by Ignite Your Truth Present Over Perfect Girl Wash Your Face and Girl Stop Apologizing You are a Badass comes Every Monday Matters How to Kick Your Week Off with Passion Purpose and Positivity your guide to self and social transformation Reconnect with what really matters Each of us has the power to change our lives find happiness and joy and become a force for good The only way to do this however is one week at a time Matthew Emerzian founder and Chief Inspiration Officer of the not for profit organization Every Monday Matters will inspire you to find your purpose and tackle your goals week by week Personal and social change happen when we step outside of ourselves connect and serve one another Keep it simple Every Monday Matters is broken up into thirteen themed

The Beauty of Souls Mark S. M. Scott, 2025-03-18 What is beauty? What is the soul? What facilitates our apprehension of beauty in ourselves, others, and the world, and what impedes it? In *The Beauty of Souls*, Mark S. M. Scott explores these spiritual questions through a dynamic synthesis of theology, philosophy, and literature. Focusing on Pulitzer Prize-winning novelist Marilynne Robinson's novels and essays, Scott gleans transformational insights about the life of the soul. Scott argues that Robinson's writings spiritually sensitize her readers, preparing them for deeper levels of soul discovery and soul formation. Excavating Robinson's conception of beauty and its relation to the soul, Scott traces themes of perception, contemplation, growth, loss, brokenness, wonder, and redemption through Robinson's writings, particularly her magisterial Gilead saga. *The Beauty of Souls* guides readers through the complexity of the spiritual life in critical and creative dialogue with Robinson's signature works. It shows that Robinson's fiction does more than simply display and evoke beauty; it offers a philosophical-theological framework to discover and express the beauty of our own souls.
