Thomas,2014-08-25 Most of the narratives packaged for New Orleans s many tourists cultivate a desire for black culture jazz cuisine dance while simultaneously targeting black people and their communities as sources and sites of political social and natural disaster In this timely book the Americanist and New Orleans native Lynnell L Thomas delves into the relationship between tourism cultural production and racial politics She carefully interprets the racial narratives embedded in tourism websites travel guides business periodicals and newspapers the thoughts of tour guides and owners and the stories told on bus and walking tours as they were conducted both before and after Katrina She describes how with varying degrees of success African American tour guides tour owners and tourism industry officials have used their own black heritage tours and tourism focused businesses to challenge exclusionary tourist representations Taking readers from the Lower Ninth Ward to the White House Thomas highlights the ways that popular culture and public policy converge to create a mythology of racial harmony that masks a long history of racial inequality and structural inequity Soul by Soul Walter JOHNSON,2009-06-30 Soul by Soul tells the story of slavery in antebellum America by moving away from the cotton plantations and into the slave market itself the heart of the domestic slave trade Taking us inside the New Orleans slave market the largest in the nation where 100 000 men women and children were packaged priced and sold Walter Johnson transforms the statistics of this chilling trade into the human drama of traders buyers and slaves negotiating sales that would alter the life of each What emerges is not only the brutal economics of trading but the vast and surprising interdependencies among the actors involved **God's Autopsy and the Living Truth of Soul** Hal Childs,2022-08-22 The Grand Narrative of Christianity that the Bible created is dead and the Bible is silent Does the Bible have anything relevant to say to our modern circumstances We ask where did God come from What happened to God God s Autopsy reinterprets soul and God as historical psychological phenomena related to the cultural structure of consciousness the invisible shared context of thought which has changed dramatically over the past three millennia This book offers a new way to understand the trajectory of Western civilization by making the implicit foundation of Western consciousness soul visible and conscious Our modern Western consciousness is radically different from that of antiquity when the Bible emerged Jung s psychological philosophical insight that whenever we speak about the psyche it is the psyche speaking about itself leads to the realization that today consciousness has come home to itself Beginning with preliterate polytheism the emergence of the transcendent god Yahweh and Christ which led directly to the Enlightenment objective soul continues to unfold itself How did late modernity become a topsy turvy quantum virtual digital impersonal and abstract world that appears to be running away from us The answer is unexpectedly and shockingly in the Bible itself **Animal Soul** John C. Woodcock,2012-10 In this book the author seeks to

comprehend what possible meaning such a term as animal soul could have today given the psychological distance from our own animal nature existing as we do within a technological civilization He explores the thought of four pioneers in depth psychology C G Jung James Hillman Wolfgang Giegerich and Russell Lockhart before proposing a meaning that emerges from soul as understood from within a depth psychological perspective
