The Sound of Fear Michael Anthony Cillo, 2005 The Sound Of Fear follows a pathway of the unthinkable Is life as we know it truly a myth of hopeful expectation The book spread over a decade of time entrances you with the love of a couple and their love of family entwines you around the mysteries of the subconscious mind enthralls you with depths of fear ignited by often heart rendering episodes and embraces your simple need for pulling the bed covers over your eyes Weak strong dirty and heroic characters help you relate to human frailties Inconceivable terror strikes you at times to find your core's fear triggers Take a deep breath as necessary The simple fact is fear manifests deeply in all humans Some hide the emotion with intrinsic capabilities of denial Others blink and run on impulse The storyline drifts around an alien tone Subtle at times you feel compelled to understand any life form's survival needs But the brutality of reality puts you back on the home Team routing for the survival of the fittest The Sound Of Fear experience finds you reminiscing those times when you looked into the wind blown bushes at dusk to see the imaginary shadows or when you thought twice about going into the dark open waters of that expansive pond lake or ocean The book's simple text finds you remembering the possibilities of how and why people could be placed in situations just like one's you'd heard about or had experienced Within the chapters you will relate to the characters sometimes reckless sometimes concise sometimes giddy sometimes compassionate decisions or emotions The book is purposefully designed to make you feel like you know what's going to happen next it at least gives you that feeling of control or does it Let your fear be your guide *Eye of Osiris* A.
