ago I got better relatively fast However the ME Association has become a far bigger concern since it still insists there is no cure for the condition It produces a quarterly magazine full of information but still promises no way to get better I relate my own experiences discussing how hard it has been to be with those who are unable to comprehend my long illness which lasted between two and three years before I achieved wellness independently of the medical profession There were many months when I had no idea what my condition was and I was confused Even after diagnosis I remained ill getting worse until I could hardly walk Then a gift arrived from an auntie It was a bundle of books some of which were about good nutrition Information from the ME Association fell into place I devised a better diet took care of myself and began to recover I struggled with the recovery process and kept on researching I learned the value of vitamins and an important process related to repetitive eating I was able to return to activities such as swimming and horse riding but most wonderful of all I could care for my two small sons without needing help
