## **Summer39s End:**

The European Garden Flora Flowering Plants James Cullen, Sabina G. Knees, H. Suzanne Cubey, J. M. H. Shaw, 2011-08-11  
The European Garden Flora is the definitive manual for the accurate identification of cultivated ornamental flowering plants. Designed to meet the highest scientific standards, the vocabulary has nevertheless been kept as uncomplicated as possible so that the work is fully accessible to the informed gardener as well as to the professional botanist. This new edition has been thoroughly reorganised and revised, bringing it into line with modern taxonomic knowledge. Although European in name, the Flora covers plants cultivated in most areas of the United States and Canada as well as in non-tropical parts of Asia and Australasia. Volume 5 completes the series and includes many important ornamental families such as Labiatae, Solanaceae, Scrophulariaceae, Acanthaceae, Campanulaceae, and the largest family of Dicotyledons, the Compositae.

Joshua's life as a rock guitarist seems like a dream come true. Sold-out concerts, red carpet events, and wild nights portray him as a confident young man with the world at his feet. Only few friends know the scars he carries. When freelance photographer Caroline meets the rock band Burning Ruins at the after-party, an irresistible chemistry of attraction between her and the sexy rock guitarist is clearly seen to everybody. However, after a forced conversation from Joshua's side, Caroline is convinced the attraction is not mutual. Waking up the next morning, Caroline has no idea what happened. She flees out of the hotel room, mortified and convinced she'd become another of the band's trophies. Determined never to meet anyone from Burning Ruins ever again, she has no clue. People around her have different ideas. In a summer that takes them from London to Wales and to the sultry heat of Rome, they're desperately fighting their demons from the past while trying to protect their broken hearts. Will they ever let each other mend their broken hearts, or will they try to heal them alone?
