A Grand Complication Stacy Perman, 2013-02-19 The race between two ambitious complicated men in the early 1900s to create the most extravagant complicated timepiece ever Woods and Waters Alfred Billings Street, 1865 Adirondack Photographers, 1850-1950 Sally E. Svenson, 2023-05-15 Just as the new technology of photography was emerging throughout the United States in the mid nineteenth century it caught hold in the scenic Adirondack region of upstate New York Young men and a few women began to experiment with cameras as a way to earn their livings with local portrait work From photographing individuals some expanded their subject matter to include families and groups homes streetscapes landmarks workplaces and important events from town celebrations to presidential visits train wrecks floods and fires These photographers from within and just beyond the park s borders as well as those based in the urban areas from which tourists came to the Adirondacks have been central in defining the region Adirondack Photographers 1850 1950 is a comprehensive look at the first one hundred years of photography through the lives of those who captured this unique rural region of New York State Svenson s fascinating biographical dictionary of more than two hundred photographers is enriched with over seventy illustrations While the popularity of some of these photographers is reflected in the number of their images held in the collections of the Library of Congress the New York Public Library and the Getty Museum little is known about the diverse backgrounds of the individuals behind their work A compilation of captivating stories Adirondack Photographers provides a vivid intimate account of the evolution of photography as well as an unusual perspective on Adirondack history

A Summer Paradise , 1909 **A Summer Paradise** Delaware and Hudson Company, 1905 **An Adirondack Passage** Christine Jerome, 2015-02-25 A paddling classic back in print with new maps photos details and afterword Christine Jerome walked into the Adirondack Museum in Blue Mountain Lake NY and promptly fell in love with a 9 foot 10 pound canoe named the Sairy Gamp More than a century before in 1883 the Sairy Gamp had been paddled and portaged through the Adirondacks by a sixty one year old writer named George Washington Sears his pen name was Nessmuk The more Jerome learned about Sears the more she wanted to follow his route despite her lack of camping or canoeing experience In August 1990 she embarked in a 9 foot canoe made of Kevlar and with her husband John accompanying her in a slightly larger boat set off to retrace Sears s journey An Adirondack Passage is part social history part natural history part biography of Sears and part chronicle of a voyage Summer turns to fall while the Jeromes make their way north through sunshine and storms down cottage lined lakes and lonely wild streams Gusting winds bully their light canoes and by mid September the days are colder and shorter but the longer they paddle the more attached they become to the beauty around them Canada geese fly overhead monarch butterflies flutter southward and on the larger lakes young loons gather for their first migration to the sea Along the

way the author pauses to tell us what Sears saw when he passed by and what happened to his favorite haunts in the ensuing century As the history of the region unfolds we meet hermits and millionaires hunting guides and society women hotelkeepers and dime novel writers and one lost dancing bear Christine Jerome has given us a memorable wilderness experience that readers who have never lifted a paddle will find fascinating and invigorating This new release from Breakaway Books is the third edition revised and updated with extra photos maps and a new afterword PRAISE FOR AN ADIRONDACK PASSAGE A fine piece of work and a great delight John McPhee An enchanting record of a canoe trip The New Yorker A writer of fine and watertight prose An Adirondack Passage is uncategorizable at once history naturalism sociology and a love story but unfailingly graceful Boston Globe Personal witty and thoughtful one of the best introductions to the area ever produced Audubon As refreshing a break from the busyness of life as I've come across in awhile Newsday The writing is a constant pleasure Jerome has a style that suits her subject quiet and gentle as a paddle in still water She delivers her lore with wit and whimsy with fine descriptions and without shrill preaching or righteous posturing Smithsonian The closest thing to a national nonfiction best seller that the region has seen in ages and deservedly so Adirondack Life A captivating account She takes us into a world of hermits and millionaires of wild streams and glorious mountain scenery Publishers Weekly A delightful tale An informative readable adventure whose history and environmental lessons are taught well Library Journal
