News for All the People Joseph Torres, Juan González, 2012-09-11 From colonial newspapers to the Internet age America s racial divisions have played a central role in the creation of the country s media system just as the media has contributed to and every so often combated racial oppression This acclaimed book called a masterpiece by the esteemed scholar Robert W McChesney and chosen as one of 2011 s best books by the Progressive reveals how racial segregation distorted the information Americans have received even as it depicts the struggle of Black Latino Asian and Native American journalists who fought to create a vibrant yet little

known alternative democratic press Written in an exciting story driven style and replete with memorable portraits of journalists both famous and obscure *News for All the People* is destined to become the standard history of the American media Sun Yatsen, Robert Wilcox and Their Failed Revolutions, Honolulu and Canton 1895 Patrick Anderson, 2021-06-27

Dynamite on the Tropic of Cancer is the radical explosive retelling of the first decade of the Father of Modern China Dr Sun Yatsen s globally shaped formation as a professional revolutionist and of the impact of the adult Sun s revolutionary relationship with Hawai i and with his varied communities of supporters there during its own most turbulent political decade the 1890s years in which this remote island nation transformed from native monarchy via sovereign independent republic to become the USA s first overseas territory Drawn from neglected primary sources *Dynamite* reveals the hitherto untold story of the secret revolutionary alliance forged in Honolulu s backstreets between Sun s Xingzhonghui and the idiosyncratic italophile soldier Robert Wilcox Hawai i s Garibaldi and leader of the Kanaka Native Hawaiian counterrevolution of January 1895 This failed uprising to restore Hawai i s tragic last Queen witnessed firsthand by Sun Yatsen became the archetype upon which ten months later Sun would base his own first attempt at armed insurrection in China the Canton uprising of 26 October 1895 With an epic sweep across the Pacific s Tropic of Cancer *Dynamite* is the most important study yet written on the origins of Sun Yatsen s Chinese Revolution and its dynamic interface with Hawaiian history *Inclusion* Tom Coffman, 2021-10-31

Following December 7 1941 the United States government interned 120 000 people of Japanese ancestry evicted from scattered settlements throughout the West Coast states yet why was a much larger number concentrated in the Hawaiian Islands war zone not similarly incarcerated At the root of the story is an inclusive community that worked from the ground up to protect an embattled segment of its population While the onset of World War II surprised the American public war with Japan arrived in Hawai i in slow motion Responding to numerous signs of impending conflict the Council for Interracial Unity mapped two goals minimize internment and maximize inclusion in the war effort The council s aspirational work was expressed in a widely repeated saying How we get along during the war will determine how we get along when the war is over The Army Command of Hawai i reassured by firsthand acquaintances came to believe that trust breeds trust Where most histories have shielded President Franklin D Roosevelt from direct responsibility for the U S mainland internment his relentless demands for a mass removal from Hawai i ultimately thwarted reveal him as author and actor In making sense of the disparity between Island and mainland *Inclusion* unravels the deep history of the U S sabotage psychosis dissecting why many continental Americans still believe Japan succeeded at Pearl Harbor because of the unseen hand of Japanese saboteurs Contrary to the explanation of hysteria as the cause of the internment *Inclusion* documents how a high level plan of mass removal actually was pitched to Hawai i prior to December 7 only to be rejected **Plague and Fire** James C. Mohr, 2004-11-15

A little over a century ago bubonic plague the same Black Death that decimated medieval Europe arrived on the shores of Hawaii just as the islands were about to become a U S territory In this absorbing narrative James

Mohr tells the story of that fearful visitation and its fiery climax a vast conflagration that engulfed Honolulu's Chinatown. Mohr tells this gripping tale largely through the eyes of the people caught up in the disaster from members of the white elite to Chinese doctors, Japanese businessmen and Hawaiian reporters. At the heart of the narrative are three American physicians, the Honolulu Board of Health, who became virtual dictators when the government granted them absolute control over the armed forces and the treasury. The doctors soon quarantined Chinatown where the plague was killing one or two people a day and clearly spreading. They resisted intense pressure from the white community to burn down all of Chinatown at once and instead ordered a careful, controlled burning of buildings where plague victims had died. But a freak wind whipped one of those small fires into a roaring inferno that destroyed everything in its path, consuming roughly thirty-eight acres of densely packed wooden structures in a single afternoon. Some 5000 people lost their homes and all their possessions and were marched in shock to detention camps where they were confined under armed guard for weeks. Next to the attack on Pearl Harbor in 1941, the Chinatown fire is the worst civic disaster in Hawaiian history. A dramatic account of people struggling in the face of mounting catastrophe. **Plague and Fire** is a stimulating and thought-provoking read. **Race War!** Gerald Horne, 2005-11-01. Japan's lightning march across Asia during World War II was swift and brutal. Nation after nation fell to Japanese soldiers. How were the Japanese able to justify their occupation of so many Asian nations? And how did they find supporters in countries they subdued and exploited? **Race War** delves into submerged and forgotten history to reveal how European racism and colonialism were deftly exploited by the Japanese to create allies among formerly colonized people of color. Through interviews and original archival research on five continents, Gerald Horne shows how race played a key and hitherto ignored role in each phase of the war. During the conflict, the Japanese turned white racism on its head, portraying the war as a defense against white domination in the Pacific. We learn about the reverse racial hierarchy practiced by the Japanese in internment camps in which whites were placed at the bottom of the totem pole under the supervision of Chinese, Korean and Indian guards, an embarrassing example of racial payback that was downplayed by the defeated Japanese and the humiliated Europeans and Euro-Americans. Focusing on the microcosmic example of Hong Kong but ranging from colonial India to New Zealand and the shores of the U.S., Gerald Horne radically retells the story of the war. From racist U.S. propaganda to Black Nationalist open support of Imperial Japan, information about the effect of race on U.S. and British policy is revealed for the first time. This revisionist account of the war draws connections between General Tojo, Malaysian freedom fighters and Elijah Muhammed of the Nation of Islam and shows how white racism encouraged and enabled Japanese imperialism. In sum, Horne demonstrates that the retreat of white supremacy was not only driven by the impact of the Cold War and the energized militancy of Africans and African Americans but by the impact of the Pacific War as well. As a chastened U.S. and U.K. moved vigorously after this conflict to remove the conditions that made Japan's success possible.
