Sunday Bloody Sunday With An Introductory Essay Written Specially For This Edition:

The Poetry of Bloody Sunday Kübra Özermiş, 2025-09-29 As a turning point that changed the course of the Troubles the Bloody Sunday massacre continues to define ongoing debates about the legacy of the Troubles and the impact of state violence Bloody Sunday has been at the centre of numerous cultural and literary expressions which deal with the grief and trauma of the massacre such as murals songs plays and poetry This volume is the first comprehensive study of the poetry of Bloody Sunday written by critically acclaimed Irish poets including Seamus Heaney Paul Muldoon Thomas Kinsella Seamus Deane and Medbh McGuckian By focusing on poems written between 1972 and 2015 this book examines each poet's attempt to find an apt way of articulating the anger trauma and grief over the massacre with most of the poets continuously returning to the shooting in their poetry throughout their careers The monograph outlines how in the face of adversity the poets draw on old Irish literary traditions such as Gaelic laments and Aisling poetry which offer an indigenous anti colonial and counter hegemonic response to a massacre that was experienced as a colonial aggression It also discusses the complex relationship between poetry and politics and the negotiation between aesthetic freedom and the moral obligation to write about Bloody Sunday

George Oppen and the Fate of Modernism Peter Nicholls, 2007-10-25 Regard for George Oppen's poetry has been growing steadily over the last decade Peter Nicholls's study offers a timely opportunity to engage with a body of work which can be both luminously simple and intriguingly opaque Nicholls charts Oppen's commitment to Marxism and his later explorations of a poetics of being inspired by Heidegger and Existentialism providing detailed accounts of each of the poet's books He is the first critic to draw extensively on the Oppen archive with its thousands of pages of largely unpublished notes and drafts for poems in doing so he is able to map the distinctive contours of Oppen's poetic thinking and to investigate the complex origins of many of his poems Oppen emerges from this study as a writer of mercurial intensities for whom every poem constitutes a beginning again a freeing of the mind from thoughts known in advance A strikingly innovative and challenging poetics results from Oppen's attempt to avoid what he regards as the errors of the modernist avant garde and to create instead a designedly impoverished aesthetic which keeps poetry close to the grain of experience and to the political and ethical dilemmas it constantly poses

in his introduction In the following essays I have interrogated the struggle for an urban architecture in the modern period its critiques and aspirations in the belief that understanding the historical dimensions of the debate will lead to a renewal of interest in an architecture calculated to redeem if only partially our planet of slums and its deteriorating environment an interest that will not simply reject utopia out of hand or fall back into the complacencies of nostalgia Written during a period in which the debates themselves were actively engaged by critics and supporters of modernism they reflect contemporary issues as they search for their prehistory As historical inquiries they inevitably also engage the transformations in history writing itself since 1970 intellectual responses to the social and political conditions of postwar modernity This fascinating series of essays on issues and figures is an invaluable resource for architects and art historians and enthusiasts of structure and substance alike

The Life and Times of Moses Jacob Ezekiel Peter Adam Nash, 2014-03-06 The Life and Times of Moses Jacob Ezekiel American Sculptor Arcadian Knight tells the remarkable story of Moses Ezekiel and his rise to international fame as an artist in late nineteenth century Italy Sephardic Jew homosexual Confederate soldier Southern apologist opponent of slavery patriot expatriate mystic Victorian dandy good Samaritan humanist royalist romantic reactionary republican monist dualist theosophist freemason champion of religious freedom proto Zionist and proverbial Court Jew Moses Ezekiel was a riddle of a man a puzzle of seemingly irreconcilable parts Knighted by three European monarchs courted by the rich and famous Moses Ezekiel lived the life of an aristocrat with rarely a penny to his name Making his home in the capacious ruins of the Baths of Diocletian in Rome he quickly distinguished himself as the consummate artist and host winning international fame for his work and consorting with many of the lions and luminaries of the fin de siècle world including Giuseppe Garibaldi Queen Margherita Franz Liszt Richard Wagner Sarah Bernhardt Gabriele D Annunzio Eleonora Duse Annie Besant Clara Schumann Sir Lawrence Alma Tadema Alphonse Daudet Mark Twain mile Zola Robert E Lee Augustus Saint Gaudens and Isaac Mayer Wise In a city besieged with eccentrics he a Southern Jewish homosexual sculptor was outstanding an enigma to those who knew him a man at once stubbornly original and deeply emblematic of his times According to Stanley Chyet in his introduction to Ezekiel s memoirs The contemporary European struggle between liberalism and reaction between modernity and feudalism between

the democratic and the hierarchical is rather amply refracted in Ezekiel's account of his life in Rome. Indeed so many of the contentious cultural, political, artistic, and scientific struggles of the age converged in the figure of this adroit and prepossessing Jew.

Author Under Sail James W. Williams, 2021-02 In *Author Under Sail: The Imagination of Jack London* 1902-1907 Jay Williams explores Jack London's necessity to illustrate the inner workings of his vast imagination. In this second installment of a three-volume biography, Williams captures the life of a great writer expressed through his many creative works such as *The Call of the Wild* and *White Fang*, as well as his first autobiographical memoir *The Road*, some of his most significant contributions to the socialist cause and notable uncompleted works. During this time, London became one of the most famous authors in America, perhaps even the author with the highest earnings as he prepared to become an equally famous international writer. *Author Under Sail* documents London's life in both a biographical and writerly fashion, depicting the importance of his writing experiences as his career followed a trajectory similar to America's from 1876 to 1916. The underground forces of London's narratives were shaped by a changing capitalist society, media outlets, racial issues, increases in women's rights, and advancements in national power. Williams factors in these elements while exploring London's deeply conflicted relationship with his own authorial inner life. In London's work, the imagination is figured as a ghost or as a ghostlike presence, and the author's personas, who form a dense population among his characters, are portrayed as haunted or troubled in some way. Along with examining the functions and works of London's exhaustive imagination, Williams takes a critical look at London's ability to tell his stories to wide arrays of audiences, stitching incidents together into coherent wholes so they became part of a raconteur's repertoire. *Author Under Sail* provides a multidimensional examination of the life of a crucial American storyteller and essayist.

Literature's Critique, Subversion, and Transformation of Justice Ruben Moi, 2024-03-19 Literature is an institution per se, as is justice, and these two institutions enact each other in complex ways. Justice appears in many forms, from divine right and religious ordainment to metaphysical imperative and natural law, to national jurisdiction, social order, human rights, and civil disobedience. What is just and right has varied in time and place, in war and peace. A sense of justice appears inextricable from human concerns of ethics and morals. Literature includes a vast range of writing, from holy texts to banned books. Parts of literature, particularly in the past, have laid down the law. In more recent history, literature has gradually assumed radical roles of critique, subversion, and transformation of the existing law and order in contents, themes, language, and form. *Literature's Critique, Subversion, and Transformation of Justice* offers a selection of research that examines how various types of literature and arts give shape and

significance to ideas of justice in various fields **Political Performances** Susan C. Haedicke, 2009 *Political Performances Theory and Practice* emerges from the work of the Political Performances Working Group of the International Federation for Theatre Research Fédération Internationale pour la Recherche de Théâtrale The collection of essays strives to interrogate definitions and expand boundaries of political performance Members of Political Performances are from around the world and so approach the intersection of politics and performance from very different perspectives Some focus on socio political context others on dramatic content others on political issues and activism and still others examine the ways in which communities perform their collective identity and political agency The organizational structure of *Political Performances* highlights the variety of ways in which politics and performance converge Each section Queries Texts Contexts and Practice frames this confluence according to certain common threads that emerge from essays that deal with topics from the ethics of autobiographical performance the political efficacy of verbatim theatre the challenges of community based performance political and self censorship and the impossibility of representing atrocity The essays challenge existing ideas of political performance and point the way to new approaches
