Quebec in revolt Herman Buller, *The Social History of Ideas in Quebec, 1760-1896* Yvan Lamonde, 2013-05-01 In *The Social History of Ideas in Quebec 1760 1896* Yvan Lamonde traces the province's political and intellectual development from the British Conquest to the election of Prime Minister Wilfrid Laurier From the individuals who formulated them to the networks in which they circulated to their reception Yvan Lamonde focuses on ideas at work and their role in shaping Quebec history The mapping of a complete intellectual circuit allows Lamonde to follow the strains of ideological debates monarchism liberalism republicanism democracy revolution ultramontanist nationalism over more than a century His work is informed by an encyclopaedic reading of the print culture of the period and the book conveys a profound and nuanced knowledge of the social context and cultural channels educational institutions newspapers the book trade in which intellectual debate occurred Lamonde argues that while these ideas concerned politics they went beyond the political they were a fundamental and everyday element of civic society that was expressed in the public sphere through pamphlets the popular press and sermons Lamonde's scrutiny of public opinion in Quebec allows him to place such currents of thought in the colony's international context that of France England Rome the United States and their respective metropolises *The Social History of Ideas in Quebec 1760 1896* covers a volatile time in the province's history from the end of the French Regime through the American invasion the War of 1812 and the Rebellions in Lower Canada capturing the cultural ascension of a society and the foundations of Quebec identity **Biographical** William Henry Atherton, 1914 *Rome in Canada* Roberto Perin, 1990-06-01 In the three decades after Confederation an aggressive Anglo Saxon nationalism struggled to imprint its cultural model on the emerging Canadian state It was countered by a defensive French Canadian nationalism chiefly articulated by a majority within the Roman Catholic clergy In this study Roberto Perin explores the role of the Vatican in this struggle and in the political religious and cultural life of Canada during this period **Montreal, 1535-1914:**
Biographical William Henry Atherton, 1914 **Montreal, 1535-1914 ...** William Henry Atherton, 1914 *The Academy* ,1878 **The Academy and Literature** ,1878 *Academy and Literature* Charles Edward Cutts Birch Appleton, Charles Edward Doble, James Sutherland Cotton, Charles Lewis Hind, William Teignmouth Shore, Alfred Bruce Douglas, Ellis Ashmead-Bartlett, Thomas William Hodgson Crosland, 1878 **Captive Court** Ian Bushnell, 1992-10-08 Throughout his study Bushnell investigates the question of the absence of an independent judicial tradition in Canada and the development of distinct legal doctrine by the Supreme Court He analyses the nature and cause of the lack of independent thought that makes the Court captive to inherited traditions and legal doctrines and prevents it from achieving its true potential within the Canadian legal system Previous studies of the Court have concentrated on the years after 1949 by expanding the coverage to

include the first three quarters of a century of the Court's existence Bushnell has uncovered a critical aspect of Canadian legal history Bushnell provides an analysis of more than eighty cases decided by the Court between 1876 and 1989 He examines the backgrounds and views of the sixty seven judges who served on the Supreme Court during this period evaluating both the role they felt they played in Canadian society and the role others expected them to play He studies the question of the right of appeal to the Judicial Committee of the Privy Council and its effect on the Supreme Court as well as the movement toward the abolition of appeal In the concluding part of the study Bushnell considers the controversy over the demand for impartial justice criticism of the judiciary and the judges who will take the Court into the twenty first century

Three Civilizations, Two Cultures, One State Douglas V. Verney, 1986 This volume examines 150 years of Canadian political life in light of one of the country's most intractable problems its cultural identity Although many thoughtful Canadians remain dubious about the existence of a truly Canadian way of life Douglas Verney argues that in fact Canada's political traditions embody and reflect a unique culture and that although the Canadian government has been the primary instrument for nurturing this culture it has been at the same time the entity most guilty of obscuring and ignoring it

Racial Attitudes in English-Canadian Fiction, 1905-1980 Terrence Craig, 1987-08-31 Examines stereotypes in Canadian literature reflecting both the racist view that Jews and other aliens could never become good white Canadians because of their inherent defects and the belief that with time they could assimilate Discusses the origins of ethnic tension in Canada Up to 1939 English Canadian literature expressed the demand for British Protestant political and cultural dominance The popular novelist Charles Gordon a Presbyterian minister viewed the British especially the Scots as the chosen race and even when trying to present Jews sympathetically he treated them as stereotypes John Murray Gibbon was violently antisemitic F P Grove saw the Jews as urban businessmen exploiting the peasant immigrants After 1945 antisemitism became unfashionable Works by Jews such as Mordecai Richler exposed anti Jewish discrimination and English Canadians produced works attacking antisemitism and racism
