The Counts of Tripoli and Lebanon in the Twelfth Century Kevin James Lewis,2017-04-21 The county of Tripoli in what is now North Lebanon is arguably the most neglected of the so called crusader states established in the Middle East at the beginning of the twelfth century The present work is the first monograph on the county to be published in English and the first in any western language since 1945 What little has been written on the subject previously has focused upon the European ancestry of the counts of Tripoli a specifically Southern French heritage inherited from the famous crusader Raymond IV of Saint Gilles Kevin Lewis argues that past historians have at once exaggerated the political importance of the counts French descent and ignored the more compelling signs of its cultural impact highlighting poetry composed by troubadours in Occitan at Tripoli s court For Lewis however even this belies a deeper understanding of the processes that shaped the county What emerges is an intriguing portrait of the county in which its rulers struggled to exert their power over Lebanon in the face of this region s insurmountable geographical forces and its sometimes bewildering always beguiling diversity of religions languages and cultures The counts of Tripoli and contemporary Muslim onlookers certainly viewed the dynasty as sons of Saint Gilles but the county s

administration relied upon Arabic its stability upon the mixed loyalties of its local inhabitants and its very existence upon the rugged mountains that cradled it This book challenges prevailing knowledge of this little known crusader state and by extension the medieval Middle East as a whole Ernest Tubb Ronnie Pugh,1998 Paperback edition of Fall 96 title
