The Handicrafts Of The Sailor:

The Handicrafts of the Sailor Steven Banks, 1974 The Sailor's Magazine , 1841 **Objects of Poverty** Joseph Harley, Vicky Holmes, 2025-07-24 *Objects of Poverty* is the first volume dedicated to analysing the material culture of poverty in British history from 1700 to the present. The book examines the history of poverty through the objects owned by the poor and those crafted, repurposed or simply encountered by them, offering critical new insights into the experience of being impoverished. This collection brings together leading and emerging scholars who draw on a wide array of objects of poverty from those that survive today (ranging from dolls to whistles to textile samples) to those that have long since gone and now only exist in visual and written sources. The contributors trace the importance of materiality in eighteenth-century and modern life, covering objects connected to sustenance, home, the makeshift childhood, animals, money, workhouses and injury and death. In its 23 chapters, along with some 77 illustrations, the book provides a detailed exploration of the history of poverty in Britain. Each of the chapters is based on original research and makes a new contribution to the literature. This book will be fascinating reading for history enthusiasts, students, to established academics across multiple disciplines.

The Carver's Art Simon J. Bronner, 2021-11-21 Chains carved from a single block of wood, cages whittled with wooden balls rattling inside, all made with just a pocketknife, are among our most enduring folk designs. Who makes them and why? What is their history? What do they mean for their makers, for their viewers, for our society? Simon J. Bronner portrays four wood carvers in southern Indiana, men who had been transplanted from the rural landscapes of their youth to industrial towns. After retiring, they took up a skill they remembered from childhood. Bronner discusses how creativity helped these men adjust to change and how viewers' responses to carving reflect their own backgrounds. By recording the narratives of these men's lives, the stories and anecdotes that laced their conversation, Bronner finds new insight into the functions and symbolism of traditional craft. Including a new illustrated afterword in which the author discusses recent developments in the carver's art, this new edition will appeal to carvers, scholars, and anyone interested in traditional woodworking. **History And Science**

Of Knots John C. Turner, Pieter Van De Griend, Charles Warner, 1996-05-30 This book brings together twenty essays on diverse topics in the history and science of knots. It is divided into five parts which deal respectively with knots in prehistory and antiquity, non-European traditions, working knots, the developing science of knots, and decorative and other aspects of knots. Its authors include archaeologists who write on knots found in digs of ancient sites, one describes the knots used by the recently discovered Ice Man, practical knotters who have studied the history and uses of knots at sea for fishing and for various life support activities, a historian of lace, a computer scientist writing on computer classification of doilies, and mathematicians who describe the history of knot theories from the eighteenth century to the present day. In view of the explosion of mathematical theories of knots in the past decade with consequential new and important scientific applications, this book is timely in setting down a brief, fragmentary history of mankind's oldest and most useful technical and decorative

Voices from the Lower Deck Monique Layton,2019-12-10 *Voices from the Lower Deck* examines the role of folklore as the instrument of integration and bonding for the ordinary seafarer during the Age of Sail Mainly based on contemporary sailors narratives and historical and folkloric texts the book evokes common themes the harsh environment the cruel discipline the brutal way of life and the release of onshore carousing and whoring but also the coordinated work and effort of daily tasks and the tremendous pride of seeing themselves as unique men against a background of landlubbers The psychological and physical survival of these disparate men from many origins depended on their rapid integration into the common culture the folklore and the folkways of what historians have called the wooden world **The Sailor's Home: The Girdle of Truth A.**

L. O. E., You seem to be weary my friend said Mr Curtis the vicar of Colme stopping courteously to speak to a sailor who was seated on the stump of a tree at the side of the pathway It was a glowing day in August the air was hot and sultry and dust lay thick on the road Ned Franks the sailor rose on being addressed and touched his glazed hat on which appeared the badge of the anchor surmounted by a crown which showed that he had belonged to the Royal Navy He was a fine stalwart looking young man scarcely thirty years of age with sunburnt cheek and thick curling hair and as Mr Curtis met the glance of his clear blue eye the clergyman thought that he had never looked upon a face more manly or pleasant I ve walked twenty miles sir since sunrise said Franks glancing at the bundle which he had been carrying on a stick across his shoulder and which was now resting against the stump from which he had risen But I m nigh port now I take it if yonder s the village of Colme Are you going to visit it asked the vicar I m going to drop anchor there for good sir answered the tar I ve a sister a step sister I should say living yonder she and I are all that are left of the family now and I ll make my home with her please God Surely you are too young to give up the navy my friend Idleness would be no blessing to a fine strong lad such as you seem to be you may have many years before you yet of good service to the Queen I shall never serve the Queen again bless her replied the young sailor with a touch of sadness And Mr Curtis then for the first time remarked that the left sleeve of Ned s blue jacket hung empty But I don t look to be idle sir continued Franks in a tone more cheerful Bessy will have my bit of a pension for the mess and the berth and I ll see if I can t make myself useful in some way or other go errands or maybe try the teaching tack anything would be better than lying like a log on the shore *The Commercialized Crafts of Thailand* Erik Cohen,2000-07-01
