The Heart Of A Man A Naval Pilots Vietnam Diary:

The Heart of a Man Frank Callihan Elkins,1973 Describes the daily experiences and mixed emotions of an A 4 pilot in the war that eventually took his life **The Heart of a Man** Frank Callihan Elkins,1992-04-05 Lt Elkins flew combat missions over Vietnam that won him seven air medals and the Distinguished Flying Cross He was shot down on October 12 1966 and listed as MIA for over 23 years until his remains were identified in 1990 Elkins poignant diary reveals his love of flying his horror of friends dying and his guilt over killing unseen individuals The book includes a new epilogue by Elkins wife

Historical Dictionary of the War in Vietnam Ronald B. Frankum Jr.,2011-06-10 For Southeast Asia the Vietnam War altered forever the history topography people economy and politics of the Democratic Republic of Vietnam DRV the Republic of Vietnam RVN Cambodia and Laos That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective One way of understanding the Vietnam War is by marking its time with turning points both major and minor that involved events or decisions that helped to influence its course in the years to follow By examining a few of these turning points an organizational framework takes shape that makes understanding the war more possible Historical Dictionary of the War in Vietnam emphasizes the international nature of the war as well as provide a greater understanding of the long scope of the conflict The major events associated with the war will serve as the foundation of the book while additional entries will explore the military diplomatic political social and cultural events that made the war unique While military subjects will be fully explored there will be greater attention to other aspects of the war All of this is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about the Vietnam War **A-4**

Skyhawk vs North Vietnamese AAA Peter E. Davies,2020-09-17 While the F 105 Thunderchief was the USAF s principal strike weapon during the Rolling Thunder campaign the US Navy relied on the Douglas A 4 Skyhawk for the majority of its strikes on North Vietnam The Skyhawk entered service in 1956 and remained in continuous production for 26 years Throughout Operation Rolling Thunder it was the US Navy s principal daytime light strike bomber remaining in use after its replacement the more sophisticated A 7 Corsair II began to appear in December 1967 During the 1965 68 Rolling Thunder period up to five attack carriers regularly launched A 4 strike formations against North Vietnam These formations faced an ever expanding and increasingly coordinated Soviet style network of anti aircraft artillery missiles and fighters Skyhawk pilots were often given the hazardous task of attacking anti aircraft defences and to improve accuracy they initially dropped ordnance below 3000 ft in a 30 degree dive in order to bomb visually below the persistent low cloud over North Vietnam putting the aircraft within range of small arms fire The defenders had the advantage of covering a relatively small target area and the sheer weight of light medium and heavy gunfire directed at an attacking force brought inevitable casualties and a single rifle bullet could have the same effect as a larger shell This illustrated title examines both the A 4 Skyhawk and the

Vietnamese AAA defences in context exploring their history and analysing their tactics and effectiveness during the conflict

Vietnam War Era Mitchell K. Hall, 2009-05-20 An insightful look into the immediate and long term impact of the Vietnam War on a wide range of people and social groups both Americans in the United States and in Vietnam This collection of essays by highly respected social historians looks at the Vietnam War era through the eyes of the ordinary citizens caught up in those tumultuous times Focusing on the period between 1961 and 1975 from the dramatic U S military escalation to the fall of Saigon it offers fresh insight on the impact of the war on individuals on the home front and the battlefield Each chapter of Vietnam War Era People and Perspectives examines how a particular group of Americans interacted with the war and its related issues among them military advisors and soldiers the silent majority and antiwar activists women labor unions African Americans students government leaders veterans the media and religious communities The authors draw clear connections between the stories of individual lives and the larger social movements that defined the era s human drama

Voices from the Vietnam War Xiaobing Li, 2010-05-07 Some of this book is heartrending some of it is as gripping as a thriller and all of it will add to our understanding of the war Booklist The Vietnam War s influence on politics foreign policy and subsequent military campaigns is the center of much debate and analysis But the impact on veterans across the globe as well as the effects on individual lives and communities is a largely neglected issue As a consequence of cultural and legal barriers the oral histories of the Vietnam War currently available in English are predictably one sided providing limited insight into the inner workings of the Communist nations that participated in the war Furthermore many of these accounts focus on combat experiences rather than the backgrounds belief systems and social experiences of interviewees resulting in an incomplete historiography of the war Chinese native Xiaobing Li corrects this oversight in Voices from the Vietnam War Stories from American Asian and Russian Veterans Li spent seven years gathering hundreds of personal accounts from survivors accounts that span continents nationalities and political affiliations The twenty two intimate stories in this book feature the experiences of American Chinese Russian Korean and North and South Vietnamese veterans representing the views of both anti Communist and Communist participants including Chinese officers of the PLA a Russian missile training instructor and a KGB spy These narratives humanize and contextualize the war s events while shedding light on aspects of the war previously unknown to Western scholars providing fresh perspectives on a long discussed topic Li s achievement is most remarkable for the window he opens onto the lives of Chinese and Russian veterans their rare accounts appear here for the first time in English Publishers Weekly United States Naval History Barbara A. Lynch, John E. Vajda, 1993

Historical Dictionary of the United States Navy James M. Morris, Patricia M. Kearns, 2011-04-01 The United States Navy has evolved in the last century and a half from humble and often frustrating beginnings during and after the Revolutionary War to become the strongest navy in the world with responsibilities that span the globe The story of the Navy from its birth through the Civil War and other 19th century conflicts through its victories of World War I and World War II and down to the

current efforts in the Middle East to maintain the peace not only for the United States but also for other nations as the world's primary peace keeper has been one of responding to the call of duty as captured by its unofficial motto *Non sibi sed patriae* Not self but country No other nation's navy past or present can match its successes and history The second edition of *Historical Dictionary of the United States Navy* covers U S Naval developments personnel and engagements from the colonial times to the present day This is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries on people places events and other terminology of the Navy This book is an excellent access point for students researchers and anyone wanting to know more about the United States Navy **United States**
