such as *For Sama* 2019 *Capernaum* 2018 and *Taxi Tehran* 2015 to lesser known films from the region While freedom of expression is often understood through the lens of state censorship she reveals the different types of obstacles that filmmakers face and their strategies for overcoming them so that those constraints are transformed into creative opportunities Using her original interviews with filmmakers such as Waad al Kateab Yasmin Fedda Larissa Sansour Mani Haghighi and Ossama Mohammed she identifies nine creative strategies for producing work under conditions of crisis Chaudhuri argues that creativity is indelibly shaped by constraints whether these are externally imposed by existing materials funding and socio political conditions or self imposed constraints through choices of genre or acceptance of rules and responsibilities She shows that the range of creative strategies emanating from the region is much wider than allegory and becoming ever more direct She thus opens up new lines of inquiry into cinematic creativity in sites of conflict and crisis in the Middle East and beyond

Women and Development Jamal Sanad Al-Suwaidi, 2020-03-16 His Excellency Prof Jamal Sanad Al Suwaidi Director General of the Emirates Center for Strategic Studies and Research has published a new book titled *Women and Development* which addresses over four chapters major issues relevant to Arab Islamic thought regarding women and their role in development His Excellency believes that women's problems are in fact

society's problems and these problems will not be solved without the involvement of government and private organizations and society as a whole. Improving the status of women and promoting their participation in development is the concern of the entire country. The author puts forth arguments proving the unsustainable rhetoric voiced by regressive political Islam which sought through selective interpretation of Islamic texts to impose restrictions on the freedom of women and their participation in the development process. The author also provides practical responses to urgent questions regarding the status of women in Islam such as their access to education and presence in labor markets in relation to men. In this regard the author refers to statistics and survey data as well as analytical readings of the circumstances involving women's rights in GCC countries. In the last chapter the author explores the status of women in the United Arab Emirates as they set a role model for Gulf and Arab women. This model was shaped by the late Sheikh Zayed bin Sultan Al Nahyan may God rest his soul in peace through his open and insightful thought and implemented through effective policies and programs.
