The New Politics The Expanding Technology Of Political Manipulation:

Routledge Handbook of Political Management Dennis W. Johnson, 2010-03-17 A comprehensive overview of the field of applied politics encompassing political consulting campaigns and elections lobbying and advocacy grass roots politics fundraising media and political communications the role of the parties political leadership and the ethical dimensions of public life **The New Politics** James Moorhead Perry, 1968 **Nelson Rockefeller's Dilemma** Marsha E.

Barrett, 2024-08-15 Nelson Rockefeller's Dilemma reveals the fascinating and influential political career of the four time New York State governor and US vice president Marsha E Barrett's portrayal of this multi faceted political player focuses on the eclipse of moderate Republicanism and the betrayal of deeply held principles for political power Although never able to win his party's presidential nomination Rockefeller's tenure as governor was notable for typically liberal policies infrastructure projects expanding the state's university system and investing in local services and the social safety net As the Civil Rights movement intensified in the early 1960s Rockefeller envisioned a Republican Party recommitted to its Lincolnian heritage as a defender of Black equality But the party's extreme right wing encouraged by its successful outreach to segregationists before and after the nomination of Barry Goldwater pushed the party to the right With his national political ambitions fading by the late 1960s Rockefeller began to tack right himself on social and racial issues refusing to endorse efforts to address police brutality accusing without proof Black welfare mothers of cheating the system or introducing harsh drug laws that disproportionately incarcerated people of color These betrayals of his own ideals did little to win him the support of the party faithful and his vice presidency ended in humiliation rather than the validation of moderate ideals An in depth insightful and timely political history Nelson Rockefeller's Dilemma details how the standard bearer of moderate Republicanism lost the battle for the soul of the Party of Lincoln leading to mainlining of white grievance populism for the post civil rights era

Building a Business of Politics Adam D. Sheingate, 2016 Today politics is big business Most of the 6 billion spent during the 2012 campaign went to highly paid political consultants In Building a Business of Politics a lively history of political consulting Adam Sheingate examines the origins of the industry and its consequences for American democracy

DeVille, Hedvah L. Shuchman, 1968 **Congress and the New Politics** John S. Saloma, 1969 New York State and the Rise of Modern Conservatism Timothy J. Sullivan, 2008-12-01 From the early 1960s until 1980 New York's Conservative and Republican Parties battled on the editorial page at the ballot box and in the courts over the ideology of the GOP New York State and the

Rise of Modern Conservatism recounts the story of how New York reputedly the most liberal of all states played a critical role in conservatism's political ascendancy and in the redrawing according to ideology of the country's party lines Examining the colorful personalities central to the transformation including Governor Nelson Rockefeller William F Buckley Jr John Lindsay Roy Cohn Jackie Robinson Clare Booth Luce G Gordon Liddy and William Casey author Timothy J Sullivan recounts the details of the party's battle a battle that ultimately forced the state's liberal Republicans to choose between their party and their ideology resulting in a reliably conservative national GOP prepared to nominate Ronald Reagan

Republic of Spin David Greenberg, 2016-01-11 A brilliant fast moving narrative history of the leaders who have defined the modern American presidency Bob Woodward In Republic of Spin a vibrant history covering more than one hundred years of politics presidential historian David Greenberg recounts the rise of the White House spin machine from Teddy Roosevelt to Barack Obama His sweeping startling narrative takes us behind the scenes to see how the tools and techniques of image making and message craft work We meet Woodrow Wilson convening the first White House press conference Franklin Roosevelt huddling with his private pollsters Ronald Reagan's aides crafting his nightly news sound bites and George W Bush staging his Mission Accomplished photo op We meet too the backstage visionaries who pioneered new ways of gauging public opinion and mastering the media figures like George Cortelyou TR's brilliantly efficient press manager 1920s ad whiz Bruce Barton Robert Montgomery Dwight Eisenhower's canny TV coach and of course the key spinmeisters of our own times from Roger Ailes to David Axelrod Greenberg also examines the profound debates Americans have waged over the effect of spin on our politics Does spin help our leaders manipulate the citizenry Or does it allow them to engage us more fully in the democratic project Exploring the ideas of the century's most incisive political critics from Walter Lippmann and H L Mencken to Hannah Arendt and Stephen Colbert Republic of Spin illuminates both the power of spin and its limitations its capacity not only to mislead but also to lead

Strategy Sir Lawrence Freedman, 2013-09-02 Selected as a Financial Times Best Book of 2013 In Strategy A History Sir Lawrence Freedman one of the world's leading authorities on war and international politics captures the vast history of strategic thinking in a consistently engaging and insightful account of how strategy came to pervade every aspect of our lives The range of Freedman's narrative is extraordinary moving from the surprisingly advanced strategy practiced in primate groups to the opposing strategies of Achilles and Odysseus in The Iliad the strategic advice of Sun Tzu and Machiavelli the great military innovations of Baron Henri de Jomini and Carl von Clausewitz the grounding of revolutionary strategy in class struggles by Marx the insights into corporate strategy found in Peter Drucker and Alfred Sloan and the contributions of the leading social scientists working on strategy today The core issue at the heart of strategy the author notes is whether it is possible to manipulate and shape our environment rather than simply become the victim of forces beyond one's control Time and again Freedman demonstrates that the inherent unpredictability of this environment subject to chance events the efforts of opponents the missteps of friends provides strategy with its challenge and its drama

Armies or corporations or nations rarely move from one predictable state of affairs to another but instead feel their way through a series of states each one not quite what was anticipated requiring a reappraisal of the original strategy including its ultimate objective Thus the picture of strategy that emerges in this book is one that is fluid and flexible governed by the starting point not the end point A brilliant overview of the most prominent strategic theories in history from David s use of deception against Goliath to the modern use of game theory in economics this masterful volume sums up a lifetime of reflection on strategy
