The New Religious Image Of Urban America The Shopping Mall As Ceremonial Center:

The New Religious Image of Urban America Ira G. Zepp, 1986 **Shopping as an Entertainment Experience**

Mark Howard Moss, 2007-01-01 Shopping as an Entertainment Experience explores the ways in which shopping has become a significant entertainment feature in our daily lives Dr Mark H Moss examines the department store the mall and the e store to demonstrate how shopping is often the most common leisure experience that people indulge in to occupy themselves This unique book focuses on the historical evolution of shopping environments into contemporary entertainment or cultural zones Through a phenomenological framework Moss analyzes the way stores outlets and restaurants in malls mingle and merge aspects of consumption and merchandising Shopping as an Entertainment Experience appeals to sociologists cultural theorists and those interested in popular culture American Sacred Space David Chidester, Edward T.

Linenthal, 1995-11-22 In a series of pioneering studies this book examines the creation and the conflict behind the creation of sacred space in America The essays in this volume visit places in America where economic political and social forces clash over the sacred and the profane from wilderness areas in the American West to the Mall in Washington D C and they investigate visions of America as sacred space at home and abroad Here are the beginnings of a new American religious history told as the story of the contested spaces it has inhabited The contributors are David Chidester Matthew Glass Edward T Linenthal Colleen McDannell Robert S Michaelsen Rowland A Sherrill and Bron Taylor *Shopping Malls and Other*

Sacred Spaces Jon Pahl, 2008-12-29 Christian historian Sidney Mead has observed In America space has played the part that time has played in older cultures of the world In Shopping Malls and Other Sacred Spaces Jon Pahl examines this provocative statement in conversation with what he calls the spatial character of American theology He argues that places are always imaginatively constructed by the human beings who inhabit them Sometimes this spatial theology works to our benefit other times it poses spiritual risks What happens when our banal clothing of the sacred violates our genuine need for comfort and intimacy Or when we remember that the fleeting pleasures of a shopping trip or a Disneyland escape are designed to fill someone else's pocket rather than the spiritual emptiness in our own hearts Pahl develops several ways to clothe the divine from within the Christian tradition He introduces a theology of place that reveals aspects of God's character through biblical metaphors drawn from physical spaces such as the true vine the rock and the living water Accessible and thought provoking this enlightening book provides a better grasp of our particularly American way of lending religious significance to spaces of all kinds **Immortal Longings: Meeting Jesus Along the Way** Fred Herron, 2000 This book takes a personal approach

to spirituality by exploring Jesus through his personal life and relationships Herron focuses on Jesus travels on the road to Emmaus where he met many disciples along the way By paralleling Christ's journey with our daily trials one can discover the many dimensions of love and the one sustaining Spirit even in the most minute detail of day to day life Immortal Longings serves as a guide for those who are searching and grasping for understanding in their lives and journeys The exploratory

nature of this book makes it especially appealing to college students and older adolescents

Memorable Customer Experiences Joëlle Vanhamme, 2016-04-22 Experiential marketing or memorable customer experiences is proving a popular tool amongst businesses seeking to make an impact in a competitive world Yet the scramble to achieve a presence among experience providers has led many companies to design and implement experiential marketing without integrating it with their overall marketing strategy These companies often end up dissatisfying their customers rather than delighting them This research anthology investigates different angles of experiential marketing The 16 chapters are organised in six sections The first section considers whether memorable customer experiences result from the use of traditional marketing practices perhaps implemented more effectively than previously or require entirely new practices with new foundations that turn companies into experience providers Section two details ways businesses seek to build brands through putting experiential marketing into practice while section three asks whether there are general principles that can be applied to the design of customer experiences which ensure successful

outcomes whatever market you may operate in Section four examines how companies manage their customer experiences once they have made the strategic decision to provide them and section five looks at methods available to evaluate the success of these customer experiences Experiential marketing changes everything claim the management gurus but is it really so significant that not joining this race is dangerous The last section of the book offers a much needed critique of experiential marketing

Afterlives of Confinement Susana Draper, 2015-08-15 During the age of dictatorships Latin American prisons became a symbol for the vanquishing of political opponents many of whom were never seen again In the postdictatorship era of the 1990s a number of these prisons were repurposed into shopping malls museums and memorials Susana Draper uses the phenomenon of the opening of prisons and detention centers to begin a dialog on conceptualizations of democracy and freedom in post dictatorship Latin America Focusing on the Southern Cone nations of Uruguay Chile and Argentina Draper examines key works in architecture film and literature to peel away the veiled continuity of dictatorial power structures in ensuing consumer cultures The afterlife of prisons became an important tool in the forgetting of past politics while also serving as a reminder to citizens of the liberties they now enjoyed In Draper s analysis these symbols led the populace to believe they had attained freedom although they had only witnessed the veneer of democracy in the ability to vote and consume In selected literary works by Roberto Bola o Eleuterio Fernandez Huidoboro and Diamela Eltit and films by Alejandro Agresti and Marco Bechis Draper finds further evidence of the emptiness and melancholy of underachieved goals in the afterlife of dictatorships The social changes that did not occur the inability to effectively mourn the losses of a now hidden past the homogenizing effects of market economies and a yearning for the promises of true freedom are thematic currents underlying much of these texts Draper s study of the manipulation of culture and consumerism under the guise of democracy will have powerful implications not only for Latin Americanists but also for those studying neoliberal transformations globally
