Mark Christopher Allister

The Nonfiction Novel:

Reciprocities in the Nonfiction Novel John Russell, 2000 Nonfiction novels have usually been associated with the new journalism writers of the 1960s such as Tom Wolfe Norman Mailer and Truman Capote Yet this form has long commanded a key position in the literary canon as John Russell now reveals Russell identifies eleven major works not usually thought of as nonfiction novels such as Isak Dinesen's *Out of Africa* and E E Cummings's *The Enormous Room* to create a new definition of the genre He shows that journalistic writing is characterized by a reporter's proprietary stance which undermines reciprocity with subjects while true nonfiction novels feature greater reciprocity and also employ such techniques as circular narrative and bricolage *Reciprocities in the Nonfiction Novel* contributes to ongoing explorations of literary forms and offers wise commentary on how writing about real life can become art

The Nonfiction Novel Robert Augustin Smart, 1985-02-06
Refiguring the Map of Sorrow Mark Christopher Allister, 2001 This study brings together the genres of autobiography and environmental literature It examines a form of grief narrative in which writers deal with mourning by standing outside the text in writing about the natural world and inside it in making that exposition part of the grieving process

The American Biographical Novel Michael Lackey, 2016-04-07 Before the 1970s there were only a few acclaimed biographical novels But starting in the 1980s there was a veritable explosion of this genre of fiction leading to the publication of spectacular biographical novels about figures as varied as Abraham Lincoln Ludwig Wittgenstein Friedrich Nietzsche Emily Dickinson Virginia Woolf Henry James and Marilyn Monroe just to mention a notable few This publication frenzy culminated in 1999 when two biographical novels Michael Cunningham's *The Hours* and Russell Banks' *Cloudsplitter* were nominated for the Pulitzer Prize and Cunningham's novel won the award In *The American Biographical Novel* Michael Lackey charts the shifts in intellectual history that made the biographical novel acceptable to the literary establishment and popular with the general reading public More specifically Lackey clarifies the origin and evolution of this genre of fiction specifies the kind of truth it communicates provides a framework for identifying how this genre uniquely engages the political and demonstrates how it gives readers new access to history

The Reflexive Novel Michael Boyd, 1983 Interrogating the basic assumptions of realism this study examines the postmodern phenomenon of fiction as the presentation of theories of fiction The writers critically examined include Nabokov Woolf Conrad Faulkner Joyce and Beckett

The Cambridge History of the American Novel Leonard Cassuto, 2011-03-24 An authoritative and lively account of the development of the genre by leading experts in the field

The End of Literature, Hegel, and the Contemporary Novel Francesco Campana, 2019-11-28 This book explores the concept of the end of literature through the lens of Hegel's philosophy of art In his version of Hegel's end of art thesis Arthur Danto claimed that contemporary art has abandoned its distinctive sensitive and emotive features to become increasingly reflective Contemporary art has become a question of philosophical reflection on itself and on the world thus producing an epochal change in art history The core idea of this book is that this thesis applies quite well to all forms of art

except one namely literature literature resists its end Unlike other arts which have experienced significant fractures in the contemporary world Campana proposes that literature has always known how to renew itself in order to retain its distinguishing features so much so that in a way it has always come to terms with its own end Analysing the distinct character of literature this book proposes a new and original interpretation of the end of art thesis showing how it can be used as a key conceptual framework to understand the contemporary novel **Norman Mailer** J. Michael

Lennon,2013-11-07 Norman Mailer was one of the most famous writers of his generation People who had never read a word that he wrote knew who he was because of his fame as a novelist or journalist or his notoriety because of his womanising his rivalries with other writers his appearances on television his political outspokenness and his prominence as a leading intellectual of his era A provocative chronicler of the second half of the twentieth century both as a journalist and a novelist works such as *The Naked and the Dead* and *The Executioner's Song* vividly define a moment in American history J Michael Lennon was authorised by Mailer to write his biography and as such has had access to family and friends and to unpublished documents and letters Norman Mailer A Double Life reflects Mailer's dual identities journalist and activist devoted family man and notorious philanderer intellectual and fighter writer and public figure Jew and atheist Whether you admired him or loathed him he was remarkable and unique His was an astonishing life *The Cambridge Companion to American Fiction After 1945* John N. Duvall,2012 A comprehensive 2011 guide to the genres historical contexts cultural diversity and major authors of American fiction since the Second World War **Truman Capote** Truman Capote,1987 Truman Capote once said The thing I like to do most in the whole world is talk and talk he does in the more than two dozen interviews collected in this book The topics are often gossip about the famous people Capote ran with but always he provides revealing information about his writings the authors who inspired him his meticulous methods of research and composition and his personal reverence for the craft of authorship He was as the editor notes fiercely devoted to his art and keenly aware of his place in the world of letters While his detractors such as Ernest Hemingway and Gore Vidal spoke out long and loud against the feisty and media minded writer from Louisiana Capote here has the last word What emerges is a portrait of the author as pop cult figure unabashed in his pursuit of fame and fortune but unstinting in his devotion to becoming one of America's major prose stylists These interviews range from the first he granted after the publication of his first novel through his shockingly personal self interview which appeared at the end of his last major work
