The Nuclear Suitcase:

The Nuclear Suitcase Henry Williams, 2005-07 The War on Terror is over but America cannot rest easy yet If the United States doesn't act quickly a terrorist strike will occur setting the entire globe on edge and redefining life on an international scale In his office Patrick steadied himself Realizing a threat is one thing when dealing with countries and peoples on the other side of the Earth but this threat would threaten his family his way of life and all those he loved This threat was personal Fear set firmly in his mind He thought of picking up the phone and calling his wife Would she be home yet Perhaps he should leave and go get her and their family and get out of Washington But the fact that he held an office of such importance to the world was paramount He gathered himself his paperwork and picked up the phone his voice shakier than it had ever been previously in an official situation Get me the President

The Al Qaeda Connection Paul L. Williams, 2010-03-05 In this new work by a terrorism expert the author of Osama's Revenge The Next 9 11 further explores the shocking dimensions of the international terrorist threat to America Illustrations

Osama's Revenge Paul L. Williams, 2010-05 A shocking exposé on the potential for nuclear terrorism on U S soil Even after 9 11 most experts continue to underestimate the dangers of extremist terrorism Not Paul Williams America cannot afford to ignore his terrifying contentions Williams reminds us that we have not seen the last or even the worst of Osama bin Laden and his hydra headed network of terror organizations Neil J Kressel Ph D author of Mass Hate The Global Rise of Genocide and Terror It's important to know your enemy And Paul Williams in this book sheds light on the evil intentions of Osama bin Laden like few others do Brian Kilmeade cohost of Fox Friends Former consultant for the FBI on organized crime and international terrorism and a seasoned investigative reporter Paul Williams reveals the potential for nuclear terrorism on U S soil in this shocking exposé Based on the findings of U S Israeli Pakistani and U K intelligence Williams describes how the theft of tactical nuclear weapons from Russian arsenals have in all likelihood made their way to al Qaeda cells throughout the United States in preparation for the next terrorist attack Williams presents evidence showing that in the chaos following the demise of the Soviet Union the Chechen mafia got their hands on portable Russian nuclear weapons Between 1996 and 2001 they negotiated the sale of twenty nuclear suitcase bombs to representatives of Osama bin Laden According to Williams reliable sources indicate that these bombs may already be in the possession of al Qaeda cells in New York Washington Miami Chicago Las Vegas Houston and Los Angeles In addition bin Laden has recruited former Soviet scientists and technicians to maintain these weapons and recharge their nuclear cores so that they may be deployed immediately on his command In 2001 he issued a statement boasting of a Hiroshima against America Also included in the book are bin Laden's Letter to America and his Declaration of War against the Americans Occupying the Land of the Two Holy Places as well as the World Islamic Statement declaring Jihad against Jews and Crusaders These crucial documents highlight the rationale behind and the depth of bin Laden's hatred for the United States Moreover Williams documents that Osama has the international network of embedded terrorists to carry out

his threats Although the media have reported on some of these threatening developments and government insiders have acknowledged the threat of nuclear attack no one until now has put all the pieces together in a coherent no nonsense way Williams makes a persuasive case that Bin Laden and his deputies have the motive and the means and are waiting for the right opportunity to launch an apocalyptic attack against the Great Satan of America Paul Williams Ph D Clarks Green PA is a journalist and author of *The Vatican Exposed Money Murder and the Mafia* among other books Formerly he served as a consultant for the FBI editor and publisher of the *Metro* and an adjunct professor of Humanities at the University of Scranton

Secrets from the Black Vault John Greenewald, Jr.,2020-04-15 What happens when the history books are wrong The United States Government wants you to not question the narrative that in some cases has been written by them for more than a century But sometimes real facts emerge from declassified documents that challenge what you thought you knew This book dissects some of the most amazing declassified documents that have changed the history of the world and our perception of it With each turn of the page *Secrets from The Black Vault* reveals declassified programs and formerly top secret illustrations that detail an Air Force s secret plan to build a Mach 4 flying saucer the Department of Defense s plan to detonate a nuclear bomb on the surface of the moon the use of psychic spies within the CIA how an unidentified object almost sparked World War III and much more Declassified documents within *The Black Vault* play a crucial role in understanding the inner workings of America s top secret agendas *Russian Threat Perceptions and Plans for Sabotage Against the United States* United States. Countdown to Terror Curt Weldon,2013-02-05 Congressman Curt Weldon provides a rare indeed unique insight on what is going on in the war on terrorism through his *Ali missives* The book is a case study of an intelligence failure in the process of happening with potentially catastophic consequences for the United States Moreover Curt accurately diagnoses the larger problems in the intelligence community that can result in intelligence failures He offers a blueprint for solving
