The Spirituality of Sex J. Harold Ellens, 2009-03-20 This book describes the psychospiritual facts of life about the pervasiveness of sexuality in all aspects of human life The energy developed by our libido is the dynamic source of all the forces that shape our experience life motives thought feelings desires and spiritual longings No facet of life is untouched or unshaped by this dynamo Whether we are sitting in church at worship in a meeting for business in a party for pleasure we are always aware of the gender of those who are around us and of their level of sensuality as it impacts us If we are not aware of that some wounding has produced an impairment in us that has forced us to repress the awareness inappropriately This work is not a how to manual so much as a description of the deep meaningfulness that can be found in the spirituality of sex It is designed to enlighten us about ourselves to give names to what we all feel all the time and do not know quite how to describe It is about savoring the spiritual flavor of sexual play and sexual union This is a book for everyone from the inquiring adolescent to the mature adult looking for what is missing in sex and relationships This is not a book mainly for Christians or Jews It is about the generic human spirituality in every one of us true believer and atheist alike It is about being human more fully and with greater satisfaction Human spirituality is best defined as our irrepressible hunger and quest for meaning in all aspects of life Human sexuality is best defined as our irrepressible hunger and quest for union with other persons and the meaning of life found in the wholeness that such union brings Sexuality and spirituality are not two different things They are two names for the same thing the irrepressible human quest for meaning fulfillment union and wholeness They are not two different forces nor are they in any way at odds with one another as they have been made to seem in the polarizing attitudes about sexuality and spirituality popular in human society thanks to the excessive and negative moralization of sex Here Ellens sheds new light on the interplay of sexuality and spirituality through the use of anecdotes observation and thoughtful analysis *AARP The Seven Spiritual Laws of Yoga* Deepak Chopra, M.D., 2012-04-17 AARP Digital Editions offer you practical tips proven solutions and expert guidance The remarkable benefits of yoga which include improved flexibility balance muscle tone endurance and vitality only hint at the extraordinary power of this deeply spiritual practice When adhered to and practiced

Raleigh,2024-10-27 Due to overwhelming interest these two occult classics Occult Geometry and Hermetic Science of Motion and Number have been revised and revamped for the next generation of readers and knowledge seekers across all formats Man cannot investigate the Universe He can only interrogate it This should not be taken to mean that it is impossible for us to know absolute Truth as this assumption would be an error It simply shows us that the inductive method of research is absolutely incapable of bringing us into a realization of absolute Truth Combined both works spin a compelling interpretation of the Kosmos and Man s journey of evolution and the wisest man is simply the most efficient mirror Without such knowledge an accurate understanding of nature is impossible Buy Now Begin within

Sex and Love in the Home, Second Edition David M. McCarthy,2011-01-01 This book inaugurates a completely new way of thinking about the ethics of marriage and sex I know of no book on the subject more promising than what McCarthy has achieved here Stanley Hauerwas Gilbert T Rowe Professor of Theological Ethics Duke University Much has been written in Christian theology about sex love and procreation but their social meanings and contributions are much more rarely addressed McCarthy now takes this greatly neglected task eloquently connecting the Christian household to the common good All those who want to realize the social vocation of the Christian family will find in this work a rich and challenging resource for understanding and for life Lisa Sowle Cahill J Donald Monan Professor of Theology Boston College Drawing on his own experience of learning how to be a husband and father David Matzko McCarthy offers wonderfully incisive and readable reflections on the habits of the household a neighborly space which resists consumerism and enables sexual relationships to be ordinary meaningful and passionate If you think that all that Christian theology has to say about sex and relationships is twaddle about complementarity and family values then this is the book for you Gerard Loughlin Senior Lecturer in Religious Studies University of Newcastle upon Tyne
