The Occult Understanding Of Hitler And The Nazis

David Livingstone

The Occult Understanding Of Hitler And The Nazis:

The Nazis and the Occult Paul Roland, 2018-02-20 No one can deny Paul Roland is a complete master of his subject Colin Wilson author of *The Occult* and *A Criminal History of Mankind* Why did the country which produced Goethe Beethoven Bach Schiller Einstein Kant and Hegel allow itself to be led to the precipice of self destruction by a ragged collective of criminals misfits sadists and petty bureaucrats *The Nazis and the Occult* reveals the true nature of the Third Reich's link with arcane influences and of evil itself as well as explaining how an illeducated psychologically unbalanced nonentity succeeded in mesmerizing an entire nation Forget what you have read seen and heard This is the real secret history of Nazi Germany and its dark Messiah Adolf Hitler *The Occult Understanding of Hitler and the Nazis* Cyril Scott, 2005-12-01 *The Nazis and the Occult* Dusty Sklar, 1989 **Revisiting the "Nazi Occult"** Monica Black, Eric Kurlander, 2015 New collection of essays promising to re energize the debate on Nazism's occult roots and legacies and thus our understanding of German cultural and intellectual history over the past century **Between Occultism and Nazism** Peter Staudenmaier, 2014-04-03 The relationship between Nazism and occultism has been an object of fascination and speculation for decades Peter Staudenmaier's *Between Occultism and Nazism* provides a detailed historical examination centered on the anthroposophist movement founded by Rudolf Steiner Its surprising findings reveal a remarkable level of Nazi support for Waldorf schools biodynamic farming and other anthroposophist initiatives even as Nazi officials attempted to suppress occult tendencies The book also includes an analysis of anthroposophist involvement in the racial policies of Fascist Italy Based on extensive archival research this study offers rich material on controversial questions about the nature of esoteric spirituality and alternative cultural ideals and their political resonance *Hitler's Monsters* Eric Kurlander, 2017-06-06 A dense and scholarly book about the relationship between the Nazi party and the occult reveals stranger than fiction truths on every page Daily Telegraph The Nazi fascination with the occult is legendary yet today it is often dismissed as Himmler's personal obsession or wildly overstated for its novelty Preposterous though it was however supernatural thinking was inextricable from the Nazi project The regime enlisted astrology and the paranormal paganism Indo Aryan mythology witchcraft miracle weapons and the lost kingdom of Atlantis in reimagining German politics and society and recasting German science and religion In this eye opening history Eric Kurlander reveals how the Third Reich's relationship to the supernatural was far from straightforward Even as popular occultism and superstition were intermittently rooted out suppressed and outlawed the Nazis drew upon a wide variety of occult practices and esoteric sciences to gain power shape propaganda and policy and pursue their dreams of racial utopia and empire Kurlander shows how swiftly irrational ideas can take hold even in an age before social media The Washington Post Deeply researched convincingly authenticated this extraordinary study of the magical and supernatural at the highest levels of Nazi Germany will astonish The Spectator A trustworthy book on an extraordinary subject The Times A fascinating look at a little understood aspect of fascism Kirkus Reviews Kurlander

provides a careful clear headed and exhaustive examination of a subject so lurid that it has probably scared away some of the serious research it merits National Review **Black Terror White Soldiers** David Livingstone,2013-06-16 Far too ignorant of the histories of the rest of the world being aware of only the accomplishments of Greece Rome and Europe Westerners have been made to believe that their societies represent the most superior examples of civilization However the Western value system stems from a misconception that as in nature human society too is evolving The idea derives from the hidden influence of secret societies who followed the belief in spiritual evolution of the Kabbalah which taught that history would attain its fulfillment when man would become God and make his own laws Therefore the infamous Illuminati gave its name to the Enlightenment of the eighteenth century which claimed that human progress must abandon superstition meaning Christianity in favor of reason Thus the Illuminati succeeded in bringing about the French and American revolutions which instituted the separation of Church and State and from that point forward the Western values of Humanism seen to include secularism human rights democracy and capitalism have been celebrated as the culmination of centuries of human intellectual evolution This is the basis of the propaganda which has been used to foster a Clash of Civilizations where the Islamic world is presented as stubbornly adhering to the anachronistic idea of theocracy Where once the spread of Christianity and civilizing the world were used as pretexts for colonization today a new White Man s Burden makes use of human rights and democracy to justify imperial aggression However because after centuries of decline the Islamic world is incapable of mobilizing a defense the Western powers as part of their age old strategy of Divide and Conquer have fostered the rise of Islamic fundamentalism to both serve as agent provocateurs and to malign the image of Islam These sects known to scholars as Revivalists opposed the traditions of classical Islamic scholarship in order to create the opportunity to rewrite the laws of the religion to better serve their sponsors Thus were created the Wahhabi and Salafi sects of Islam from which were derived the Muslim Brotherhood which has been in the service of the West ever since But the story of the development of these Islamic sects involves the bizarre doctrines and hidden networks of occult secret societies being based on a Rosicrucian myth of Egyptian Freemasonry which see the Muslim radicals as inheritors of an ancient mystery tradition of the Middle East which was passed on to the Knights Templar during the Crusades thus forming the foundation of the legends of the Holy Grail These beliefs would not only form the cause for the association of Western intelligence agencies with Islamic fundamentalists but would fundamentally shape much of twentieth century history They Would Be Gods Anthony K. Forwood,2011 **The Oxford Handbook of Holocaust Studies** Peter Hayes,John K. Roth,2010-11-25 Few scholarly fields have developed in recent decades as rapidly and vigorously as Holocaust Studies The persecution and murder perpetrated by the Nazi regime have become the subject of an enormous literature in multiple academic disciplines Forty seven contributors debate the key issues at the start of the twenty first century **The Nazi Séance** Arthur J. Magida,2025-06-25 World War I left Berlin and all of Germany devastated Charlatans and demagogues eagerly exploited the desperate crowds Fascination

with the occult was everywhere in private spaces personalized psychic readings communions with the dead as people struggled to escape the grim reality of their lives In the early 1930s the most famous mentalist in the German capital was Erik Jan Hanussen a Jewish mind reader originally from Vienna who became so popular in Berlin that he rubbed elbows with high ranking Nazis became close with top Storm Troopers and even advised Hitler Called Europe's Greatest Oracle Since Nostradamus Hanussen assumed he could manipulate some of the more incendiary personalities of his time just as he had manipulated his fans He turned his occult newspaper in Berlin into a Nazi propaganda paper personally assured Hitler that the stars were aligned in his favor and predicted the infamous Reichstag Fire that would solidify the Nazis grip on Germany Seasoned with ruminations about wonder and magic and explanations of Hanussen's tricks The Nazi Space is a disturbing journey into a Germany as it descends into madness aided by a clairvoyant Jew oblivious to the savagery of men who pursued a Reich they fantasized would last 1 000 years
