The Guinness Olympics Fact:

The Guinness Olympics Fact Book Stan Greenberg, 1991 A collection of Olympic facts records statistics and trivia including detailed summaries of events at every summer and winter Games final medal tables from each venue event by event lists of every medal ever awarded and full records of each country's participation *Historical Dictionary of the Olympic Movement* Ian Buchanan, Bill Mallon, 2005-11-15 The Olympic Games brings together thousands of athletes competing in over 40 sports and representing over 200 nations But that is just the surface for none of this would be possible without the constant efforts of an incredible organization consisting of tens of thousands of sports lovers united in sports associations National Olympic Committees and the International Olympic Committee The third edition of this fascinating book deals with both levels of the competition the competitive side and the administrative side The dictionary includes hundreds of entries on the major sports more outstanding athletes participating countries and numerous bodies in the organization as well as successive generations of officials starting with the founder Pierre de Coubertin But that is not all Two chronologies trace the history of the Olympic movement back to the Ancient Olympiad first celebrated in Greece in 776 B C as well as all of the modern Games up to Athens in 2004 The appendixes then provide elusive facts on the Games the officials the torchbearers and the top Olympic medal winners A bibliography is included to allow further research Reviews of the Previous Edition Buchanan and Mallon provide comprehensive clearly written and well organized historical information about the Olympic movement Highly recommended Choice most useful for quick lookups and is the only one to have most information on individual athletes Reference Books Bulletin **The 1896 Olympic Games** Bill Mallon, Ture Widlund, 2015-07-11 During the 1996 Centennial Olympic Games in Atlanta much of the world watched and celebrated as athletes broke world records and took home medals fulfilling their Olympic dreams The athletes scores were available instantaneously and are now easily accessible but what about the performance records of the first modern Olympic athletes The Modern Olympic Games began in 1896 in Athens Greece but an official record of these Olympic games does not exist This work is the first in a series of comprehensive reference works giving the results of the Olympic Games beginning in 1896 Based primarily on 1896 sources the sites dates events competitors and nations as well as the event results are compiled herein for track and field cycling fencing gymnastics shooting swimming tennis lawn weightlifting wrestling and other sports and events Although mainly a statistical analysis this work does include a short synopsis of the Sorbonne Congress and reprints of famous articles about the Olympics **The 1904 Olympic Games** Bill Mallon, 2015-07-11 The 1904 Olympic Games in St Louis were both unusual and controversial One of the major problems for Olympic scholars has been to determine which of the events at these Games were truly of Olympic caliber The Games were included as part of the World's Fair and every athletic contest that took place under the Fair's auspices was deemed Olympic These activities included croquet and water polo high school and college championships in football and basketball as well as the Anthropology Days

events in which members of primitive tribes competed against one another The author demonstrates after great deliberation that 16 events of the 21 overall were truly Olympic sports and gives descriptions scores and analyses for each as well as for the five non Olympic events Appendices include literature relating to these games lists of noncompeting foreign entrants and a guide to all competitors **Historical Dictionary of the Olympic Movement** Bill Mallon,Jeroen Heijmans,2011-08-11

The fourth edition of the Historical Dictionary of the Olympic Movement presents a comprehensive history of the games from the first recorded history of the games in 776 B C to the present day This is done through a chronology forewords by Dan Jansen and Mike Krzyzewski an introductory essay appendixes a bibliography photos and over 900 cross referenced dictionary entries covering the history philosophy and politics of the Olympics and of course the medal winners This book is an excellent access point for students researchers and anyone wanting to know more about the Olympics **Historical**

Dictionary of the Olympic Movement John Grasso,Bill Mallon,Jeroen Heijmans,2015-05-14 The Olympic Movement began with the Ancient Olympic Games which were held in Greece on the Peloponnesus peninsula at Olympia Greece It is not clear why the Greeks instituted this quadrennial celebration in the form of an athletic festival The recorded history of the Ancient Olympic Games begins in 776 B C although it is suspected that the Games had been held for several centuries by that time The Games were conducted as religious celebrations in honor of the god Zeus and it is known that Olympia was a shrine to Zeus from about 1000 B C In modern time The Olympic Movement attempts to bring all the nations of the world together in a series of multisport festivals the Olympic Games seeking to use sport as a means to promote internationalism and peace This fifth edition of Historical Dictionary of The Olympic Movement covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 1000 cross referenced entries on the history philosophy and politics of the Olympics major organizations the various sports the participating countries and especially the athletes This book is an excellent access point for students researchers and anyone wanting to know more about The Olympic Movement **The 1900 Olympic Games** Bill Mallon,2015-07-11 The 1900 Olympic Games have been termed The Farcical Games The events were poorly organized and years later many of the competitors had no idea that they had actually competed in the Olympics They only knew that they had competed in an international sporting event in Paris in 1900 No official records of the 1900 Olympics exist Based primarily on 1900 sources the sites dates events competitors and nations as well as the event results are compiled herein for all of the 1900 Olympic events including archery track and field cricket equestrian fencing soccer pelota basque water polo and rowing among other sports The 1912 Olympic Games Bill

Mallon,Ture Widlund,2024-10-16 The 1912 Olympic Games held in Stockholm Sweden were the most modern Olympic Games yet celebrated and the most successful of the Modern Era to that date Much of the success is credited to the influence of Viktor Balck who is remembered as The Father of Swedish Sports The 1912 Olympics also featured new innovations and events A semiautomatic electrical timing device and a photo finish camera were used and the decathlon and modern

pentathlon were new events This work the sixth in a series on the early Olympics provides unusually extensive information on the sites dates competitors and nations of the Stockholm games Results for each event including cycling diving fencing rowing and sculling shooting tennis water polo and yachting among others are provided The 1906 Olympic Games Bill Mallon,2015-07-11 One of the early concepts of the Olympic Games was to include intercalated Games every four years between the normal cycle and to hold these Games in Athens the ancestral home of the Olympics In 1906 the first and only one of these games was held Occurring only two years after the St Louis Games of 1904 and two years before the London Games of 1908 the Athens Games were considered by many not to be official social and political forces prevented continuation of the intercalation cycle in 1910 and later Yet these Games were surprisingly successful and helped guarantee the survival of the modern Olympics This book fourth in the series on the early Olympics presents all the data on 29 nation and city state participants in more than a dozen events in the Athens Games Scores and descriptions are provided and many historical errors and omissions in other sources are corrected Appendices include the published program for the Games the actual schedule followed during the Games and country by country listings of all participating athletes The 1908 Olympic Games Bill Mallon,Ian Buchanan,2015-07-11 The 1908 Olympic Games were controversial There was almost constant bickering among the American team and the British officials Because of the controversies the 1908 Olympics have been termed The Battle of Shepherd s Bush referring to the site of the Olympic Stadium Reports of the 1908 Olympics have been rare and do not for instance contain full results for archery track and field athletics football soccer gymnastics motorboating and shooting A great deal of new information has been discovered by the authors and this work gives complete results for all events The information presented is based primarily on 1908 sources For the first time definitive word on the sites dates events competitors and nations as well as the event results are available for all of the 1908 Olympic events including boxing cycling diving fencing field hockey lacrosse polo raquets swimming lawn tennis tug of war weightlifting wrestling and yachting among other sports A series of appendices include rarely seen information about the many controversies surrounding the Games The 1920 Olympic Games Bill Mallon,Anthony Th. Bijkerk,2015-07-11 Until this volume was compiled the results of the 1920 Olympics held in Antwerp Belgium have been far from complete The Antwerp organizing committee typed up a report of the results almost as an afterthought because it was so financially strapped after the games For some events only the medalists are listed with little if any additional information Very few copies were ever produced and those few copies were in French The seventh in a series on the early Olympics this work fills a gap in the recording of early Olympics history by providing complete results for all competitors and all events except for shooting which has only partial information available In virtually all cases a 1920 source has been used in preference to a more modern source of information and all details have been fully researched in contemporary newspapers journals and magazines and checked for accuracy by experts on various sports from all over the world **The 1904 Anthropology Days and Olympic Games** Susan

Brownell,2008-12-01 One of the more problematic sport spectacles in American history took place at the 1904 World s Fair in St Louis which included the third modern Olympic Games Associated with the Games was a curious event known as Anthropology Days organized by William J McGee and James Sullivan at that time the leading figures in American anthropology and sports respectively McGee recruited Natives who were participating in the fair s ethnic displays to compete in sports events with the scientific goal of measuring the physical prowess of savages as compared with civilized men This interdisciplinary collection of essays assesses the ideas about race imperialism and Western civilization manifested in the 1904 World s Fair and Olympic Games and shows how they are still relevant A turning point in both the history of the Olympics and the development of modern anthropology these games expressed the conflict between the Old World emphasis on culture and New World emphasis on utilitarianism Marked by Franz Boas s paper at the Scientific Congress the events in St Louis witnessed the beginning of the shift in anthropological research from nineteenth century evolutionary racial models to the cultural relativist paradigm that is now a cornerstone of modern American anthropology Racist pseudoscience nonetheless reappears to this day in the realm of sports The A to Z of the Olympic Movement Bill Mallon,Ian Buchanan,2007 The Olympic Games bring together thousands of athletes competing in over 40 sports and representing over 200 nations But that is just the surface for none of this would be possible without the constant efforts of an incredible organization consisting of tens of thousands of sports lovers united in sports associations National Olympic Committees and the International Olympic Committee The A to Z of the Olympic Movement deals with both levels of the competition the competitive side and the administrative side This is accomplished through a bibliography two chronologies one tracing the history of the Ancient Olympiad and the other tracing the Modern Games appendixes providing facts on the Games the officials the torchbearers and the top Olympic medal winners and hundreds of cross referenced dictionary entries on the major sports more outstanding athletes participating countries and numerous bodies in the organization as well as successive generations of officials starting with the founder Pierre de Coubertin The Official History of the Olympic Games and the IOC - Part III: The Modern Era (1984-2012) David Miller,2012-11-16 With the sporting world still on a high following the triumphant 2012 Games in London The Official History of the Olympic Games and the IOC gives an unparalleled account of the Olympic story from its beginnings in Athens 1894 to the present day including an in depth account of the London Olympics This lavishly illustrated story covers the re creation of the Olympic Games by Pierre de Coubertin the often controversial fortunes of the governing body formed in 1894 and the highs and lows of the Olympics themselves since the first Games in 1896 It also tells the stories of the historic competitors from Spyridon Louis the inaugural marathon winner and such heroes as Jim Thorpe Paavo Nurmi Sonja Henie Jesse Owens Fanny Blankers Koen Emil Z topek Herb Elliott Kip Keino Mark Spitz Franz Klammer Sebastian Coe and Carl Lewis through to Hicham El Guerrouj Michael Phelps Usain Bolt Yu na Kim and Mo Farah Detailed background is provided to the many crises the Nazi Games of 1936 the massacre at Mexico

City in 1968 the terrorist slaughter of Israelis at the 1972 Munich Games the boycotts the advent of professionals from 1988 and the Ben Johnson scandal and the ongoing threat of drug abuse The mounting million dollar investment by medal obsessed nations is also questioned This elaborate analysis is the definitive account of the world's foremost sporting spectacle This the final volume of three ebooks covers the modern era 1984 2012 including this year's London Olympics

Hitler's Olympics Christopher Hilton, 2011-11-08 The Berlin Olympic Games more than 70 years on remain the most controversial ever held This book creates a vivid account of the disputes the personalities and the events which made these Games so memorable Ironically the choice of Germany as the host nation for the 1936 Olympics was intended to signal its return to the world community after defeat in World War I In actuality Hitler intended the Berlin Games to be an advertisement for Germany as he was creating it and they became one of the largest propaganda exercises in history Two Germans Jews competed in the Games while the most memorable achievement was that of black American Jesse Owens who won four gold medals Ultimately however Germany was the overall biggest medal winner The popular success of Owens allowed the Nazis to claim that their policies had no racial element and charges of antisemitism that did arise were levelled at the Americans

The Olympic Marathon David E. Martin, Roger W. H. Gynn, 2000 No Olympic event can rival the rich history and grand spectacle of the marathon Created for the first modern Olympic Games in Athens in 1896 as a commemoration of the legendary run by the Greek messenger Philippides the race has endured like no other producing a century of awe inspiring competition and unforgettable stories The Olympic Marathon brings the high drama and rich details of the past 24 Olympic marathon races to life in a way no other book ever has This definitive resource written by world renowned Olympic marathon experts David Martin and Roger Gynn goes beyond statistics to offer readers a vivid chronicle of the athletes and their memorable marathon performances Fans will relive the compelling moments that have made the Olympic marathon legendary Spiridon Louis winning the first modern Olympic marathon in Athens in 1896 Emil Z topek's dramatic triple gold performance in 1952 Ethiopian Abebe Bikila winning a gold medal while running barefoot Joan Benoit Samuelson earning her place in history as winner of the first Olympic women's marathon in 1984 and many other fascinating stories For each race The Olympic Marathon provides the following A summary of the geographical setting and political climate surrounding the Olympic Movement A course map and detailed street description A step by step narrative of how the race was run Biographical sketches of the top three finishers A Looking Ahead section which summarizes marathon highlights leading up to the next Olympic marathon Generously illustrated often with rare and never before published photos a pictorial glimpse is provided into the contemporary atmosphere and dynamics of each race Plus for readers who want complete statistics on each race the book provides a comprehensive appendix Included are chronological and alphabetical race results for all men and women who participated in the event and listings of the fastest men's and women's Olympic marathon performances The Olympic Marathon is the authoritative book on the race that has captured the imagination of the

world It s a one of a kind resource that every fan of running and the Olympics will treasure **The Complete Olympic Games Quiz Book** Martin Greensill,2012-08-20 Containing 1700 questions on many aspects of both the Summer and Winter Olympics The Complete Olympic Games Quiz Book provides a comprehensive resource that can be used in various ways such as testing family and friends or forming the basis of a more formal quiz The book covers the entire history of the modern Olympics from Athens 1896 to London 2012 and includes questions on all the sports that have featured at these Games There are also two multiple choice sections on numbers and two chapters of mixed bag questions which among other things bring out the quirky side of the Olympics through a variety of trivia teasers Including over 150 questions on London 2012 the book builds into a challenging but stimulating test of sporting knowledge and should provide hours of entertainment for fans of quizzes and the Olympics **Olympic Black Women** Martha Ward Plowden,1996 The ancient Greeks excluded women from the Olympics When the modern games were reinstated in 1896 the ban was continued But in the next Olympiad in 1900 women were included It was not until 1932 that the first African American women were selected to participate in the Olympics in Los Angeles California Since that eventful year more and more black women have participated in the Olympics Now they compete in all areas of track and field tennis basketball rowing volleyball and figure skating This book highlights some of the accomplishments of these Olympic medalists and attests to their magnificent representation of our country abroad With a brief biographical outline and a listing of each award won Martha Ward Plowden brings to life some of the worlds greatest athletes Included is a timeline of participants in each Olympics a listing of Olympic sites through the years a glossary and suggested reading An excellent text for history classes Olympic Black Women is a tribute to the accomplishment of Olympic women throughout the years **Guinness World Records 2010** Craig Glenday,2010 Lists records superlatives and unusual facts in the areas of fame business crime the natural world technology war the arts music fashion and sports

Cooperation and Confrontation in Nordic Civil Societies since 1800 Sunniva Engh,Ruth Hemstad,Mads Mordhorst,2024-12-05 This book examines Nordic civil societies from 1800 until today by studying the roles of voluntary action and associations in the Nordic region and beyond Through its diverse and historically informed analyses of civil society traditionally held to be a vital and integrated part of the democratic development of the region this book actively engages in discourses addressing the development of Norden the Nordic Model of society and the idea of a Nordic exceptionalism Focussing on the state civil society nexus and transnational dimension the book offers a comprehensive multidisciplinary discussion through twelve case studies and analyses what if anything is particularly Nordic about civil society developments in the region whether and how the Nordic countries stand out in terms of civil societies roles and impact and the blurred boundaries between civil society the state and the market This book will be of key interest to scholars and students of Nordic or Scandinavian Studies European Studies Civil Society Studies Political Science History Sociology and Literary studies The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons
