returns home to New Kassell Missouri from a vacation in Minnesota she finds two surprises first her mother in law is coming to town and second her mentor and boss Sylvia has finally passed away at the age of 102 Grief stricken and further distressed by her mother in law s unannounced visit Torie is dumbstruck when she learns that Sylvia has left all of her worldly possessions to Torie including the Gaheimer House which houses the local historical society With gigantic boxes of artifacts and paperwork dating back to the 1920 s to sort through Torie is quite overwhelmed But cleaning out Sylvia s things she finds something strange an old postcard from the late twenties addressed to Sylvia with a photograph of a little girl on the front and an ominous message on the back Torie quickly becomes determined to uncover the truth behind the mysterious photograph Who is the little girl And where was the photograph taken Unable to make sense of her discovery Torie s suspicions deepen when she learns that Sylvia hired a private detective and installed a security system just prior to her death Was Sylvia s death natural or intentional As Torie resolves to find out the truth she learns that some of the people in her town are not necessarily what they seem to be and it becomes clear that somebody wants her silenced Filled with the intricate stories and engaging characters that have come to characterize her mysteries once again Rett MacPherson delivers a fascinating story that promises to delight fans and newcomers alike

**Killed by Death** Bill MacWithey, 2000-06-30 Killed by Death When CIA assassin John Taylor receives an assignment to eliminate a top ranking U S Air Force General he draws the line even though he knows he will be on the companys hit list for knowing about an assignment but not carrying it out In an attempt to warn the target he is in danger Taylor becomes entangled in an operation much larger than the assassination of the general A top secret military device has been stolen and it looks as if the general and his daughter might be involved in the theft When he finds himself is on someones hit list Taylor is on his own to not only stay alive but figure out what the hell is going on and who wants him and the general dead When he goes to London to confront or warn the general hes not sure which an attempt is made on his life by a small group of army rangers But they dont know the kind of survivor at all costs they have taken on He kills all the would be assassins and makes it to the generals headquarters in London Taylor isnt prepared for what he encounters mainly the generals daughter Tracy an army first lieutenant He has never seen a soldier that looks like her and they soon become lovers Tracy is a computer expert and works in the Allied Headquarters Europe Actually the headquarters is a huge listening station staying on top of what European leaders are saying in their phone conversations and communications It is a spy network headquarters Tracy has intercepted a message from a satellite system that isnt even supposed to be online unless the US is involved in a war Its a highly secret system about which very few people know The message is a complete dozier on the general and the commander of Army Special Forces They are both marked for assassination Taylors search which includes Tracy as an assistant leads him to a top secret facility in Utah There a scientist has developed a device that will see stealth aircraft Now that device is for sale by someone to the highest bidder John Taylors only living relative is his sister Doris Although he is confident no one knows she exists when his life is in danger he send her

off on a trip to Barbados to get her out of the line of fire She is kidnapped and held aboard a yacht so the enemy might lure Taylor into a trap They believe he knows where the missing device is hidden Taylor doesn't disappoint them and walks right into their trap Then he finds out Tracy is much more than a lieutenant who knows her way around computers when she comes to the rescue Taylor has always used women and dumped them when it was convenient But he finds himself to be truly in love for the first time in his life Then as they return to DC from Utah a passing car fires into their car and Tracy is killed Taylor is to say the least pissed He has always done his job without passion much like a mechanic changing a tire He was given an assignment to kill someone and he killed him or her always knowing it was for the good of democracy and his country But that has changed They made it personal when they killed Tracy and he vows to kill them all Whoever they are A seemingly unrelated incident takes place in the Caribbean A team of army rangers fires a deadly missile at a US frigate then the army team is all murdered on the shore of Honduras The helicopter crew which ferried the rangers ashore picks up the bodies and takes them to an aircraft carrier on maneuvers in the Caribbean As they leave the carrier a missile shoots down their helicopter A large naval fleet is participating in war games and the president goes to visit the carrier Before Taylor killed one of the perpetrators aboard the yacht where Doris had been held the man told him the entire thing was about assassinating the president Now Taylor realizes a team is aboard the carrier to sink it with explosives while the president is aboard He and Return to Fort Apache Tom Walker, 2011-06-21 More than thirty years ago Tom Walker published Fort Apache New York's Most Violent Precinct introducing the world to the 41 a South Bronx precinct that was home to more murders than the entire city of San Francisco To this day his story about life as police lieutenant in the 41 precinct remains the definitive account of the vicious cycle of violence that gripped urban America in the late twentieth century The battle between criminals and law enforcement did not end in 1971 but massive controversy over the book's publication precluded the release of a sequel until now With Return to Fort Apache Memoir of an NYPD Captain Walker finally tells the rest of his fascinating life story Return to Fort Apache was written to counter the prevailing politically correct opinion that the officers in Fort Apache used their weapons first and their wits last In addition Walker hopes to memorialize the courageous officers he served with in the 41 to remember forever their sacrifices their courage and their daily brushes with death and violence

*Books In Print 2004-2005* Ed Bowker Staff, Staff Bowker, Ed, 2004 **The Rough Guide to Germany** Neville Walker, James Stewart, Christian Williams, 2009-05 Gives facts history and data on Germany and provides information on accommodations restaurants sights walks and drives No Known Species Stephen N Berberich, 2009-09-09 In January of 1987 Rebecca Cann a research scientist from the University of Berkeley published an astounding discovery Using mitochondrial DNA as her blueprint Dr Cann was able to trace the first human to a solitary female born in Africa about 200 000 years ago These facts suggest that this large step in evolution occurred within the span of a single lifetime The study clearly departs from Darwin's concept of evolution Furthermore there is a fundamental truth hidden in Cann's research if a

Genesis event happened once it is inevitable that it will happen again No Known Species The Dark Secret of the Genesis Cycle is a novel that blends Darwin s theories and a mysterious force that seems to control the destiny of the human race The book begins with the recreation of the biblical tale of Genesis only this time it is not the story of our ancestors birth but the birth of a vastly superior race and it takes place not in the Garden of Eden but in the belly of contemporary society In 1984 two extraordinary babies are born on identical birth dates 3000 miles apart and under mysterious circumstances Imagine for one moment that you are Peter Gault and Kate Donavon lone mutants with advanced physical and mental gifts How would you adjust to a primitive world that was governed by humans Moreover would humanity ever learn to accept a race of beings that had such vast superiority One central question builds in the minds of Kate and Peter If it were discovered that their birth meant the end of the human race as they knew it would these special beings be permitted to survive As the story unfolds the interwoven lives of Kate and Peter serve to unravel the mystery of the Genesis cycle and possibly wreak havoc on the natural order of man
