Annual Meeting* Maine State Bar Association,1925 List of members in each volume **Show Me a Nigger and I'll Show You a Racist** Yahdon Israel,2009-05-19 History has been taught through illusions in order to divide and establish power These constant illusions force the Psychopathic Genius to develop a stream of consciousness that evokes a maladaptive schizophrenic disposition In this schizophrenic state the Psychopathic Genius manifests recurring illusions that were once used to control as a means of controlling As the story progresses these illusions become so cliché that it forces the Psychopathic Genius to rebuke societal doctrine This epic doesn't evolve instead it shows the continual war that we all fight Protagonist vs Antagonist God vs Satan Adam vs Eve Rich vs Poor Old vs New Parent vs Child Black vs White Right vs Wrong Morality vs Judgment Society vs Individual Master vs Slave and most pertinent to the Psychopathic Genius Nigger vs Racist Step inside the lost paradise of a Brave New World This book is rated PG Psychopathic Genius Vanity is the only sanity **Plotting the Prince** Kevin Gray Carr,2012-11-30 Plotting the Prince traces the development of conceptual maps of the world created through the telling of stories about Prince Shōtoku 573-622 an eminent statesman who is credited with founding Buddhism in Japan It analyzes his place in the sacred landscape and the material relics of the cult of personality dedicated to him focusing on the art created from the tenth to fourteenth centuries The book asks not only who Shōtoku was but also how images of his life served the needs of devotees in early medieval Japan Even today Shōtoku evokes images of a half real half mythical figure who embodied the highest political social and religious ideals Taking up his story about four centuries after his death this study traces the genesis and progression of Shōtoku's sacred personas in art to illustrate their connection to major religious centers such as Shitenno-ji and Horyu-ji It argues that mapping and storytelling are sister acts both structuring the world in subtle but compelling ways that combined in visual narratives of Shōtoku's life to shape conceptions of religious legitimacy communal history and sacred geography Plotting the Prince introduces much new material and presents provocative interpretations that call upon art historians to rethink fundamental conceptions of narrative and cultic imagery It offers social and political historians a textured look at the creation of communal identities on both local and state levels scholars of religion a substantially new way of understanding key developments in doctrine and practice and those studying the past in general a clear instance of visual hagiography taking precedence over the textual tradition **The Picture that Will Live Forever** Ina Bertrand,William D.
