instant solution of and relief in their problems and seek proper guidance shall find this book a boon *In the Heart of the World* Mario Mantese,2015-12-28 This uncommon book is a journey of discovery in the truest sense of those words a journey to unseen inner worlds Mario Mantese's thorough investigation of internal frontiers and parallel worlds are depicted here and the reader is awe struck by his extraordinary sensitivity and his almost unlimited spiritual capabilities and how he employs them to cross over secret invisible boundaries What he saw experienced and had to endure is fascinating and simply inconceivable for the human intellect His contacts with various masters and the manner in which these events occurred are deeply touching and invite the reader into unfathomable depths of our existence This book is certainly one of the most unusual autobiographies ever to be published in the field of spiritual literature Transformation of the Heart Judy Warner,1998 **Out from the Heart** James Lane Allen, As the heart so is the life The within is ceaselessly becoming the without Nothing remains unrevealed That which is hidden is but for a time it ripens and comes forth at last Seed tree blossom and fruit is the fourfold order of the universe From the state of a man's heart proceed the conditions of his life his thoughts blossom into deeds and his deeds bear the fruitage of character and destiny Life is ever unfolding from within and revealing itself to the light and thoughts engendered in the heart at last reveal themselves in words actions and things accomplished As the fountain from the hidden spring so issues man's life from the secret recesses of his heart All that he is and does is generated there All that he will be and do will take its rise there Sorrow and gladness suffering and enjoyment hope and fear hatred and love ignorance and enlightenment are nowhere but in the heart they are solely mental conditions Man is the keeper of his heart the watcher of his mind the solitary sentinel of his citadel of life As such he can be diligent or negligent He can keep his heart more and more carefully he can more strenuously watch and purify his mind and he can guard himself against the thinking of unrighteous thoughts this is the way of enlightenment and bliss On the other hand he can live loosely and carelessly neglecting the supreme task of rightly ordering his life this is the way of self delusion and suffering Let a man realize that life in its totality proceeds from the mind and lo the way of blessedness is opened up to him For he will then discover that he possesses the power to rule his mind and to fashion it in accordance with his Ideal So will he elect to strongly and steadfastly walk those pathways of thought and action which are altogether excellent to him life will become beautiful and sacred and sooner or later he will put to flight all evil confusion and suffering for it is impossible for a man to fall short of liberation enlightenment and peace who guards with unwearying diligence the gateway of his heart
