**The Cross at the Heart of the Church** Petre Maican, 2025-09-18 Can Eastern Orthodoxy apply the term church to other Christian communities Emerging from the 2016 Pan Orthodox Council this issue sparked one of the most heated debates in contemporary Eastern Orthodoxy According to Maican grappling with this question within the current framework of Eastern Orthodox ecclesiology presents significant challenges In this unifying work he

argues that neither the emphasis on the Eucharist nor the adherence to the Tradition of the Fathers is capable of accommodating legitimate Christian otherness. Instead Maican proposes a cruciform ecclesiology positing the cross as not only foundational to doctrines and sacraments but also as the primary criterion for discerning the ecclesial nature of a community. Through dialogue with Dumitru Staniloae, Hans Urs von Balthasar, and Paul Tillich, this book employs a conversationalist approach to this intricate problem. Ultimately Maican provides a nuanced examination of the cross in ecclesiology, yielding bold propositions for recognizing the ecclesial status of other Christian communities.

**Paint me a dream** John McGuckin, 2011-01-15 John McGuckin's work is anchored deep in the realities of life, personal, social, political. [The Line through the Heart](#) J. Budziszewski, 2014-04-29 The suicidal proclivity of our time writes the acclaimed philosopher J. Budziszewski is to deny the obvious. Our hearts are riddled with desires that oppose their deepest longings because we demand to have happiness on terms that make happiness impossible. Why? And what can we do about it? Budziszewski addresses these vital questions in his brilliantly persuasive new book *The Line Through the Heart*. The answers can be discovered in an exploration of natural law, a venture that with Budziszewski as our expert guide takes us through politics, religion, ethics, law, philosophy, and more. Natural law, the author states plainly but provocatively, is a fact about human beings as surely as we have hands and feet. We have the foundational principles of good and evil woven into the fabric of our minds. From this elemental fact emerges a natural law theory that unfolds as part of a careful study of the human person. Thus Budziszewski shows natural

law forms a common ground for humanity But this common ground is slippery While natural law is truly an observable part of human nature human beings are hell bent quite literally on ignoring it The mere mention of the obligations imposed on man by his nature will send him into a rage In this sense *The Line Through the Heart* explores natural law as not simply a fact and a theory but also a sign of contradiction While investigating the natural law and its implications Budziszewski boldly confronts and offers a newly integrated view of a wide range of contemporary issues including abortion evolution euthanasia capital punishment the courts and the ersatz state religion being built in the name of religious toleration Written in Budziszewski's usual crystalline style *The Line Through the Heart* makes clear that natural law is a matter of concern not merely to scholars it touches how each of us lives and how all of us live together His profoundly important examination of this subject helps us make sense of why habits that run against our nature have become second nature and why our world seems to be going mad

Saiedi, 2010-03-31 In 1844 a charismatic young Persian merchant from Shiraz known as the Báb electrified the Shīh world by claiming to be the return of the Hidden Twelfth Imam of Islamic prophecy But contrary to traditional expectations of apocalyptic holy war the Báb maintained that the spiritual path was not one of force and coercion but love and compassion The movement he founded was the precursor of the Bahá'í Faith but until now the Báb's own voluminous writings have been seldom studied and often misunderstood *Gate of the Heart* offers the first in depth introduction to the writings of the Báb Taking an interdisciplinary approach the author examines the Báb's major works in multifaceted context explaining the unique theological system mystical world view and interpretive principles they embody as well as the rhetorical and symbolic uses of language through which the Báb radically transforms traditional concepts Arguing that the Báb movement went far beyond an attempt at an Islamic Reformation the author explores controversial issues and offers conclusions that will compel a re evaluation of some prevalent assumptions about the Báb's station claims and laws Nader Saiedi's meticulous and insightful analysis identifies the key themes terms and concepts that characterize each stage of the Báb's writings unlocking the code of the Báb's mystical lexicon *Gate of the Heart* is a subtle and profound textual study and an essential resource for anyone wishing to understand the theological foundations of the Bahá'í religion and the Báb's significance in religious history Co published with the Association for Bahá'í Studies
