Zagoria,2015-12-08 What happens if the two most powerful partners in the Communist world cannot agree on basic issues of principle and policy Donald S Zagoria who was from 1951 to 1961 an analyst of Communist Bloc politics for the U S Government traces the development of serious conflict between the U S S R and China from the 20th Party Congress in 1956 to the 22nd Party Congress in late 1961 This conflict has enveloped three major areas global strategy domestic policy and intra Bloc relations and has plagued the relations between Khrushchev and Mao Tse tung and affected their differing attitudes toward de Stalinization the communes Yugoslavia Taiwan and the developing African and Asian nations In studying these differing policies Mr Zagoria makes extensive use of the published statements of the Chinese and Russian Communists his analysis of this literature is in itself an important contribution to all future evaluations of Communist intentions Originally published in 1962 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Sino-Soviet Conflict, 1956-1961** Donald S. Zagoria,1964 **Sino-Soviet Conflict** United States. Congress. House. Committee on Foreign Affairs. Subcommittee on the Far East and the Pacific,1965 Reviews Sino Soviet ideological and border disputes and their possible impact on U S policy and military objectives in Vietnam **Sino-Soviet Conflict, Report ... by the Subcommittee on the Far East and the Pacific ... Together with Hearings Held March 10-31, 1965** United States. Congress. House. Foreign Affairs,1965 **Sino-Soviet Dialogue on the Problem of War** S. Yin,2012-12-06 The author has spent upwards of ten years in working on this book His objective is to clarify the military aspect of the Moscow Peking dialogue which has not yet received its deserved treatment The apogee of that dialogue seems to have been passed toward the end of the rule of Khrushchev Yet the Vietnam war spawns fresh contention Our cover age will span the development from 1956 to the present The beginning of the dispute with regard to the origins of war in general is taken up in the first two chapters The next three chapters discuss the several types of war with the frame of reference set in what now appears to be a quondam era But the principle differences between the disputants are just as outstanding today as they were then The penultimate chapter is somewhat wide in scope in order to deal with the larger and more intensely bitter polemics evolving after Khrushchev left office There have been many new and startling views held by both sides since then views splitting them poles apart Ominously at issue now is the question of Sino Soviet peaceful coexistence Our work obviously cannot wait until that question is answered to be finished The final chapter concludes our study To write of subjects as

dynamic as this one is a challenge because they are current affairs Due to the swift change of events no sooner is our typescript put to press than it needs a revision Reports and Documents United States. Congress, Hearings United States. Congress. House. Committee on Foreign Affairs,1965 **Hearings, Reports and Prints of the House Committee on Foreign Affairs** United States. Congress. House. Committee on Foreign Affairs (1789-1975),1965 **A Companion to International History 1900 - 2001** Gordon Martel,2010-03-29 A comprehensive overview of the most important international events movements and controversies of the 20th century Written by distinguished scholars each an authority in their field Explores influential underlying themes such as imperialism nationalism internationalism technological developments and changes in diplomatic methods Addresses a broad range of topics including diplomacy of wartime and peacemaking the cold war era and the new world order the end of European empires the rise of nationalism in the Third World globalization and terrorism Chronological organization makes the volume easily accessible Includes useful guides for further reading and research *Problems of Communism* ,1961 **Mongolia in the Twentieth Century** Stephen Kotkin,Bruce Allen Elleman,2015-02-12 The remote vastness of Mongolia has remained somewhat of a mystery to most Westerners no less so in the 20th century Homeland of the legendary conqueror Chingiz Khan in modern times Mongolia itself has been the object of imperial rivalry For most of the 20th century it was under Soviet domination Mikhail Gorbachev began the withdrawal of Soviet troops from Mongolia in 1989 a process completed in 1992 By 1996 a coalition of opposition parties triumphed in national elections and Mongolia launched itself on a new course It is perhaps the most intriguing of the post community transition societies This volume examines Mongol history over the past century embracing not only Mongolia proper but also Mongol communities in Russia and China Contributions based on new archival research and the latest fieldwork are from the world s top experts in the field including four authors from Mongolia and others from Japan Russia Taiwan Great Britain and the United States Stephen Kotkin s introductory chapter is an overview of Mongol studies The essays in part 1 examine Sino Russian competition over Outer Mongolia Part 2 looks at international diplomacy in Mongolia including the role of Japan Part 3 focuses on contemporary issues ranging from economic and cultural change to emergent elites A concluding essay surveys Mongolian foreign policy *An Annotated Bibliography of Selected Unclassified Materials Published During 1967 on Problems of Development and Internal Defense* ,1968* **National Communism** Peter Zwick,2019-03-04 According to the generally accepted view that nationalism is alien to communism and that internationalism disallows divisions based on nations the existence of national communism is often interpreted as a sign of the breakup of the world communist movement This book reexamines the evidence on the role of nations and national variations beginning with Marx and moving through Leninism and Stalinism to Titoism Maoism Castroism and current national liberation movements e g in Nicaragua Professor Zwick concludes that nationalism has always been an inherent element of communism He demonstrates with numerous concrete cases that rather than signaling the decline of communism national adaptation is the

source of its strength The limits of national variation as defined by the Brezhnev Doctrine are precisely defined and examined in the cases of Hungary Czechoslovakia and Poland The book bridges the gap between Marxist theory and communist practice with respect to the central role that nationalism will continue to play in the contemporary world No other study presents this material in a cross national comparative perspective **China: A Political History, 1917-1980** Richard C.

Thornton,2019-08-27 It is the purpose of this work to provide an integrated analytical framework that will serve as a guide to further study of the vast and complex subject of Chinese Communist politics The outpouring of materials from U S Soviet Chinese Communist and Chinese Nationalist sources in recent years has greatly enriched our fund of knowledge about China For the historian of Chinese politics the new data have provided answers to hitherto unresolved problems and raised questions about seemingly settled issues Although it is now possible to piece together the main outlines of the struggle for power in China obviously no single volume can presume to encompass all aspects of the story The China Threat Nancy Bernkopf Tucker,2012-05-01 Nancy Bernkopf Tucker confronts the coldest period of the cold war the moment in which personality American political culture public opinion and high politics came together to define the Eisenhower Administration s policy toward China A sophisticated multidimensional account based on prodigious cutting edge research this volume convincingly portrays Eisenhower s private belief that close relations between the United States and the People s Republic of China were inevitable and that careful consideration of the PRC should constitute a critical part of American diplomacy Tucker provocatively argues that the Eisenhower Administration s hostile rhetoric and tough actions toward China obscure the president s actual views Behind the scenes Eisenhower and his Secretary of State John Foster Dulles pursued a more nuanced approach one better suited to China s specific challenges and the stabilization of the global community Tucker deftly explores the contradictions between Eisenhower and his advisors public and private positions Her most powerful chapter centers on Eisenhower s recognition that rigid trade prohibitions would undermine the global postwar economic recovery and push China into a closer relationship with the Soviet Union Ultimately Tucker finds Eisenhower s strategic thinking on Europe and his fear of toxic anticommunist domestic politics constrained his leadership making a fundamental shift in U S policy toward China difficult if not impossible Consequently the president was unable to engage congress and the public effectively on China ultimately failing to realize his own high standards as a leader Diplomacy of Zhou Enlai Ronald C. Keith,1989-06-18 This book comprises a range of Chinese primary documents as well as interviews in Beijing detailing the policies principles and methods used by Zhou Enlai to sustain his practice of diplomacy as a committed revolutionary in the pursuit of China s independence and self reliance **The Soviet Union and Communist China 1945-1950: The**

Arduous Road to the Alliance Dieter Heinzig,2015-06-18 Drawing on a wealth of new sources this work documents the evolving relationship between Moscow and Peking in the twentieth century Using newly available Russian and Chinese archival documents memoirs written in the 1980s and 1990s and interviews with high ranking Soviet and Chinese

eyewitnesses the book provides the basis for a new interpretation of this relationship and a glimpse of previously unknown events that shaped the Sino Soviet alliance An appendix contains translated Chinese and Soviet documents many of which are being published for the first time The book focuses mainly on Communist China s relationship with Moscow after the conclusion of the treaty between the Soviet Union and Kuomintang China in 1945 up until the signing of the treaty between Moscow and the Chinese Communist Party in 1950 It also looks at China s relationship with Moscow from 1920 to 1945 as well as developments from 1950 to the present The author reevaluates existing sources and literature on the topic and demonstrates that the alliance was reached despite disagreements and distrust on both sides and was not an inevitable conclusion He also shows that the relationship between the two Communist parties was based on national interest politics and not on similar ideological convictions Air University Library Index to Military Periodicals ,1963
