Adult Writers on the Art of Storytelling Frederick Luis Aldama, 2018-10-26 Children's and young adult literature has become an essential medium for identity formation in contemporary Latino culture in the United States. This book is an original collection of more than thirty interviews led by Frederick Luis Aldama with Latino authors working in the genre. The conversations revolve around the conveyance of young Latino experience and what that means for the authors as they overcome societal obstacles and aesthetic complexity. The authors also speak extensively about their experiences within the publishing industry and with their audiences. As such, Aldama's collection presents an open forum to contemporary Latino writers working in a vital literary category and sheds new light on the myriad formats, distinctive nature, and cultural impact it offers.

Lessons of the Game Diane Gonzales Bertrand, 1998-10-30 Romance blossoms when student teacher Kaylene finds that the handsome Alex, a friend from her past, is a football coach at her new school, but she fears that his busy schedule will not let him spend any time with her.

There's a Name for this Feeling: Stories / Hay un nombre para lo que siento: cuentos Diane Gonzales Bertrand, 2014-05-31 In the title story, Lucinda hatches a clever plan to get her boyfriend back and is crushed when she ultimately realizes that it's impossible to force a guy to love you. Like all young people, she ignores the advice of her mom and learns that lesson and many more the hard way. In this bilingual collection of ten short stories for young people, kids deal with both serious and humorous consequences after they ignore their parents' suggestions and disobey rules. At a friend's house on New Year's Eve, Raymond plays with fireworks even though he promised his parents he wouldn't. Kids on a track team search for a mysterious naked woman with embarrassing results. And two girls in a wax museum are in for a surprise when they ignore the signs about touching the figures. These short and accessible contemporary stories are alternately amusing and poignant as they explore issues relevant to today's youth. Teens deal with everything from grandparents suffering from dementia to difficult customers at a first job. And in one story, a young girl grieves the loss of her baby, a miscarriage her mom calls a blessing. These stories highlight the emotional tailspins of living in a complicated world.

Smith, Daniel Alejandro González, 2015-11-25 While there are volumes that fall into the category of children's literature, there appears to be relatively few that explore the needs of bilingual learners and the linguistic and sociocultural context of Latino children's literature. This volume makes a needed contribution by addressing the social, cultural, academic, and linguistic needs of Latino bilingual learners who are still underserved through current school practices. We aim to conceptualize different forms of social knowledge so that they can serve as cultural resources for learning, acquiring knowledge, and transforming self and identity. This volume presents a balance of theory, research, and practice that speak to authentic multicultural Latino literature and helps ensure its availability for all students. The intended outcome of this volume then is to create a heightened awareness of the cultural and linguistic capital held by the Latino
