Sisters Little Instruction:

All Saints Sisters of the Poor Susan Mumm, 2001 Most of all the documents reveal the challenges and excitement of the struggle to establish a women's community to be unfettered in their work with the poor and suffering and to govern themselves in a world largely hostile to their aspirations **BOOK JACKET** *Mary MacKillop 1873* Sheila McCreanor, 2017-12-31 This is the sixth collection to be published It focusses on the time not long after Mary MacKillop's excommunication when she was encouraged to go to Rome to seek approval for the Rule of the Sisters of St Joseph Mary set off alone travelling incognito with little money and no knowledge of where to stay or how she would travel Her letters and her diary during 1873 show her amazing trust in the Providence of God as well as her very human feelings of loneliness her worry about the Sisters back in Australia and her delight in visiting the holy places especially St Peter's Basilica Little did Mary MacKillop dream that in 2010 thousands would gather in St Peter's Square to see her photo hanging from the Basilica as she was proclaimed a Saint by Pope Benedict XVI **A Little-sister** Bp. names of Teresa of Avila, Therese of Lisieux and Edith Stein attest. Behind these great Carmelites stood communities of women who developed discourses on their relationship with God and their identity as a spiritual elite in the church and society. This book looks at these discourses as formulated by Carmelites in the Netherlands from their arrival there in 1872 up to the recent past, providing an in-depth case study of the spiritualities of modern women contemplatives. The female religious life was a transnational phenomenon and the book draws on sources and scholarship in English, Dutch, French and German to provide insights on gendered spirituality, memory and the post-conciliar renewal of the religious life.

Cases of Conscience; Or, Lessons in Morals ... Extracted from the Moral Theology of the Romish Clergy Pascal (the Younger, pseud. [i.e. Pierce Connelly.]), 1851 **Cases of conscience; or, Lessons in morals: for the use of the laity, by Pascal the younger** Pierce Connelly, 1851 *Cases of Conscience; or, lessons in morals: for the use of the laity; extracted from the moral theology of the Romish Clergy, by Pascal, the Younger*, 1851 *The Miraculous Medal* Jean Marie Aladel, 2019-12-05

In *The Miraculous Medal* Jean Marie Aladel explores the profound spiritual significance of the medal that bears the image of the Virgin Mary as conceived by Saint Catherine Labour in 1830. This work intricately weaves historical context with theological reflection, showcasing Aladel's skillful prose that oscillates between narrative and contemplative style. Rich in detail, the text delves into the miracles attributed to the medal, shedding light on its role as a beacon of faith during turbulent times in French history. Rooted in the Catholic tradition, the book invites readers into a dialogue with the divine, elevating the significance of what is often regarded merely as a religious artifact into a symbol of hope and salvation. Jean Marie Aladel, a priest and devout advocate of the Marian devotion, was deeply influenced by the events surrounding the apparition of the Virgin Mary to Labour. His theological background and pastoral experiences led him to write this book as both an apology for the faith and a guiding manual for those yearning for deeper spiritual connections. Aladel's dedication to Marian devotion and his scholarly insights illuminate the transformative power of faith and the miraculous dimensions of everyday life. This remarkable volume is a must-read for anyone seeking to deepen their understanding of Marian theology or the miraculous workings of faith in contemporary life. Aladel's poignant reflections and historical insights not only serve as an invitation to explore the depths of one's own spirituality but also encourage believers to embrace the grace and protection offered by the Miraculous Medal.
