Situated Fathering:

Situated Fathering William Marsiglio, Kevin Roy, Greer Litton Fox, 2005-07-28 Situated Fathering proposes a new theoretical framework for studying how various contingencies of physical space in conjunction with social symbolic issues affect men's identities as fathers and their involvement with children. Written largely for family scholars and students by an interdisciplinary team of leading scholars, this distinct volume of original research explores fathers in a wide range of physical and social spaces. Contributors outline directions for theoretically guided research in specific often gendered fathering sites.

Handbook of Marriage and the Family Gary W. Peterson, Kevin R. Bush, 2012-09-14 The third edition of *Handbook of Marriage and the Family* describes, analyzes, synthesizes, and critiques the current research and theory about family relationships, family structural variations, and the role of families in society. This updated *Handbook* provides the most comprehensive state-of-the-art assessment of the existing knowledge of family life with particular attention to variations due to gender, socioeconomic, race, ethnic, cultural, and life style diversity. The *Handbook* also aims to provide the best synthesis of our existing scholarship on families that will be a primary source for scholars and professionals but also serve as the primary graduate text for graduate courses on family relationships and the roles of families in society. In addition, the involvement of chapter authors from a variety of fields including family psychology, family sociology, child development, family studies, public health, and family therapy gives the *Handbook* a multidisciplinary and interdisciplinary framework.

Parenting Plan Evaluations Leslie Drozd, Michael Saini, Nancy Olesen, 2016 *Parenting Plan Evaluations* has become the go-to source for the most current empirical evidence in the field of child custody disputes. Fully updated in this Second Edition, the volume continues its focus on translating and implementing research associated with the most important topics within the family court. It presents an organized and in-depth analysis of the latest research and offers specific recommendations for applying these findings to the issues in child custody disputes.

Intimate Fatherhood Esther Dermott, 2014-06-11 Fatherhood is gaining ever more public and political attention, stimulated by the increasing prominence of fathers' rights groups and the introduction of social policies such as paternity leave. *Intimate Fatherhood* explores discourses of contemporary fatherhood, men's parenting behaviour, and debates about fathers' rights and responsibilities. The book addresses the extent to which fatherhood has changed by examining key dichotomies: culture versus conduct, involved versus uninvolved, and public versus private. The book also looks at longstanding conundrums such as the apparent discrepancy between fathers' acceptance of long hours spent in paid work combined with a preference for involved fathering. Dermott maintains that our current view of good fatherhood is related to new ideas of intimacy. She argues that in order to understand contemporary fatherhood, we must recognise the centrality of the emotional father-child relationship, that the importance of breadwinning has been overstated, and that flexible involvement is viewed as more important than the amount of time spent in childcare. Drawing on original qualitative interviews and large-scale quantitative research, *Intimate Fatherhood* presents a sociological analysis of

contemporary fatherhood in Britain by exploring our ideas of good fatherhood in relation to time use finance emotion motherhood and policy debates This book will interest students academics and researchers in sociology gender studies and social policy

Fatherhood in Late Modernity Mechtild Oechsle,Ursula Müller,Sabine Hess,2012-08-09 Changes in Fatherhood How do structural changes in the welfare state in gender relations and work affect concepts and realities of fatherhood The authors analyse cultural images and representations of fatherhood varieties of fatherhood in relation to social backgrounds organisational influences as well as the impact of political and legal interventions on configurations of fatherhood With an interdisciplinary approach this book's contributions investigate the sometimes contradictory relationship between cultural representations and social practices of fatherhood They contextualise diverse fatherhoods in various social backgrounds ethnicities ages and different national contexts Reflecting methodological challenges is crucial to the volume's approach Which parameters are used to quantify change Which links and interactions between cultural individual organizational and societal dimensions do exist regarding the development of new social configurations of fatherhood How can the complex interaction between structural constraints and agency be analysed Can certain agents of change be identified How can social change be conceptualized This volume links to international comparative research and shows how fruitful it can be to break disciplinary boundaries

Parental Life Courses after Separation and Divorce in Europe Michaela Kreyenfeld, Heike Trappe, 2020-06-02 This open access book assembles landmark studies on divorce and separation in European countries and how this affects the life of parents and children It focuses on four major areas of post separation lives namely 1 economic conditions 2 parent child relationships 3 parent and child well being and 4 health Through studies from several European countries the book showcases how legal regulations and social policies influence parental and child well being after divorce and separation It also illustrates how social policies are interwoven with the normative fabric of a country For example it is shown that father child contact after separation is more intense in those countries which have adopted policies that encourage shared parenting Correspondingly countries that have adopted these regulations are at the forefront of more egalitarian gender role attitudes Apart from a strong emphasis on the legal and social policy context the studies in this volume adopt a longitudinal perspective and situate post separation behaviour and well being in the life course The longitudinal perspective opens up new avenues for research to understand how behaviour and conditions prior or at divorce and separation affect later behaviour and well being As such this book is of special appeal to scholars of family research as well as to anyone interested in the role of divorce and separation in Europe in the 21st century

Family and Space Maya Halatcheva-Trapp, Giulia Montanari, Tino Schlinzig, 2019-03-26 While the spatial turn within the social sciences has already nurtured a broad discussion of the relation between society and space little attention has so far been paid to the question of what we can learn about families when exploring space in its different facets This book brings together international authors from the fields of sociology human geography and anthropology to support

the development of space sensitive and de territorialised perspectives on the family that reach beyond classical concepts such as the household or the nuclear family With close attention to the implications of differing relations to space for the social fabric of families it presents studies of theoretical methodological and empirical aspects of late modern family life Examining the meaning of absence and presence for parenting the aesthetic and sensual dimensions of everyday family life and its digital and media related features aspects Family and Space considers the value of a range of approaches to researching the spatial elements of family life including ethnographic accounts interviews group discussions mobile methods and network analyses

The Best Kept Secret Roberta L. Coles, 2009-03-16 The Best Kept Secret studies the often overlooked group of single African American custodial fathers Filled with dynamic interviews and intriguing case studies the author draws on qualitative research to paint a nuanced picture of the parenting experiences of these fathers

Nurturing Dads William Marsiglio, Kevin Roy, 2012-01-01 American fathers are a highly diverse group but the breadwinning live in biological dad prevails as the fatherhood ideal Consequently policymakers continue to emphasize marriage and residency over initiatives that might help foster healthy father child relationships and creative co parenting regardless of marital or residential status In Nurturing Dads William Marsiglio and Kevin Roy explore the ways new initiatives can address the social cultural and economic challenges men face in contemporary families and foster more meaningful engagement between many different kinds of fathers and their children What makes a good father The firsthand accounts in Nurturing Dads show that the answer to this question varies widely and in ways that counter the mainstream provide and reside model of fatherhood Marsiglio and Roy document the personal experiences of more than 300 men from a wide range of socioeconomic backgrounds and diverse settings including fathers to be young adult fathers middle class dads stepfathers men with multiple children in separate families and fathers in correctional facilities They find that most dads express the desire to have strong close relationships with their children and to develop the nurturing skills to maintain these bonds But they also find that disadvantaged fathers including young dads and those in constrained financial and personal circumstances confront myriad structural obstacles such as poverty inadequate education and poor job opportunities Nurturing Dads asserts that society should help fathers become more committed and attentive caregivers and that federal and state agencies work sites grassroots advocacy groups and the media all have roles to play Recent efforts to introduce state initiated paternity leave should be coupled with social programs that encourage fathers to develop unconditional commitments to children to co parent with mothers to establish partnerships with their children s other caregivers and to develop parenting skills and resources before becoming fathers via activities like volunteering and mentoring kids Ultimately Marsiglio and Roy argue such combined strategies would not only change the policy landscape to promote engaged fathering but also change the cultural landscape to view nurturance as a fundamental aspect of good fathering Care is a human experience not just a woman s responsibility and this core idea behind Nurturing Dads holds important implications for how society supports its

families and defines manhood The book promotes the progressive notion that fathers should provide more than financial support and in the process bring about a better start in life for their children A Volume in the American Sociological Association's Rose Series in Sociology
