Six Existential Thinkers:

Six Existential Thinkers Harold John Blackham, 1952 Søren Kierkegaard Friedrich Nietzsche Karl Jaspers Gabriel Marcel Martin Heidegger Jean Paul Sartre **Six Existential Thinkers** Harold John Blackham, 2012-11-12 Includes summary but substantial accounts of the thought of Kierkegaard Nietzsche Jaspers Marcel Heidegger and Sartre and a concluding essay that attempts to interpret the whole Existentialist movement **Six Existential Thinkers. (Søren Kierkegaard. - Friedrich Nietzsche. - Karl Jaspers. - Gabriel Marcel. - Martin Heidegger. - Jean-Paul Sartre.).** Harold John Blackham, 1951 *Six Existential Thinkers* Harold John Blackham, 1961 *Six Existential Thinkers*, by H. J. Blackham H. J. Blackham, 1956 *Six Existential Thinkers. (With an Enlarged Bibliography.).* Harold John BLACKHAM, 1961 **Existential Theology** Hue Woodson, 2020-09-29 Existential Theology An Introduction offers a formalized and comprehensive examination of the field of existential theology in order to distinguish it as a unique field of study and view it as a measured synthesis of the concerns of Christian existentialism Christian humanism and Christian philosophy with the preoccupations of proper existentialism and a series of unfolding themes from Augustine to Kierkegaard To do this Existential Theology attends to the field through the exploration of genres the European traditions in French Russian and German schools of thought counter traditions in liberation feminist and womanist approaches and postmodern traditions located in anthropological political and ethical approaches While the cultural contexts inform how each of the selected philosopher theologians present genres of existential theology other unique genres are examined in theoretical and philosophical contexts particularly through a selected set of theologians philosophers thinkers and theorists that are not generally categorized theologically By assessing existential theology through how it manifests itself in genres this book brings together lesser known figures well known thinkers and figures that are not generally viewed as existential theologians to form a focused understanding of the question of the meaning of existential theology and what existential theology looks like in its varying forms **The Two Horizons** Anthony C. Thiselton, 1980 Muriel Spark, Existentialism and The Art of Death Cairns Craig, 2019-02-20 Proposes that Christian existentialism and in particular the work of Søren Kierkegaard helped shape Spark's religious commitments and her artistic innovations Because of the prominence after the Second World War of the atheistic existentialism of Jean Paul Sartre it is often forgotten that existentialism was originally a Christian philosophy shaped by followers of Kierkegaard such as Karl Jaspers and Gabriel Marcel The author traces in Spark's writings both the influence of Kierkegaard and of Spark's resistance to Sartre's co-option of existentialism to an atheistic agenda Kierkegaard's analysis of the nature of the aesthetic as a false mode of existence that has to be transcended by the ethical and then by the religious provides a fundamental structure for Spark's satirical analyses of the failings of the modern world The Bloomsbury Companion to Existentialism Felicity Joseph, Jack Reynolds, Ashley Woodward, 2014-09-25 The Bloomsbury Companion to Existentialism is the definitive guide to this key area of modern European philosophy Now available in

paperback the book covers the fundamental questions asked by existentialism providing valuable guidance for students and researchers to some of the many important and enduring contributions of existentialist thinkers Chapters from an international team of experts explore existentialism's relationship to philosophical method ontology politics psychoanalysis ethics religion literature emotion feminism and sexuality emotions authenticity and the self its significance in Latin American culture and its contribution to the development of post structuralism and cognitive science In addition five short chapters summarize the status of canonical figures Kierkegaard Nietzsche Heidegger Sartre and de Beauvoir delineating the historical approach to their work while pointing to new directions contemporary research is now taking Featuring a series of indispensable research tools such as an A to Z glossary a timeline of key events texts and thinkers in existentialism a list of resources and an annotated guide to further reading this Companion is an essential resource to help the new reader navigate through the heart of Existentialism and modern European philosophy **Six Existential Thinkers** H. J. Blackham, 1952

Heidegger Thomas Sheehan, 2017-07-12 Many people consider Martin Heidegger the most important German philosopher of the twentieth century He is indisputably controversial and influential Although much has been written about Heidegger this may be the best single volume covering his life career and thought For all its breadth and complexity Heidegger's perspective is quite simple he is concerned with the meaning of Being as disclosure Heidegger's life was almost as simple He was a German professor except for a brief but significant period in which he supported the Nazi regime While that departure from philosophy continues to haunt his name and work one must question whether his thought from 1912 to 1976 should be measured by the yardstick of his politics from May 1933 through February 1934 This anthology addresses his complex but simple thought and his simple but complex life In a real sense Sheehan claims there is no content to Heidegger's topic and legacy only a method But method must not be taken to mean a technique or procedure for philosophical thinking Rather the topic of Heidegger's thought and his pursuit of that topic the what and the how are one and the same thing Heidegger writes *Alles ist Weg* Everything is way and man's Being is to be on the way in essential movement Heidegger argues in our essence we humans are the topic and the point is not to be led there so much as to come to know what we already know and to become what we already are This brilliant collection confirms this truism and is an excellent introduction to the work of this seminal thinker Selected Letters Nicholas Hagger, 2021-10-29 Nicholas Hagger's literary philosophical historical and political writings are innovative He has set out a new approach to literature that combines Romantic and Classical outlooks in a substantial literary oeuvre of 2 000 poems including over 300 classical odes two poetic epics five verse plays three masques two travelogues and 1 200 stories He has created a new philosophy of Universalism that focuses on the unity of the universe and humankind and the interconnectedness of all disciplines and challenges modern philosophy He has presented an original historical view of the rise and fall of civilisations and proposed and detailed a limited democratic World State with the power to abolish war and solve all the world's problems *Selected Letters* draws together

those of his letters written over 60 years that aid the interpretation and elucidation of his works Many of his correspondents are well known figures within literature philosophy history and international politics and Hagger is in the footsteps of Alexander Pope in editing his own letters which are in the tradition of Pope Wordsworth Keats T E Lawrence Ezra Pound and Ted Hughes one of his correspondents They throw light on all aspects of Hagger s vast output and are required reading for all interested in following the growth of his Universalism his literary development and his innovatory approach to universal truth

NICHOLAS HAGGER is a poet man of letters cultural historian and philosopher He has lectured at universities in Iraq Libya and Japan where he was a Professor of English Literature He has written 54 books These include an immense literary offering most recently *King Charles the Wise* and *Visions of England* both also published by O Books and innovatory works within history philosophy and international politics and statecraft His archive of papers and manuscripts is held as a Special Collection in the Albert Sloman Library at the University of Essex In 2016 he was awarded the Gusi Peace Prize for Literature and in 2019 the BRICS silver medal for Vision for Future

The Existentialists Charles Guignon, 2004-10-26 This volume brings together for the first time some of the most helpful and insightful essays on the four most influential and discussed philosophers in the history of existentialism Kierkegaard Nietzsche Heidegger and Sartre The contributors write on such topics as Kierkegaard s knight of faith and his diagnosis of the present age Nietzsche s view of morality and self creation Heidegger s accounts of worldhood and authenticity and Sartre s ontology ethics and conception of the cogito The essays have been selected for their higher level of scholarship and for their ability to illuminate various aspects of their subject s work The volume is enhanced by the editor s introduction and extensive bibliography to aid further study

Time in the Philosophy of Gabriel Marcel Helen Tattam, 2013 Gabriel Marcel 1889 1973 stands outside the traditional canon of twentieth century French philosophers Where he is not simply forgotten or overlooked he is dismissed as a relentlessly unsystematic thinker or following Jean Paul Sartre s lead labelled a Christian existentialist a label that avoids consideration of Marcel s work on its own terms How is one to appreciate Marcel s contribution especially when his oeuvre appears to be at odds with philosophical convention Helen Tattam proposes a range of readings as opposed to one single interpretation a series of departures or explorations that bring his work into contact with critical partners such as Henri Bergson Paul Ricoeur and Emmanuel Levinas and offer insights into a host of twentieth century philosophical shifts concerning time the subject the other ethics and religion Helen Tattam s ambitious study is an impressively lucid account of Marcel s engagement with the problem of time and lived experience and is her first monograph since the award of her doctorate from the University of Nottingham

Modern Political Theory Varma S.P., 1975 *Modern Political Theory* critically examines the contemporary state of political theory making an assessment of the achievements and limitations of the Behavioural Revolution in its totality and reviews objectively the major paradigms and conceptual frameworks adopted by the discipline The salient features of the contending conceptual models elaborated by leading scholars operating from separate locations

and disparate premises have been highlighted and intellectual inter linkages in their works have been traced The book has 3 parts Part I comprises the scope of political science as a discipline Part II deals with the tools and techniques of political analysis Part III delineates mainstreams of contemporary political thought

With All Your Mind Michael L. Peterson, 2001-10-29 With All Your Mind makes a compelling case for the value of thinking deeply about education in America from a historically orthodox and broadly ecumenical Christian point of view Few people dispute that education in America is in a state of crisis But not many have posed workable solutions to this serious problem Michael Peterson contends that thinking philosophically about education is our only hope for meaningful progress In this refreshing book he invites all who are concerned about education in America to participate in his study which analyzes representative theories and practical strategies that reveal the power of Christian ideas in this vital area

Modern Movements in European Philosophy Richard Kearney, 1995-01-15 In this now classic textbook Richard Kearney surveys the work of nineteen of this century's most influential European thinkers The second edition has a new chapter devoted to Julia Kristeva whose work in the fields of semiotics and psychoanalytic theory has made a significant contribution to recent continental thought

Icons of Unbelief S. T. Joshi, 2008-10-30 Discusses the ideas and impact of 27 atheists agnostics and secularists whose ideas have shaped society over the last 200 years In the opinion of many critics and philosophers we are entering an age of atheism marked by the waning of Christian fundamentalism and the flourishing of secular thought Through alphabetically arranged entries written by expert contributors this book profiles 27 iconic figures of unbelief whose ideas have shaped American society over the last 200 years Included are entries on influential figures of the past such as Albert Einstein and Voltaire as well as on such contemporary figures as Richard Dawkins and Sam Harris Each entry discusses the ideas and lasting significance of each person or group provides sidebars of interesting information and illuminating quotations and cites works for further reading The volume closes with a selected general bibliography Students in social studies and history classes will welcome this reference as a guide to the ideas central to the American separation of Church and State and to many of the political debates at the heart of society today Each entry discusses the ideas and lasting significance of the person or group provides sidebars of interesting information and quotations and closes with a list of works for further reading The volume ends with a selected general bibliography Students in history and social studies classes will welcome this reference as a guide to the American separation of Church and State and to the ideas central to contemporary political debates

Kierkegaard's International Reception Jon Stewart, Jon Bartley Stewart, 2009 Although Kierkegaard's reception was initially more or less limited to Scandinavia it has for a long time now been a highly international affair As his writings were translated into different languages his reputation spread and he became read more and more by people increasingly distant from his native Denmark While in Scandinavia the attack on the Church in the last years of his life became something of a cause célèbre later many different aspects of his work became the object of serious scholarly investigation well beyond the

original northern borders As his reputation grew he was co opted by a number of different philosophical and religious movements in different contexts throughout the world The three tomes of this volume attempt to record the history of this reception according to national and linguistic categories Tome II covers the reception of Kierkegaard in Southern Central and Eastern Europe The first set of articles under the rubric Southern Europe covers Portugal Spain and Italy A number of common features were shared in these countries reception of Kierkegaard including a Catholic cultural context and a debt to the French reception The next rubric covers the rather heterogeneous group of countries designated here as Central Europe Hungary the Czech Republic Slovakia and Poland These countries are loosely bound in a cultural sense by their former affiliation with the Habsburg Empire and in a religious sense by their shared Catholicism Finally the Orthodox countries of Eastern Europe are represented with articles on Russia Bulgaria Serbia and Montenegro Macedonia and Romania

When somebody should go to the books stores, search instigation by shop, shelf by shelf, it is truly problematic. This is why we allow the books compilations in this website. It will definitely ease you to see guide **Six Existentialist Thinkers** as you such as.
