 Canadian telecasts in September 1952 TV had conquered the country Why was the little screen so enthusiastically welcomed
 by Canadians Was television in its early years more innovative less commerical and more Canadian than current than current
 offerings In this study of what is often called the golden age of television Paul Rutherford has set out to dispel some
 cherished myths and to resurrect the memory of a noble experiment in the making of Canadian culture He focuses on three
 key aspects of the story The first is the development of the national service including the critical acclaim won by Radio
 Canada the struggles of the CBC s English service to provide mass entertainment that could compete with the Hollywood
 product and the effective challenge of private television to the whole dream of public broadcasting The second deals with the
 wealth of made in Canada programming available to please and inform vviewers even commercials receive close attention
 Altogether Rutherford argues Canadian programming reflected as well as enhanced the prevailing values and assumptions of
 the mainstream The final focus is on McLuhan s Question What happens to society when a new medium of communications
 enters the picture Rutherford s findings cast doubt upon the common presumptions about the awesome power of television
 Television in Canada Rutherford concludes amounts to a failed revolution It never realized the ambbbitions of its masters or
 the fears of its critics Its course was shaped not only by the will of the government the power of commerce and the empire of
 Hollywood but also by the desires and habits of the viewers Writing Between the Lines Agnes Whitfield,2006 The essays
 in Writing between the Lines explore the lives of twelve of Canada s most eminent anglophone literary translators and delve
 into how these individuals have contributed to the valuable process of literary exchange between francophone and
 anglophone literatures in Canada Containing original detailed biographical and bibliographical material Writing between the
 Lines offers many new insights into the literary translation process and the diverse roles of the translator as social agent The
