Rethinking Religion in the Theatre of Grotowski Catharine Christof,2017-03-27 This book opens a new interdisciplinary frontier between religion and theatre studies to illuminate what has been seen as the religious or spiritual nature of Polish theatre director Jerzy Grotowski s work It corrects the lacunae in both theatre studies and religious studies by examining the interaction between the two fields in his artistic output The central argument of the text is that through an embodied and materialist approach to religion developed in the work of Michel Foucault and religious studies scholar Manuel Vasquez as well as a critical reading of the concepts of the New Age a new understanding of Grotowski and religion can be developed It is possible to show how Grotowski s work articulated spiritual experience within the body achieving a removal of spirituality from ecclesial authorities and relocating spiritual experience within the body of the performer This is a unique analysis of one of the 20th Century s most famous theatrical figures As such it is a vital reference for academics in both Religion and Theatre Studies that have an interest in the spiritual aspects of Grotowski s work     *Sports Injuries Sourcebook* Heather E.
